

# ...Short Sidehead Stories...

TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

**Football Game Tomorrow**—The Barclay High School of this city, and Mt. Angel College football teams will play a game on the Willamette Falls grounds in this city Saturday afternoon. These are two of the best junior teams in the state and the contest promises to be an interesting exhibition.

**Mis-Mated Couples Uncoupled**—Last Saturday Judge McBride granted decrees of divorce in the following suits: B. S. Prather vs. Jettie Prather; Anna E. Whittington vs. C. B. Whittington; Grace I. Peterson vs. Edwin A. Peterson; T. N. McKnight vs. Isabelle McKnight; James Gilbreath vs. Nellie Gilbreath.

**More Trout for Milk Creek**—Representative C. G. Huntley and Dee Wright obtained from Superintendent Wisner of the Government hatchery near this city, several thousand mountain trout which were planted Saturday in Milk Creek and the different tributaries of that stream in the interior of the county. In this way it is proposed to replenish the streams of the county with this species of the trout family which has been quite thoroughly fished out in recent years.

**In the Divorce Court**—Two divorce decrees were rendered by Judge McBride Friday, as follows: Freida VanCuren vs. Charles VanCuren and Theodore M. Geer vs. Minnie P. Geer. In both cases the custody of three minor children was awarded the plaintiffs. In a suit for divorce, Mary Hockinson, who was married to Albert Hockinson at Vancouver in 1886, charges defendant with threatening to kill her and driving her from her home more than a year ago. Plaintiff asks for the custody of two minor children.

**Change in Postoffice Hours**—Beginning last Monday the general delivery window at the Oregon City Post Office closes at 6:30 instead of 7 p. m. as formerly. This change comes simultaneously with the change in time of the Southbound Eugene Local which now reaches this city at 5:04 p. m., meeting the Northbound California overland at this point. The change in the time of this train gives the post office force ample time to make a distribution of all mails and conclude its day's work in time to suspend operations thirty minutes earlier than previously.

**Milwaukie's Finances**—At the last meeting of the Milwaukie Council, Mayor William Schindler read the following financial report for the closing year: Income from all sources, \$1419.42; disbursements, \$481.18; expenses, two lots for city hall \$250, total \$731.18; balance in the treasury, November 6, \$688.24. A considerable portion of the expense went for fire apparatus and an appropriation for street repairs. Probably the city buildings will be erected during the next fiscal year, which will begin December, 1905. At that time there will be a new set of officers, except the Mayor and one Councilman, who held over.—Oregonian.

**Lost Man Found**—Peter Nydstrom, of Gates, Oregon, who wandered away in the mountains on the 25th of October, has returned to his home. Nydstrom has suffered severely during his long exposure to

the cold while roaming aimlessly about for days completely lost, having in some way become turned around, depriving him of all knowledge as to his surroundings. He was discovered by some hunters near the headwaters of the Clackamas river, who directed him to his home in Gates. The relatives of the wanderer had given him up for lost, thinking he had met his death in some way and his return was greeted with great surprise and delight.—Silverton Appeal.

**Mrs. Cooke's Presence of Mind**—Estacada came near experiencing its first robbery last week. Late Friday evening a well-dressed man, a stranger in town, called at Allen Cooke's house and told Mrs. Cooke that her husband had sent him over for his money sack. Mrs. Cooke, who was alone, told him that the sack was at the depot, and the fellow left. Mrs. Cooke suspected something wrong, and hurried to the depot before he had time to get there. Mr. Cooke had been called to Cazadero, and had not returned. The would-be thief did not show himself again and has not been seen here since. The incident gave several others quite a scare. A woman's presence of mind averted a robbery.—Estacada News.

**Guilty of Simple Assault**—After being out all night the jury in the case of State against J. M. Olds, charged with assault with a dangerous weapon, to wit, a rolling pin, Friday morning returned a verdict of guilty of assault. Mr. Olds, who is 72 years of age, will be sentenced next Wednesday. The complaining witness in the case is Charles Reese, Olds' son-in-law, and the trouble over which the assault resulted from a dispute as to the ownership of a stove. All night the jury stood 11 to 1 for conviction and the obstinate juror subscribed to a verdict of assault only after his colleagues agreed to recommend the gray haired defendant to the mercy of the court. A civil suit for about \$500 damages brought against Olds by Reese is still pending.

**A Fine Sprinter**—While returning to his home Saturday night, Deputy County Recorder C. E. Ramsby frustrated an attempted hold-up on upper Seventh street by calling to a friend, Lawrence Ruconich, from whom he had separated less than a block distant. Finding himself confronted by two men at a shaded place near Horton's store, Ramsby, hurriedly retraced his steps and being joined by Ruconich started in pursuit of the would-be robbers, who, having advantage of a few minutes start, soon disappeared in the darkness. Ramsby has never boasted of his fleetness of foot or his eligibility to a membership on a university track team, but it is reliably reported that he made 100 yards Saturday evening in something less than 9 3/4 seconds.

**Where There's A Will There's A Way**—A dispatch to the Portland Journal from Gresham, says: Fourteen women, attired in kitchen garb, paint bucket and brush in hand lined up along the front fence of the Methodist parsonage yesterday afternoon from 1 to 5 o'clock. When they disbanded a new coat of fresh white paint was on the fence. These women were members of the Ladies' Aid Society of the Methodist church and they were not masquerading, but were simply painting the new fence because there was no money in the treasury to pay for having it done. During the incumbency of Rev. Mr. Gregory the fence was built and that and other improvements exhausted the ready money. At a meeting of the society it was proposed that the women do their own painting and the result is very satisfactory.

**Son Versus Father**—Son was arraigned against father in a civil suit in the circuit court here Friday, the case being entitled Wm. Mueller against Franklin E. Mueller. After being out all night the jury returned a verdict of disagreement and was discharged. Young Mueller sued to recover \$550 in money that he claimed to have loaned his father and for the further sum of \$250 alleged to be due for labor performed. The son represented that at the instance and with permission of his father he left home and while still a minor and during two years' absence earned and saved \$550, which, upon his return home, he gave to his father as a loan with the understanding that it was to be returned upon the son's application. After attaining his majority the son alleges that he worked on his father's farm, earning at current wages paid for farm labor the further sum of \$250 for all of which he asked for judgment. The case will be re-tried at this term of court.

**The Ten Commandments**—At the Congregational Church last Sunday night the pastor, Rev. E. S. Bollinger, spoke on "The Commandments of the Mighty Dollar." The following were given as the commandments that have superseded the fundamental law of Moses: "1. Thou shalt have no other interests before me; 2. Thou shalt not make anything without my image upon it; 3. Thou shalt not vainly use my name; 4. Thou shalt not observe any day so as to destroy my claim upon man or beast; 5. Honor thy father and thy mother when they accumulate me so that their days may be free from toil; 6. Thou shalt not kill any money-maker; 7. Thou shalt not steal so as to be found out; 8. Thou shalt not commit adultery with righteousness; 9. Thou shalt not bear false witness against me; 10. Thou shalt not covet anything thou canst not secure through men." The discussion of this topic will be concluded Sunday evening.

**Circle Elects Officers**—Sola Circle, Women of Woodcraft, held its semi-annual election of officers in Woodmen Hall Friday evening, with the following result: Amelia Martin, past guardian; Jennie Betzel, guardian neighbor; Nora Larkins, advisor; Carrie N. Parker,

## THE LIVER QUARANTINE

Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness. In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, depression, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Two sizes, 25c and 75c. All druggists.

**Charman & Co., City Drug Store**  
clerk; Rachel Scripture, banker; Rosina Fouts, magician; May Seeley, attendant; Christina Barber, inner sentinel; S. P. Scripture, outer sentinel; Laura Walker, captain of guards; Eva Frost and May Waldron, managers; Sally Gault, musician. Installation will be held at the first meeting in January.

**Olsen Lost His Trousers**—Until last Thursday evening, perhaps, Otto F. Olsen, superintendent of the Portland General Electric Company's power station in this city, never realized what a very great convenience it is to possess an extra pair of trousers. While working in the company's station a short circuit was formed and in consequence Mr. Olsen suffered the loss of his mustache and eyebrows besides having his face slightly burned. When he had recovered from his fright, his surprise upon finding himself minus a pair of trousers can be imagined. The pants had become ignited by the electric blaze and were entirely burned from his person. Hastily supplying the missing garment with another from his wardrobe, Mr. Olsen came down town to have treated his injuries which were found to be not at all serious. This is the first accident of any kind that has taken place at the electric company's station in this city in a number of years.

**Mixsell-Blodgett Nuptials**—The marriage of Miss Eleanor Blodgett to Rev. Frank H. Mixsell was celebrated Tuesday evening, November 7, at the home of the bride's brother-in-law and sister, Mr. and Mrs. H. R. Hughes, 1409 East Marion street, some fifty friends being guests. The ceremony was performed at 7:30 o'clock by the Rev. John M. Dean, assisted by the Rev. Wallace H. Lee. There were but two attendants, the bride's younger sister, Miss Emma Blodgett, serving as maid of honor, and Rev. Samuel K. Kirkwood, of this city, a former friend of the groom when both were students in McCormick Seminary, Chicago, as best man. The decorations of autumn leaves, green vines and chrysanthemums were arranged by the young women of the K. T. T. Sorority, of the University of Washington, of which the bride was a member. These young ladies also assisted Mrs. Hughes in entertaining the guests. The bride, who had the distinction of being the first woman to be chosen a member of the interstate debating team, won attention at the time of the contest between Idaho and Washington. Since her graduation she has been assistant principal of the South Bend schools. The groom is a graduate of the Allegheny College in Pennsylvania and is a member of the Phi Gamma Delta Fraternity. He was graduated from McCormick Seminary five years ago and since that time has been actively engaged in the ministry. Rev. and Mrs. Mixsell left Tuesday evening for the groom's home in Pennsylvania. They will spend two months in travel through the Eastern states and will be at home in Tacoma, after January 1.—Seattle Times, November 10.

**A Perplexed Poet.**

An Indiana poet recently sent a poem, accompanied by the following note, to the editor of a magazine: "Dear Sir:—I have written these lines for your consideration." Instead of getting the ordinary rejection slip he received this reply: "Why?" He is still wondering whether he ought to explain or not.

**DR. FINN'S TESTIMONY. INTERESTING.**

Dr. Thomas Finn, of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment for kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. At Huntley Bros. Co.

**NEW FORM OF MONEY ORDER.**

A new form of postoffice money order has been adopted by the postoffice department, a description of which follows: On the left hand of the new order is a column of figures commencing at \$1.00 and running in fives to \$100. The clerk at the issuing office will tear this out so that it will show the number next higher than the one for which the order is issued. This change in itself is an important one, as it will prevent the raising of the

# Rich Cut Glass

THERE is glass and glass and many stores make no distinction between factory made and genuine hand cut. Manufacturers who desire to turn out Glassware by the carload have hit upon the device of making pressed glass imitate real cut glass by doing a little superficial cutting on the surface. This is not Cut Glass---not genuine hand wrought art ware.

We call particular attention to our Libbey Cut Glass

It is of the purest, clearest color. The workmanship is artistic and thorough and the designs exclusive and beautiful. Every piece has Libbey's name engraved on it. This is a guarantee of being genuinely hand cut and polished in every particular.

We have a large stock of this ware together with several other makes all of the latest cuttings and newest patterns and at attractive prices.

# Burmeister & Andresen

Suspension Bridge Corner.

amount of the order above the amount indicated in the columns of figures. With the old orders the figures could be erased and others substituted. Even if an order of this sort could not be cashed, it might be passed on an unsuspecting merchant. Another radical change in the order is that the address of the person to whom the order is made out is to be placed on the order as well as his name. On the old orders the name of the remitter did not appear, but this will be included on the order.

## DAANGER IN DELAY.

Prompt Action Must Be Taken to Preserve Health.

Kidney troubles are dangerous because they creep on so stealthily that they get a firm grip on the victim before he is aware of it. They manifest themselves in such varied forms that they are easily mistaken for other diseases. Make no mistake. Do not delay. Treat the kidney now. The kidneys are sick and will not get well unless you use a kidney medicine. Doan's Kidney Pills is the certain safe and prompt remedy for the kidneys only. G. S. Cooper, farmer, living three miles northeast of Salem, Oregon, on the Garden road, says: "I have often lifted heavy weights, but have since regretted having done so, as the result was that I strained my back and ever after had more or less trouble from dull aching pains across my loins and other symptoms of kidney complaint. In some way Doan's Kidney Pills were brought to my notice and the first time I went to town I dropped into a drug store and inquired about them. I was told they were highly recommended and advised to give them a trial. I did so. And while I did not follow the treatment as regularly as I should have done, being a poor hand to take any kind of medicine, the benefit I derived from their use stamps them as a remedy which acts fully up to the representations made for it." Plenty more proof like this from Oregon City people. Call at C. G. Huntley's drug store and ask what his customers report. For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name, Doan's, and take no other.

## As A Matter of Economy.

"Why do you print so many dialect stories in your magazine? Well, I'll be honest with you. We do it to save the cost of hiring proof readers."

## BUCKEYE SPICES AND BAKING POWDER

The following are only a few of the prominent people of Oregon City and Willamette who have used the BUCKEYE EXTRACTS for over two years with perfect satisfaction. They say that they last longer and give a better flavor than any brand they ever used. They are true to their name and retain their strength in baking and freezing.
