A horticulturist of Maryland has, after several years experimenting, discovered a way to revive old fruit trees and keep them in bearing condition long after their supposed stage of usefulness has passed. As the cause of decay in a tree is its inability to carry the sap to all of its branches, heading the tree lessens the area to be traversed, the amount of top to be removed varying—according to the farmer's judgment. fertilizer, the one in the autumn and the other in the spring. It is necessary to introduce the bone dust through holes in the ground near the roots of the tree, while the ashes may be sprinkled over the top surface of the earth. The ashes leach and will not wash down. A question naturally arises as to how far from the body of the tree the holes for the fertilizer must run. The scientist says you must tie a cord about the body of the tree so loosely, that it will turn freely, leaving one free end. With this loose end, describe a circle six or eight feet from the bole of the tree. Lengthen the line for each circle, continuing until the last circle is sixteen or eighteen feet from the tree. Make holes about four inches deep and a foot apart on each circle and put about a gill of bone dust in each hole. The remedy is sure to revive old trees, increasing their bearing and lengthening their lives for many years.

GOOD NEWS.

Many Oregon City Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Oregon City are glad to learn that prompt relief is within their reach. Many a lame weak and aching back is bad no more, thanks to Doan's Kidney Pills. People are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Jacob E. McCoy, of Salem, Oregon, bridge builder and contractor, residing on Capital Street, second house beyond Mill Creek, says: "I have always enjoyed good health up to five or six years ago. Along about that time my kidneys commenced to bother me. There was not so much backache, but the principal symptoms were in connections with the kidney secretions. A strain or over exertion very often caused hemorrhages of the kidneys. I cannot say that it was so painful but it was very annoying. I used various remedies and while some gave relief others were worthless. In some way Doan's Kidney Pills were brought to my notice and when up town I procured a box, taking them as directed. A few doses gave me very convincing proof that they were going to the right spot, and though I can't say they have cured me, as I may never be cured, I can state that they gave me wonderful relief. I have a high opinion of Doan's Kidney Pills and cheerfully recommend them."
Plenty more proof like this from Oregon City people. Call at Dr. C. G. Huntley's drug store and ask what his customers report.

All diseases and affections of the SKIN

Positively cleared away in a hurry. I vouch for it.

Thousands of wretched people are miserable—imagining they have a bad poisoning of the blood—when in nine cases out of ten it is purely a local parasitic manifestation in the skin which can be cleared away in a hurry.
Such misery now cleared away as surely as the sun shines above. Not merely ATTEMPTED—not a matter of improvement only—but a clearing of it all away absolutely—and quickly, too.

ECZEMA.

The photograph showing the terrible inroads Eczema had made on this boy's face and head can be seen at our store. This work of the camera is the best evidence of the curative qualities of the D. D. D. Remedy.

(Case of Sammy Minkley. Cleared away and entirely cured in 21 days. Fully proven to us.)

We vouch for this—absolutely.

It has been proven to us beyond the possibility of doubt that a new medicament known as D. D. D. clears up the worst skin affections quickly. Its work seems astonishing, amazing, almost miraculous. (It is a specific formula which, because of its discovery by Dr. Decator Dennis, is known as "D. D. D."). Its actual record sounds like a story of magic. But there is no room for doubt about it whatever; full proofs indisputable in every respect, have been submitted to us regarding hundreds of cases—among them the one case shown here of the boy (Sammy Minkley), who was cured in 21 days. The results are not only complete, but permanent; in this case it is now nearly two years since the disease was cleared out of the skin, and no taint of it has appeared since.

Each one of the known skin affections is parasitic in nature, and all of them have yielded to "D. D. D." The preparation is being used by most of the skin specialists. It is compounded for druggists solely by the D. D. D. Co., 70 Dearborn St., Chicago.

It is utilized by every family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago. It will clear away any parasitic break in the skin in from 3 days to 60 days' time. Visit the undersigned and see proofs that will make you a happier human. \$1.00 buys the prescription—already made up in sealed bottles, with authentic label or each.

WE PROVE IT.

To convince you we have arranged with the D. D. D. Co., so that any sufferer from any skin disease can get direct from the D. D. D. Co.'s laboratory a large free sample bottle of D. D. D. prescription together with 32 page new pamphlet on skin disease and free advice on your particular case from the world's greatest skin specialist.
