

SLAIN AT HIS GATE.

Dynamite Ends Life of Ex-Governor Steuenerberg, of Idaho.

BOISE, Idaho, Dec. 31.—Frank Steuenerberg, ex-governor of the state, was killed last evening at his home in the suburbs of Caldwell. A dynamite bomb had been placed at his front gate with some contrivance by which it exploded as he entered. Both legs were blown off and he lived but 20 minutes.

There is no known reason for the outrage, but it is charged to some member of the famous inner circle of the Coeur d'Alene dynamiters, whom he prosecuted so relentlessly in 1899, while he was governor.

Two men are under suspicion who had been lying about Nampa several days, and left for Caldwell today. They lived in the Coeur d'Alene at the time of the riots there in 1899. Descriptions of them are being wired in every direction.

Governor Gooding has informed the Canyon county officials that the state will offer a reward of \$5000 for apprehension of the murderer.

Others Marked For Death.

Denver, Colo., Dec. 31.—It has long been known by the mineowners of Cripple Creek and the state officers, that Governor Peabody and General Sherman Bell were marked for assassination by the Inner Circle dynamiters of the Western Federation, and when the news of Governor Steuenerberg's assassination reached here tonight, a confidential agent of the mineowners stated that several others are on the list. One is Samuel D. Crump, the attorney for the Mineowners' Association at Cripple Creek. Several leading members of the association are also listed.

Captain Bulkeley Wells, commander of the militia under Peabody, at Telluride, with leading citizens and mineowners of Telluride, are among the doomed.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them at Howell & Jones Drug Store, 25c., guaranteed.

ABERNETHY GRANGE NO. 346.

Abernethy Grange No. 346 held its regular day meeting on Saturday, December 30, 1905, in their hall in Park-place. The following officers were elected to serve for ensuing year:

Master, O. C. Clyde; overseer, Mrs. Ida Kent; lecturer, Mrs. M. A. Ingram; steward, Wm. Rivers; assistant steward, Sam Jones; chaplain, W. Bayton; treasurer, J. T. Apperson; secretary, Miss Effie Morris; gatekeeper, Miss L. W. Ingram; Ceres, Miss Lucy DeFord; Pomona, Miss Essie Gard; Flora, Mrs. Julia Tingle; lady assistant steward, Bertha Rivers.

IN NATURE'S LABORATORY.

Buried deep in our American forests, many years ago, Dr. Pierce found a beautiful, blooming plant the root of which possesses wonderfully efficacious properties as a stomach and general tonic, also as an alterative or blood purifier and liver invigorator, having an especial affinity for all mucous surfaces upon which it exerts a most salutary, soothing and healing influence.

This sturdy little plant is known to botanists as Hydrastis Canadensis, but has several local English names, being generally known as Golden Seal. Dr. Pierce found the root of this common forest plant to possess medicinal principles of great potency, especially when combined, in just the right proportions, with Queen's root, Black Cherrybark, Stone root, Mandrake root and Blood-root, the properties of each being extracted and preserved in chemically pure glycerine of proper strength.

This compound Dr. Pierce named his "Golden Medical Discovery," in honor of the sturdy little Golden Seal plant. So little used was the root of this plant by the medical profession at that time, that it could be purchased in the open markets for from fifteen cents to twenty cents a pound. The use of many tons of this root every year in Dr. Pierce's two leading medicines—for it enters into both "Golden Medical Discovery" and also into Dr. Pierce's Favorite Prescription as one of their most important ingredients—has caused the price of the root to advance until to-day it commands upwards of a dollar and a half a pound.

DR. PIERCE'S FAITH.

Dr. Pierce believes that in our native forests are to be found an abundance of most valuable medicinal plants for the cure of many distressing and most fatal maladies, if we would only seek them out, test them and learn how and for what diseases to use them. Furthermore, he believes that the vegetable kingdom is the one to resort to for the most harmless remedial agents. They act most kindly upon the human system and are eliminated or carried out of the body by the natural functions without injury, even in cases where it is necessary to make protracted use of them in order to experience permanent cures. Dr. Pierce's medicines being purely vegetable, are perfectly harmless. In other words, while they are potent to cure, being purely vegetable in composition and containing no alcohol, they leave no bad effects behind. This is not generally true when mineral medicines and those containing large percentages of alcohol are taken into the system and their use protracted over considerable periods of time.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses intrinsic medicinal properties of its own, being demulcent, nutritive, antiseptic and a most efficient anti-ferment.

THEY STAND ALONE.

The fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, nerv-

Trustees—J. T. Apperson, D. K. Bell, Saml. Jones.

Visitors—Dr. J. S. Casto, Milwaukee Grange; Wm. Beard, Maple Lane Grange; Wm. Fullerton, Mrs. Robinson, Wm. Murphy, E. Hargreaves, Mrs. Moore, Wm. Jordan, L. H. Jones and wife, of Clackamas Grange.

A delicious dinner was served and a good time had. Owing to press of business the lecture hour was omitted. Mrs. Elsie Blood was given the 1st and 2d degrees.

A Jamaican Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart Service at Kingston, Jamaica, West Indies Islands, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her home. Sold by Howell & Jones.

HOW TO SUCCEED.

At this season of resolutions let us consider that object of all human endeavor, success. This past year has been prolific in examples of success.

The question of success is one that interests all—the railway magnate, the life-insurance man, the preacher, the artist, the baker, the butcher. Yes, even the butcher's boy.

The ordinary butcher's boy is a familiar sight. We all know him. But we do not always remember that behind his apron beats a heart thrilled with the hope of success.

The other day, right here in San Francisco, a butcher's boy illustrated this beautiful truth. On his rounds he heard a customer's daughter say she wanted a check cashed. Little butcher's boy J. D. Meyer knew the first principles of success: courtesy. He offered to take the check and get it cashed.

It was for seven dollars. A small sum, you say? John Jacob Astor began with one dollar.

But the daughter's father owed Meyer's employer money. Meyer cashed the check and took the money to the butcher, saying, "Credit this on that man's account."

Was the daughter happy that her father's debt had been paid? Did she recognize the great rule of success? No. She had the butcher's boy arrested for theft.

But he had the money. She could not get it back. That is success.

Success is not a question of what other people think, but of getting the goods.

Butcher's boy Meyer got the goods. He was successful. He will be successful.

Let us resolve to be successful.—The Argonaut.

Terrible plagues, those itching, pestering diseases of the skin. Put ardent misery. Doan's Ointment cures at any drug store.

BOTH WANT THE CREDIT.

Controversy Between Judge Ryan and Secretary Campbell.

Secretary J. U. Campbell, of the Oregon City Board of Trade, and County Judge Ryan have become involved in a controversy, resulting directly from the annual report that was recently made of the work of the Board of Trade by the secretary, Mr. Campbell.

In this report Secretary Campbell appropriated to the Board of Trade the credit for being instrumental in defeating the proposed construction of a bridge across the Clackamas at Barton at an estimated cost of \$10,000. This claim for the commercial organization aroused Judge Ryan who responded by stating that the Barton people asked for the construction of this bridge and estimated its cost at \$8,000, but the court having investigated the matter thoroughly thought it could not be built for less than \$10,000 and the court offered to pay 60 per cent of the cost if it did not exceed \$8,000. The court then asked for bids and the lowest being \$10,000, so it was up to the people to raise \$4,000, which they failed to do, and finally the court declined to authorize the construction of the bridge.

Judge Ryan says that if the necessary subscription had been raised the bridge would have been built and as far as the indebtedness of the county is concerned it is in better shape financially than it has been at any time during the past 20 years, and so far from incurring an additional indebtedness of \$10,000, not more than \$6,000 would have been expended.

Following the foregoing statement Secretary Campbell makes a caustic reply through the columns of the Journal, a part of which is as follows:

"Judge Ryan's criticism of the report of the secretary of the Board of Trade is quite a surprise to me. Judge Ryan appeared before the Directors of the Board and requested them to circulate petitions in opposition to the construction of the Barton bridge. As there were large petitions before the court in favor of the project and the probabilities were that if no counter-petitions were presented that the court would build the bridge. The Board, appeared before the court project, and had copies of similar resolutions that had been passed by Harding Grange, filed with the Court, and Mr. W. A. Huntley, President of the Board, appeared before the court for the same purpose. It is quite possible that all this had no influence whatever with the court, yet it is well known that the people who were advocating the building of the bridge, were loud in their denunciation of the Board.

"It is pleasing to know that the financial condition of the county is better than it has been during the last twenty years as in the last two years the amount of taxes collected from the property in this county has been greater than ever before."

Replying to Secretary Campbell's last statement, Judge Ryan further defends his position as follows:

"In the matter of the Barton bridge I think the papers on file and the orders of the court entered of record are more reliable than the statements of either Mr. Campbell or myself. Summed up, these show that as yet the petitioners have not been able to get the amount subscribed necessary to meet the cost of the bridge over and above the amount of \$6000, agreed by the court to be set aside for that project. From this you can see that the bridge project was not defeated, or its building prevented by any person. The information that he claims to have relative to the awful state of repairs of the bridges of the county, if so, would show that our 36 road supervisors were almost criminally negligent in not immediately repairing the bridges or reporting their deplorable condition to the court. What information that we have been able to secure from our road supervisors and the bridge carpenters and engineers that we have had examine the numerous bridges of the county, led us to believe that all of the bridges of the county, with the exception of the little one across Tryon Creek, between Oregon City and Oswego, which will be entirely rebuilt within two months, were in first-class condition; but of course, these reports were made by interested parties, and may not be as reliable as that which reaches our secretary of the Board of Trade.

"As to the road-roller being shipped by boat at great expense, this being the first I had heard about that, I suppose it must refer to that fact that the road-roller being on the Shipley road, above Oswego, and needed now below Milwaukie, we had it cross the ferry at Sellwood, as this was much nearer than coming around by Oregon City. The ferry being free, the expense was as small as the truth of the statement of its being shipped through fear of bridges.

"The repair to bridges and new ones constructed the last year cost the county something more than \$24,000.

"Mr. Campbell states that more money was collected as taxes the last two years by the county than in previous years. Every intelligent and well informed man in the county knows that the state tax the last two years was nearly double that of previous years, and that the school tax is more than two and one-quarter times as large, while the amount levied and collected for county purposes was not quite two-thirds as large."

For any disease of the skin there is nothing better than Chamberlain's Salve. It relieves the itching and burning sensation instantly and soon effects a cure. Sold by Howell & Jones.

RAILROAD LANDS FOR LEASE.

Lands of the Oregon and California Railroad Company, in Oregon, will be leased for the year 1906, subject to sale.

Owners of farms and ranches adjoining railroad lands should file their applications not later than February 1, 1906, after which date applications from others will also be considered.

Address: CHARLES W. EBERLEIN, Acting Land Agent, 1035, Merchants Exchange, San Francisco, Calif.

FRANK BUSCH The House Furnisher 5 and 10 cent Sale

We're enthusiastic about this sale—we never had an idea that there were so many really good things that could be sold for a nickel or a dime.

You'll be surprised, too, when you come in to see what these little peices of money will buy. Look at the list below and then take a peep at our windows—you'll see things that you never had an idea could be bought for so little money. There are Night Lamps, Knives, Hammers, Dinner Plates, Cups and Saucers, Cake Plates, Berry Bowls and many other things just as good. The list below gives you a faint idea of what your money is worth, but remember that of some items we have only small quantities so don't wait too long or what you especially want may be gone.

Heavy Fire Shovel Here's a Bargain if there ever was one 10c

Rolling Pin The Best we ever saw for 5c

A Picture a fine colored one at that—size 12x16 inches FREE if you buy a full weight box of tacks 5c

Cake Plate 9 and 1-2 inch, cut glass pattern, extra heavy 5c

Berry Bowl 6 and 1-2 inch. If you like nice glass-ware here's another bargain for you that beats the record 5c

Wallpaper 500 Rolls—double ones—each 5c Do not wait until it is all sold

A nickel isn't much of a coin, but it will buy a fine big Salt Box You have never seen its equal for less than 20c. While twenty-five of them last we will sell them each at 5c

The Enameled Sauce Pan That we're selling now for 10c cannot be duplicated for less than twice the money. Only one to a customer.

REAL ESTATE TRANSFERS

Furnished Every Week By the Clackamas Abstract Company.

C. Rush to J. P. Rush, SW quarter of SE quarter and SE quarter of SW quarter section 36, 2-4 E; \$50.

J. Zobrist to J. W. Cave, lot 4, blk. 11, Zobrist's Add; \$50.

Pleasant and Most Effective. T. J. Chambers, Ed. Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unhesitatingly I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and best remedy for coughs and colds I have ever used." Sold by Huntley Bros. Drug Co.

DROPSY

Do Your Ankles or Limbs Swell? Are Your Eyes Puffy? We are the Sole Agents for the Only Thing Known That Cures the Kidney Diseases that Cause Dropsy, viz: Fulton's Compound.

It is now well known that dropsy is not in itself a disease but is commonly a symptom of Bright's Disease or Diabetes. Hence, up to the discovery of the Fulton Compound, dropsy was incurable. It is now, however, curable in nearly nine tenths of all cases. Here is an interesting recovery, to which we refer by permission. Mrs. Peter Goyhenex of 928 Fillmore street, San Francisco, became alarmingly dropsical. Her physician had finally to tap her every few days. She was tapped nearly forty times and grew worse from day to day. The physician finally told her husband that she had Bright's Disease of the Kidneys, that it was in an advanced chronic state and beyond medical aid. Her heart also gave her the usual trouble and she was in such a serious condition the relatives were sent for. They put her on Fulton's Compound. It stayed on her stomach, the first thing that had done so for a week. The second week the dropsy declined a little and the improvement was then gradual until her recovery was complete. This case was examined into by representatives of the San Francisco Star and the Overland Monthly, and the genuineness of the case and the recovery were fully attested in their columns.

Mrs. Thomas Christol of 496 Twenty-seventh street, San Francisco, was also swollen with dropsy, as a result of chronic Bright's Disease, to more than seventy-five pounds beyond her normal weight, and had to be moved in sheets and was close to death's door although she had four physicians. She was put on the Fulton Compound. Three weeks showed improvement and in six months she was well, and permits this reference. There is only one thing known that will cure the chronic kidney disease that is behind dropsy and that is Fulton's Compound. The Retail Compound for Bright's and Kidney diseases, \$1 for Diabetes, \$1.50. John J. Fulton Co., 49 Washington street, San Francisco, sole compounders. Send for pamphlet. We are the sole agents for this city.

Charman & Co., City Drug Store.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by Howell & Jones.

ARE YOU A FARMER?

If you are, then you need a good farm paper. The Enterprise has a splendid offer. We will furnish the Enterprise and the Oregon Agriculturist and Rural Northwest, the best agricultural paper in the large section it serves, both one year for only \$1.50—the price of the Enterprise alone. This farm paper is highly recommended by the leading experts on farming, stock raising and fruit growing. This offer is a snap. Call at the office or mail us your subscription.
