Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

SCOTT'S **EMULSION**

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy. SCOTT & BOWNE Chemiste 109 Pearl St., N. Y.

DEMOCRATIC CENTRAL COMMIT-TEE TO MEET.

Minority Party Will Arrange Usual Harmless Participation in Coming Campaign.

County Chairman O. D. Eby, of the Democratic organization in Clackamas County, has issued a call for a meet ing of the Precinct committeemen to be held in this city Wednesday, Jan. 17. In a letter to the members of the committee, Chairman Eby in outlining the situation and giving the purposes for which the meeting is called, speak with characteristic Democratic confidence as follows:

"While conditions have at times been such as to canuse one to despair of doing anything for better government, we are very glad to state that there is at this time a disposition be-ing shown among the thinking class of people, to shake off the political machine that has held them in its toils for so long in this county and state, and we believe that if the Democrats in this county and state will put their shoulders to the wheel in the coming campaign they will be able to do much and it is not at all unlikely that they may be able to make a clean sweep for the state, district and county officers.

"Much depends upon the individual worker and it is the wish that every committeeman as well as a large number of the rank and file of the party will attend this meeting and assist in the work for better government. One of the objects of this meting is to discuss thourghly the primary law and as near as possible have the voters

understand what is necessary to do. The committee consists of: Abernathy, Shirley Buck; Barlow, J. A. Andrews; Boring, H. W.Lang; Clack-amas, L. D. Jones; Canby, C. N. MARRIED IN OPEN COURT.

An unusual scene was witnessed in Judge Burnett's department of the circuit court yesterday afternoon during the trial of the civil action brought by E. A. Haggerty against C. E. Mc-Ilwain. At 2:30 o'clock a small party of ladies and gentlemen entered the court room and Judge Burnett promptly stopped further proceedings in the case on trial and in the presence of the litigants, attorneys, witnesses, officers of the court and spectators per-formed the ceremony which joined Mr. O. G. Morris of Clackamas county and Miss Johanna Peter of this county in wedlock. Mr. C. W. Corby, one of the attorneys in the case on trial, was in the act of presenting his argument to the court when the bridal party entered but willingly gave the floor to the young couple about to enter upon life. After the ceremony gratulations were extended and the party quietly left the room and the hearing of the case was continued as if nothing out of the ordinary had hap-pened. This was the first marriage ceremony performed in open court to the history of Marion county.-Thurs-
