There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. their aged auntie at Bull Run, this county, Mrs. Delleah Cockle-Reas. She was the last pioneer of Sandy Ridge, Clackamas county. She was well loved by her many relatives and her friends. It was a pleasure to spend a while in her hospitable home where one always found a kind, hearty welcome. Even in her old age her mind was very clear. She was a Miss Bailey, born in North Carolina. She leaves two children, one son, Jerome Cockle-Reas, and one daughter, Mrs. Alice Gibbons, both of Bull Run, and five grand children. She was buried with the old year in her 83d year. She was also the last of her family of two brothers and three sisters. A brother, Levi Bailey, well known in Salem, Oregon, died a few years ago. The passing of those dear old friends makes the heart sad as we realize that it means also the passing away of those dear old-fashioned homes with all the meaning of the words in their true sense.

All diseases and affections of the SKIN

Positively cleared away in a hurry. I vouch for it.

Thousands of wretched people are miserable—imagining they have a bad poisoning of the blood—when in nine cases out of ten it is purely a local parasitic manifestation in the skin which can be cleared away in a hurry.

Such misery now cleared away as surely as the sun shines above. Not merely ATTEMPTED—not a matter of improvement only—but a clearing of it all away absolutely—and quickly, too.

ECZEMA.

The photograph showing the terrible inroads Eczema had made on this boy's face and head can be seen at our store. This work of the camera is the best evidence of the curative qualities of the D. D. D. Remedy.

(Case of Sammy Minkey. Cleared away and entirely cured in 21 days. Fully proven to us.)

We vouch for this—absolutely.

It has been proven to us beyond the possibility of doubt that a new medication known as D. D. D. clears up the worst skin affections quickly. Its work seems astonishing, amazing, almost miraculous. (It is a specific formula which, because of its discovery by Dr. Decator Dennis, is known as "D. D. D.") Its actual record sounds like a story of magic. But there is no room for doubt about it whatever; full proofs indisputable in every respect, have been submitted to us regarding hundreds of cases—among them the one case shown here of the boy (Sammy Minkey), who was cured in 21 days. The results are not only complete, but permanent; in this case it is now nearly two years since the disease was cleared out of the skin, and no taint of it has appeared since.

Each one of the known skin affections is parasitic in nature, and all of them have yielded to "D. D. D." The preparation is being used by most of the skin specialists.

It is compounded for druggists solely by the D. D. D. Co., 70 Dearborn St., Chicago.

It is utilized by every family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago.

It will clear away any parasitic break in the skin in from 3 days to 60 days' time. Visit the undersigned and see proofs that will make you a happier human. \$1.00 buys the prescription—already made up in sealed bottles, with authentic label or each.

HOWELL & JONES, OREGON CITY.
