TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

Two Divorces—

Mary Hockinson was on Saturday granted a divorce from Albert Hockinson and was awarded the custody of two minor children by Judge McBride. Katie Wallace was also legally separated from Herman S. Wallace and given the privilege of resuming her maiden name, Katie Henderson.

Get Your License—

All hunter's licenses issued in 1905 expired January 1 and should be renewed at once by all who are in danger of being found running at large with a gun. There are deputy game wardens in Clackamas county, and hunters might profit by handing or sending your little dollar to the County Clerk. Such a course would prove more economical, perhaps, than to be caught without a license.

Scare at Woolen Mill—

A general alarm Saturday afternoon called the volunteer fire companies of the city to the woolenmill plant of the Oregon City Manufacturing Co., where a fire in the dry-room beneath the weave room threatened the building with serious damage. The fire started among some wool and was extinguished by the patent automatic sprinkling service with which the mill is equipped, before it had gained much headway. Only slight damage resulted.

Wants Divorce and Children—

Charles Baker, who married Leonie Baker in Benton county in 1880, has filed suit for divorce, alleging cruel and inhuman treatment, neglectful attention of the children and desertion last December. Plaintiff charges the defendant with having left the two minor children in the care and custody of M. B. Williams, of Albina, who refuses to surrender them to him. Baker asks for a dissolution of the matrimonial ties and for an order of the court directing Williams to deliver the children to himself.

Educating the Voters—

Under the direction of the Republican organization of Clackamas county meetings will be held throughout the county for the purpose of acquainting voters with the various provisions and requirements of the Direct Primary Law and the matter of registration. C. Schuebel, secretary of the Republican County Central Committee on Saturday night addressed a large gathering of voters at Damascus. The meeting was strictly non-partisan, the name of no single candidate being mentioned in the course of the evening which was devoted to an exposition of the new plan for nominating candidates and also the necessity for registering in order to participate

in the primary election. A number of other like meetings will be held in the county in the next ten weeks.

Will Have Mock Trial—

The pupils of the Barclay High School, of this city, consisting of the members of the Ninth and Tenth grades, have arranged for a mock trial to be held at the school on the afternoon of the 26th inst. The charge involved is that of breach of promise, the plaintiff being Carl Schramm while the defendant is Irene Moore. The plaintiff's legal representatives are Russell Wood and Allie Groat and the defendant has retained Breyman Canfield and E. C. Latourette as her attorneys. Miss Ruth Latourette has been selected as the presiding judge who will see that the hearing of the suit is conducted after the manner of customary court procedure. The witnesses and the members of the jury will be selected from among the students. If the trial, which is a deviation from the usual literary exercises is a success, it may be repeated as a public entertainment.

Coyote Escape—

New Year's morning Mrs. F. Wehrheim was the heroine in a meeting with a coyote. She was on the way to her brother, J. P. Steinman's near Currinsville, when she came face to face with an animal, the likes of which she had never seen. It was about thirty feet away, but upon seeing Mrs. Wehrheim the beast quietly crept away. Upon arriving at her brother's she told of her strange meeting, and three of the bravest hunters in the country, Severen Kirckham, Phillip Steinman and Norman Linn, with the latter's two hounds, started in pursuit of Mr. Coyote. The dogs soon had the scent and then followed a chase of an hour and a half. Finally the coyote happened too close to Norman who sent a ball from his never-erring rifle straight to the animal's heart. It was a fine shot as the coyote was passing the marksman. Noah Stingley will now be considered a back number as the best rifle shot around here.—Estacada News.

Insurance News—

Insurance men of the West who read the daily columns of the insurance information in the Chicago Record-Herald keep pace with the times and are prepared for all emergencies, and contingencies that have grown into the insurance business. The column "With Insurance Men" gives in compact form all the latest doings in the insurance world, and is conceded by insurance men everywhere to be the best and most up-to-date report published by any newspaper in the United States. The Record-Herald does not

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to German Syrup."

The time-worn injunction, "Never put off 'til to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TO-DAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. copy its information from insurance journals, but secures it first hand from managers, agents and companies and by telegraph from its own special correspondents, by telephone and special cable dispatches from abroad. The New York service of The Record-Herald's insurance department is equaled by no other paper. In fact, The Record-Herald is the only daily newspaper that gives insurance men the first information daily on every important event in the insurance business.

Howard, reports the forming of new tribes recently at Canby, Oswego, Newport and Toledo. Tribes will soon be organized at Aurora, St. Johns and Estacada.

CANDIDATE FOR REPRESENTATIVE.

GLADSTONE, January 15, 1906. To the People of Clackamas County:—I hereby announce myself as a candidate for representative to the legislature on the Republican ticket, to be voted for at the next primary election.

Under the present primary law, there being no convention of delegates, to formulate a platform or declaration of principles, on which all candidates must stand, it becomes necessary for each candidate to have some principles of his own, and a decent respect for the voters whose suffrages he is asking, renders it essential that each candidate should plainly and unequivocally declare those principles before the vote is taken at the primary election.

It is especially desirable that candidates for the legislature should make such declaration of principles, in accordance with which belief I respectfully submit the following:

First—That if elected to the legislature I will vote for the candidate for the United States senator having the highest number of votes for the office, at the general election next preceding the election of a senator in Congress.

I am in hearty accord with President Roosevelt's administration. I am unalterably opposed to political "rot" of every kind and degree.

This manner of electing U. S. senators will to a very great extent eliminate the question of national politics from our legislature, allowing the attention of the legislature to be turned toward state and local needs.

Clackamas County is destined to be one of the richest counties in the state with vast resources only awaiting the combined influence of labor and capital for development.

In this development railroads must play an important part. I believe it would be unwise to send men to the legislature to fight the railroads as it would be to elect railroad attorneys to work for the railroads and against the people's interest.

If elected to the legislature I should consider myself especially as a representative of the farmers and laboring men, believing that through my experience as both farmer and laborer I understand the needs and wishes of the producing classes better than can any man without such experience.

I believe a public officer should be a public servant and should defer to the wishes of his constituents, when expressed so that he may know their wishes.

I believe our representatives should be broad minded enough to take into consideration the varied industries and needs of the whole state, but he should give especial attention to the needs of his own county.

If the people see fit to elect me as one of their representatives I promise to do all in my power towards carrying out the foregoing principles and especially towards advancing and protecting the interests of the whole people of Clackamas County.

Respectfully submitted to the voters of the county,
E. P. CARTER.

A Grim Tragedy

is daily enacted in thousands of homes. Death claims in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her and today she is well and strong." It kills the germs of all diseases. One dose relieves. Wells at the last meeting on January 7 was well attended and the Socialists are congratulating their party organization on securing these able speakers at this time.

SHIVELY'S OPERA HOUSE FRIDAY JANUARY 19.

There has been many great fistic battles during the past ten years, but no combat yet waged could surpass in fury and vigor the recent mill between Batling Nelson and James Edward Britt. This contest was so fierce so desperate and withal so fairly waged, that it will live forever in the memories of all who saw the Titanic struggle. Only a few people, of course could reach Colma to see the actual, veritable battle, but those who could not go can still see every blow and every movement of the fray. The motion pictures taken at the ringside, when developed, turned out to be by miles the finest set of fight films ever seen, perfect from start to finish unequalled in clearness and perfection. The man who was not at the ringside, after seeing these pictures, can talk on terms of equal knowledge with the man who occupied a ringside chair. Nothing is missing—the fight from

TAX SALE BEGINS.

Sheriff Shaver Disposes of Much Property to the County.

Sheriff Shaver on Monday began the sale of real estate in this county on which the taxes for the year 1904 remain delinquent. Only city property was offered for sale Monday and the bulk of that was bid in by the county. On a total tax roll of \$227,000, the delinquent roll represents unpaid taxes in the amount of about \$4,000. In the sale of acreage, which was taken up later in the week, there were a number of bidders, the greater part of this class of land being readily taken.

CANDIDATE FOR COMMISSIONER.

Oregon City, Oregon, Jan. 16, 1906. To the voters of Clackamas county: I hereby announce myself a candidate for the Republican nomination for County Commissioner at the Primary election to be held in April.

My previous record as Commissioner and my knowledge of roads and the construction of bridges are so well known to the most of the people of Clackamas county that promises and pledges are not seemingly necessary. But there are some things for which, if elected, I will stand in the future as well as I have done in the past, to the best of my ability.

First—I am an advocate of good, permanent roads in every section of the county as rapidly as it is possible

to build them. When a good road is built it should be kept in good repair above all other things.

Second—I owe no allegiance to any Boss or political ring, but stand on my own merits as a man. I believe an officer to be the servant of the people.

Third—I believe in a square deal to every man regardless of location or politics.

I am not a man of many promises but if nominated and elected I will to the very best of my ability stand for all things possible for the advancement and the welfare of Clackamas county. Having resided in the county for more than fifty years and having served the people of this county as County Commissioner for four years and being familiar with every road and section of the county, it would be useless to say more. Whatever may be the verdict of the people, I will cheerfully submit.

DANGER IN DELAY.

Prompt Action Must Be Taken To Preserve Health.

Kidney troubles are dangerous because they creep on so stealthily that they get a firm grip on the victim before he is aware of it. They manifest themselves in such varied forms that they are easily mistaken for other diseases.

Do not delay. Treat the kidney now. The kidneys are sick and will not get well unless you use a kidney medicine. Doan's Kidney Pills is the certain, safe and prompt remedy for the kidneys only. It cures.

G. S. Cooper, farmer, living three miles northeast of Salem, Ore., on the garden road, says: "I very often lifted heavy weights, but have since regretted having done so, as the result was that I strained my back and ever after have had more or less trouble from dull aching pains across my loins and other symptoms of kidney complaint. In some way Doan's Kidney Pills were brought to my notice and the first time I went to town I dropped into a drugstore and inquired about them. I was told they were highly recommended and advised to give them a trial. I did so. And while I did not follow the treatment as regularly as I should have done, being a poor hand to take any kind of medicine, the benefit I derived from their use stamps them as a remedy which acts fully up to the representations made for it."

Plenty more proof like this from Oregon City people. Call at Huntley Bros' Drug Store and ask what their customers report.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by Howell & Jones.
