Constipated All His Li

MR. and MRS. WILBERT THOMPSON, 801 Main St., Peoria, III. MULL'S GRAPE TONIC CURED HIM.

Wilbert Thompson never knew a well day until last June—he had been constipated all his life—many doctors treated him, but all failed to even help him—his health failed rapidly and on January 21, 1903, Mrs. Thompson asked us to suggest a treatment for her husband—We thought the case too serious and recommended that a specialist be consulted—but he also failed to help the patient—NOW HE IS WELL.

Mull's Grape Tonic Cured Him

Mrs. Thompson first wrote us as follows: "My husband, aged 22, suffers from sharp pains in his stomach and sometimes thinks it is his heart. Let me know by return mail what causes the pain, if you can. Mr. Thompson has been freated by several doctors, but they have given him up."

We promptly advised that a first-class specialist be consulted. We quote: "We want to sell Muli's Grape Tonic, because we know it will oure constitution, but foc a bottle is no object to us when a human life is at stake, and if your husband's case is as serious as you state, we suggest you consuit a reliable specialist, not the advertising kind, promptly." At the same time, knowing that Mull's Grape Tonic could do no harm, we advised its use until a physician could be consulted. January 25 Mrs. Thompson wrote that a could be enconsulted. He diagnosed the case as being chronic constitation and dyspepsia. His treatment was followed faithfully, but there was no porceptible improvement in Mr. Thompson's health. Then he began taking Muli's Grape Tonic and on Sept. 3, 1908, we received the following letter from Mrs. Thompson:

"You will remarker that a works."

"You will remember that I wrote to you last January in regard to my husband's health. It is four months since he quit taking Mull's Grape Tonic for constipation, which he suffered from since birth. He took just 24 bottles of it and is perfectly cured. He is much stronger and has gained considerably in flesh. I cannot thank you enough for Mull's Grape Tonic. 'It is worth its weight in gold.' Just \$12 cured him and he has spent hundreds of deliars with doctors who did him no good. Now I want to state my case to you and expect your early reply. I also have constipation, have had for three years. Kindly let me know as I am sure it will cure me if you say it will, as it did all you claimed it would in my husband's case. I swait an early reply."

Very respectfully yours, MRS. W. H. THOMPSON, 801 Main St., Peor's, Ill.

DO NOT WANT TO VOTE.

Women Anti-Suffragists, of Portland, Adopt Resolutions.

The following resolutions were recently adopted by the Oregon State of the Suffrage of Women:

A Protest. We, American women, citizens of the State of Oregon, protest against the proposal to impose the obligation of suffrage upon the women of this State, for the following, among other

1. Because suffrage is to be regarded not as a privilege to be enjoyed,

but as a duty to be performed. Because hitherto the women of February 8. this state have enjoyed exemption from this burdensome duty, and no adequate reason has been assigned for depriving them of that immunity.

Because conferring suffrage upon the women who claim it would impose neither desire it as a privilege nor

regard it their duty to seek it. 4. Because the need of America is not an increased quantity, but an improved quality, of the vote, and there is no adequate reason to believe that women's suffrage by doubling the vote date for the Republican nomination | 6.48 will improve its quality.

Because the household, not the individual, is the unit of the State, and

6. Because the women not so represented suffer no practical injustice

remedy Because equality in character does not imply similarity in function and the duties and life of men and

ferent in the State, as in the home. 8. Because the energies of women are engrossed by their present duties and interests, from which men cannot relieve them, and it is better for the community that they devote their energies to the more efficient performance of their present work than divert

them to new fields of activity. Because political equality will deprive women of special privileges hitherto accorded her by the law.

Because suffrage logically involve the holding of public office including jury duty, and office-holding is inconsistent with the duties of most
