

Constipated All His Life.

MR. and MRS. WILBERT THOMPSON,
801 Main St., Peoria, Ill.
MULL'S GRAPE TONIC CURED HIM.

Wilbert Thompson never knew a well day until last June—he had been constipated all his life—many doctors treated him, but all failed to even help him—his health failed rapidly and on January 21, 1903, Mrs. Thompson asked us to suggest a treatment for her husband—We thought the case too serious and called a specialist but he also failed to help the patient—NOW HE IS WELL.

Mull's Grape Tonic Cured Him

Mrs. Thompson first wrote us as follows: "My husband, aged 23, suffers from sharp pains in his stomach and sometimes thinks it is his heart. Let me know by return mail what causes the pain, if you can. Mr. Thompson has been treated by several doctors, but they have given him up."
We promptly advised that a first-class specialist be consulted. We quote: "We want to sell Mull's Grape Tonic, because we know it will cure constipation, but 50c. a bottle is no object to us when a human life is at stake, and if your husband's case is as serious as you state, we suggest you consult a reliable specialist, not the advertising kind, promptly." At the same time, knowing that Mull's Grape Tonic could do no harm, we advised its use until a physician could be consulted. January 25 Mrs. Thompson wrote that a physician had been consulted. He diagnosed the case as being chronic constipation and dyspepsia. His treatment was followed faithfully, but there was no perceptible improvement in Mr. Thompson's health. Then he began taking Mull's Grape Tonic and on Sept. 5, 1903, we received the following letter from Mrs. Thompson:

"You will remember that I wrote to you last January in regard to my husband's health. It is four months since he quit taking Mull's Grape Tonic for constipation, which he suffered from since birth. He took just 24 bottles of it and is perfectly cured. He is much stronger and has gained considerably in flesh. I cannot thank you enough for Mull's Grape Tonic. 'It is worth its weight in gold.' Just \$12 cured him and he has spent hundreds of dollars with doctors who did him no good. Now I want to state my case to you and expect your early reply. I also have constipation, have had for three years. Kindly let me know as I am sure it will cure me if you say it will, as it did all you claimed it would in my husband's case. I await an early reply."
Very respectfully yours, MRS. W. H. THOMPSON, 801 Main St., Peoria, Ill.

FRAUD EXPOSED.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's, or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada. For sale at Howell & Jones drug store.

MAY LOSE HIS JOB

CHARGES FILED AGAINST U. S. DISTRICT ATTORNEY BRISTOL.

Nomination Will Be Withdrawn and a New Selection Made—Charge of Extortion.

Washington, Feb. 5.—W. C. Bristol's term as United States Attorney for Oregon is soon to terminate. Whether he will be removed or be permitted to resign is yet to be determined, but it is virtually agreed that he must go. The charge of "unprofessional conduct" that was lodged against him several weeks ago appears to have been fully sustained, and the conduct complained of so strongly savors of graft as to make it inadvisable to permit him to remain as District Attorney. The only evidence against Mr. Bristol is one of his own letters, written on June 4, 1902, to the Coos Bay Land & Improvement Company, of Portland, in which he inclosed a contract signed by Page & Hobart, whereby they agreed to purchase a certain tract of land from the Coos Bay Company for \$40,000, the contract being in the nature of an option.

CARUS.

News are very scarce here this week. We are having beautiful weather here for a few days; it seems like Spring is here. Some of our people are thinking of making garden. Wm. X. Davis took a couple of loads of hay to town last week. Mr. and Mrs. Frank Irish and their two grand children spent Sunday with Mr. and Mrs. Monroe Irish and family. Mr. and Mrs. Grissenthwaite, from Beaver Creek spent Monday at Mr. Spences. Geneva Green spent a few days here the first of the week. Mr. and Mrs. Gregory were the guests of Mr. and Mrs. Jagger Sunday. Jesse Mitts spent Saturday and Sunday with his brother Frank, our school teacher. There was another telephone meeting held at the postoffice Monday night. Ralph and Berthena Howard, and Pearl Trullinger and Gwill Thomas spent a pleasant evening at Davis' Saturday. Miss Burgess was the guest of Miss White Sunday. Mr. Jones and family have moved to Salem where they intend to make their home. We all are sorry to see them go.

HIGHLAND.

The last regular meeting of Highland Grange was one of unusual pleasure and much enjoyment. The newly installed officers are very diligent and efficient, and take great pride in their work. As the Grange is a great educator and also agitator, and since the electors of Oregon will be called upon at the coming June election to decide by ballot whether the state constitution shall be amended and whether woman shall have the elective franchise or not, the lecturer of Highland Grange has prevailed upon Mr. and Mrs. G. R. Miller to debate the "Woman Suffrage" question at the next regular meeting, which is the first Saturday in March, 1906, in order to instruct its voting members properly. Mrs. Miller, of course, will represent the affirmative side of the question and G. R. Miller the negative. As they are both forcible speakers and able debaters, and considerable of the mule in each, we anticipate some fur will fly and an in-

teresting debate will take place. The doors will be thrown open to the public during the debate.

Rev. Wettlauffer preached an interesting sermon to an attentive audience last Sunday afternoon at the Highland church from the text, "Be not deceived, God is not mocked; for what a man sows that shall he also reap." Which is very true.

The Sunday school under the management of E. Baker had also a good attendance, which is very encouraging to those interested in its welfare, and we hope the Sunday school will do more good than ever before.

David Moehnke, our mail carrier, is making his daily trip and we are always glad to see his smiling face.

Geo. Stevens and Baker purchased a new grain drill and are taking advantage of this fine spell of weather.

GREEN WOOD.

A characteristic New-Year's custom in the Paris theatres is the review of the striking events of the year. People of high and low degree, who have achieved sufficient notoriety, are with the deeds that have made them conspicuous, pictured for the amusement of the entire loving Parisian. In the Argonaut for February 3, 1906, is an entertaining article by Jane Adams Mulholland, describing the custom. Announcement is made of a forthcoming volume, "Argonaut Stories." For the past twenty-eight years the Argonaut's high literary standing has attracted to its columns stories by the most successful writers. The new book will be made up of tales selected from this rich store. Jack London, Frank Norris, W. C. Morrow, Gertrude Bonner, C. W. Doyle, and Stewart Edward White are among the authors represented. The short story in this week's issue, "The Amethyst Soul," is a fascinatingly weird tale of an American and his Japanese wife. The book reviews and dramatic criticisms are, as usual, timely, intelligent, and interesting.

The Enterprise job office is prepared to print cards for candidates on short notice. The candidate's photograph will be printed on the card, when desired, at a slight advance in price. GINSENG

Information Relating to the Richest Product of the Soil:

Prof. Howard of the Missouri State Agricultural College says: "I advise American farmers to cultivate Ginseng. Big profits are realized. It is easily grown." A bulletin by the Pennsylvania State College says: "The supply of native Ginseng Root is rapidly diminishing and the price per pound is correspondingly increasing, while the constant demand for the drug in China stands as a guarantee of a steady market for Ginseng in the future." American Consul General Wildman at Hong Kong writes: "There will be little difficulty in disposing of this coast of all the Ginseng that is grown in America."

Ginseng is a staple on the market the same as corn, wheat, and cotton. The present market price varies from \$6 to \$8 per pound, while the cost of production is less than \$1.50. There is room in one's garden to grow several hundred dollars worth each year. The plant can be grown throughout the United States and Canada in any soil or climate that will grow ordinary garden vegetables. There are two planting seasons, spring and fall. We are buyers and exporters of the dried product, and grow roots and seeds for planting purposes. Let us show you how to make money growing Ginseng. You can get a practical start in the business for a small outlay and soon have a nice income. Send two-cent stamp today for our illustrated literature telling all about it. Write at once; you may not see this ad again.

Mrs. R. C. Gannon, one of Oregon City's favorite singers, will render "The Star Spangled Banner" and "Hail Columbia" with chorus accompaniment by the Baptist choir and audience in the evening of Miss Gail Laughlin's lecture at the Baptist church on Monday evening, February 12. In the afternoon an informal reception to Miss Laughlin will be given at the hospitable home of Mrs. Sarah A. Chase, whose father, John W. Stevenson, was a personal friend of Abraham Lincoln, having sat with him as a delegate to conventions in Springfield, Illinois, before making the overland journey to Oregon in 1853. On this account, the date, February 12, was chosen, in honor of Lincoln's birthday, for Miss Laughlin's patriotic address. All who have heard her re-extravagant in praise of Miss Laughlin's gifts of oratory, surpassing even the once famed Anna Dickinson.

Monday evening a number of the young men of the Congregational church met in the pastor's study and in a preliminary way discussed the plans and methods of church work for men. It was decided to merge the former Men's club into the Men's league with various departments. The good social features of the old club are to be resurrected and in other departments work is to be done that men alone can do. Since the Ladies' Aid society and the Saturday club of the church are putting on such extraordinary spurts the men think they must "get a move on" too.

Electricity

The question of artificial light in your home is worthy of serious consideration,

Do you realize, fully what electric service means in the household—all that it bestows in the direction of health, comfort, convenience, conservation of eyesight, and the added "TONE" to your home?

Do you care to have your home as convenient and comfortable for you and yours as you can make it?

Electric service is available to the smallest as well as the largest user. So cheap is the service at our REDUCED RATES that it can be afforded in the smallest homes.

The uses of Electric Light in the store are four fold: As an illuminant, as an ADVERTISEMENT and as a proclamation of PROGRESSION, of ENTERPRISE, of ideas and methods that are UP-TO-DATE.

An ELECTRIC SIGN IS A SIGN OF LIFE. Business life, that is what attracts trade.

Trade follows most easily the path blazed by electricity.

Estimates on wiring, cost of current and information regarding the use of electricity for LIGHT or POWER, promptly furnished upon application to C. G. Miller at the Company's branch office, next door to the Bank of Oregon City.

Before having the old-time gold fillings put in your teeth come and see the newer and better porcelain inlays. This work, while comparatively new, has been in general use about six years, and by every test is found to be far superior to any other filling known. It preserves the teeth, preventing decay around the margin as sometimes happens in metallic fillings; are more durable and look very much better.

This work is not generally used in on account of the skill and time required to do as it should be done. We have been doing porcelain inlay work for over two years, besides taking a special course in this work while in Chicago under the best porcelain workers in the United States.

Do not confound this work with cement or artificial enamel, which is used by many.

Porcelain fillings have come to stay, and is acknowledged to be so superior that in the East many people are having their gold fillings replaced by them.

All our work guaranteed.
