GREENWOOD.

Our neighborhood is a scene of gloom and sadness since the awful news of Frank Eastman's death was spread from house to house. On Friday morning, February 16, Frank and his two older brothers went out to work a stump puller, used in clearing a piece of land. They were only out about one hour when the sweep on the power broke, causing the short piece of wood that was left in the drum to fly back and strike him on the back of the head, killing him instantly. Frank was the youngest son of Mr. and Mrs. H. P. Eastman. He was 19 years and five days old. He leaves a father, mother, two brothers and a sister to mourn his early demise. The funeral service was held at 11 o'clock Sunday morning at Central Point Church, and the interment was in Mountain View cemetery. We are all in sympathy with the bereaved family.

A HABIT TO BE ENCOURAGED.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, colds and croup, to which children are susceptible are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to their little ones with a feeling of perfect security.

The old Beeson canyon has been the cause of several lives lost, numerous accidents, and always will be a dangerous route at best. There is a better and shorter route, one that would cost little and would be safe to human life. But to mention it will make an enemy. The county court should use its judgment when the time comes, in this matter.

The natives of Mulino might just as well keep on wearing their rain coats, and slicker hats, for when Oregon starts to rain it don't seem to know when to stop. Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size, Ely Brothers, 56 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflated you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
