OREGON CITY'S BIG CASH STORE

Sensational Innovation!

The Big Cash Store adopts its own system of giving Premium Trading Stamps, which are accepted in exchange for many valuable presents. One free with each 10 cents you spend. Collect 300 and you can fill one book. It's the most generous permanent plan ever conceived of awarding those who concentrate their trading at ADAMS BROS. The public helps us by keeping all of our shopping facilities active. We help the public by bestowing, without one cent of expense, these profit-saving stamps. They are rapidly collected.

Explanation

In order to give our trade the same benefits of cash discounts that are offered us by the wholesalers, and to increase our cash sales, we have arranged to offer our customers a line of premiums that embrace every desirable article, from silverware to furniture and rugs. As the most attractive and easiest way to distribute these premiums we have provided a special system as follows:

To all customers trading at our store and paying cash will be given ONE PREMIUM TRADING STAMP for each 10 cents spent. As obtained, stamps are to be pasted in the blank squares on the pages of a book we will give you. When all are covered, bring the book to our store and select from our assortment of premiums the article you like best. It becomes yours absolutely free of charge.

In using this system we feel that we have adopted a means of advertising that will pay us and accordingly are willing to offer splendid values. The prices on our goods are in no way affected by the system—you simply get additional value in return for cash.

Fishermen of Clackamas county will hold a meeting in a few days to discuss their interests, and will probably take some action regarding the support of candidate for the Legislature, as they are deeply interested in proposed amendments to the fish-laws, and will unquestionably demand promises from candidates for representative, says the Telegram.—The fishermen of this county for several years past have held a strong sentiment against the law in relation to the close season, as they want the open season both in the Spring and Fall to commence 15 days earlier than it does under the present law. George Brown, who is a leader in the movement this morning said that

he would try to have the close Spring season run from March 1 to April 1. Master Fish Warden H. G. Van Dusen was up from Astoria last week, and appointed his bailiffs for the coming season. William Dutcher will patrol the Willamette, succeeding W. W. Smith, and Louis Hall and Floyd Jones will look after violations on the Clackamas. The bailiffs will all work in harmony with Deputy Game Warden Mack, of Portland, who will also keep an eye open for violators of the fishing laws.

GOT A DESERVED SPANKING.

The making of mud pies and cakes is a pastime that very thoroughly engages the time and attention of youngsters, so much so in fact, that, at times they become unmindful of their own safety. This was illustrated one day this week when two little ones were seated in the middle of the Southern Pacific Company's railroad track at Eleventh street. They had supplied themselves with a quantity of mud from which they were moulding cakes of curious designs. Seated with their backs to the north, they did not see an engine approaching from that direction, neither did they hear its shrill whistle. When the engine had come within a few feet of the youngsters, the engineer alighted from his engine, and seizing the little fellows, gave each of them a good sound spanking in a truly paternal way, and then lifted them bodily over a bordering fence and deposited them in their home door yard, and resumed his place in the engine cab. It is well for the youngsters that the engine happened to be an empty one and was ascending a steep grade for had there come along at the time a heavy freight train, north bound, it would have been impossible to have brought the train to a standstill in time to have averted an accident.
