

MAY VOTE ANY WAY

BLANK "A" IS PROVIDED FOR USE AT THE PRIMARIES.

Attorney-General Crawford Finds That Australian Ballot Law is Partly Applicable.

SALEM, Or., March 12.—Attorney-General Crawford settled a much mooted question today when he rendered an opinion holding that a voter who has not already registered may qualify for voting at the primaries on primary day by signing blank "A."

Opinions have widely differed upon this subject, and there has been much discussion of it, for the reason that there will be many voters who will fall to register and who will demand the right to vote on primary day. The prevailing opinion has been that an unregistered person could not register at the polls and vote, for section 15 of the direct primary law says that "no person who is not a qualified elector and a registered member of his party making its nomination under the provisions of this law shall be qualified to join in signing any petition for nomination or to vote at said primary election."

Attorney-General Crawford says that were all the law contained upon this subject, the intention would be plain that unless registered the party could not vote. He looks further, however, and finds that in sections 1 and 8 of the primary law there are provisions which make the Australian ballot law applicable, and in section 2875 of the code is expressly made applicable to primary nominating elections.

This last-mentioned section provides for any elector who is not registered in the precinct in which he applies to vote to use blank "A," and vote if otherwise qualified. Section 38 of the direct primary law says that "nothing contained in this law shall be construed to deprive any elector of the right to register and vote at any primary nominating election required by this law on his complying with the special provisions of this law in the same manner that he is permitted by the general laws to register and vote at a general election."

Construing the law as a whole, the Attorney-General finds that the elector may qualify by using blank "A" on election day, and hence that County Clerks should send out such blanks with the ballot-boxes and poll-books.

DOCTORS ARE PUZZLED.

The remarkable recovery of Kenneth McIver, of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life. Cures the worst Coughs and Colds, Bronchitis, Tonsillitis, Weak Lungs, Hoarseness and La Grippe. Guaranteed at Howell & Jones drug store. 50 c and \$1.00. Trial bottle free.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation. Daily Telegram and Enterprise, both one year, for only \$5.

The children's friend—Jayne's Tonic Vermifuge. Drives out blood impurities. Makes strong nerves and muscles. Gives tone, vitality and snap. Get it from your druggist.

ALWAYS TAKE MOTHER'S ADVICE. Mother's Medicine Chest.

When we look back to childhood and think of what mother advised, we feel pretty certain that she advised what was right from her own experience. She inherited later in her instinct of motherhood a knowledge of all ailments and a certain class of remedies that she knew well and their effects. Experience after all is the best teacher. Most mothers know as well as doctors, and often better, what will do a young girl on the threshold of young womanhood and what she needs. For nearly forty years many mothers have recommended to alling girls a prescription made from well-known native medicinal plants. Lady's Slipper root, Golden Seal root, Black Cohosh root, Unicorn root, Blue Cohosh root and chemically pure glycerine make one of the best prescriptions for the medicinal troubles and afflictions which visit womanhood at one time or another. Prof. F. Ellingwood, M. D., of Bennett Medical College, says of Lady's Slipper root: "It exercises special influence on nervous conditions, depending upon disorders of the feminine organs—relieves pain, restlessness and nervousness." Prof. Jno. M. Scudder, M. D., says of the same root, "It is valuable in all cases of nervous excitability or irritability." Of Golden Seal root, Edwin M. Hale, M. D., Professor of Materia Medica at Hahnemann Medical College, Chicago, says: "In its general effects on the system there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as a tonic useful in all debilitated states." Prof. F. Ellingwood, M. D., author of "A Treatise on Materia Medica and Therapeutics," says of Golden Seal root: "It is an important remedy in disorders of the womb." Of Black Cohosh root, Prof. Jno. M. King, M. D., author of "Women and Her Diseases," says: "Upon the reproductive organs it exerts a specific influence, promoting regularity. In dysmenorrhoea (painful periods), it is surpassed by no other remedy, and of the greatest utility in irritable and congestive conditions, for dragging pains resembling the pains of rheumatism and for aching joints." Of Unicorn root, the AMERICAN DISPENSARY says: "It is one of our most valuable agents, acting as a uterine tonic, and gradually removing abnormal conditions, while at the same time it imparts tone and vigor to the reproductive organs, hence it is much used in leucorrhoea, amenorrhoea (suppressed periods), dysmenorrhoea (painful periods), etc." Dr. John Pyfe, Editor of the "Eclectic Medical Review," says of Unicorn root (Hemionas Biocca), one of the chief ingredients of Dr. Pierce's Favorite Prescription: "A remedy which invariably acts as a uterine invigorator and always favors a condition which is the basis of the activity of the entire reproductive system, cannot fail to be of great usefulness and of the utmost importance to the general practitioner of medicine. In Hemionas we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." He continues: "It is a good medical book, written in plain English, and free from technical terms is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser. It's a book of 1008 pages, profusely illustrated. It is given away now, although formerly sold in cloth binding for \$1.50. Send 21 cents in one-cent stamps, to pay for cost of mailing only for paper-covered copy, addressing Dr. R. V. Pierce, Buffalo, N. Y.; or 31 cents for an elegantly cloth-bound copy.
