Judge, held a meeting at Damascus. The hall having been engaged for another meeting that night the speakers accepted the invitation of Mr. Hilleary, the merchant, and held forth in the grocery store. There was a good attendance of the voters of the precinct and a splendid interest was manifested.

Other than a meeting at Macksburg last night and another meeting scheduled for Canby tomorrow night, these speakers held no meetings this week. Beginning with a meeting at Clackamas for next Monday evening, however, these gentlemen will be very busy in their canvass of the county from now until the time of the primary election next month.

Dimick and Hayes at Sandy. Last Thursday evening Grant B. Dimick, for Judge, and G. E. Hayes for Representative, addressed the people of Sandy, holding quite an enthusiastic meeting. Mr. Dimick received much encouragement in his candidacy for county judge, being assured that he will receive a large majority of the Republican votes of that precinct at the primary election in April.

A Meeting at Damascus. Saturday night, Mr. Dimick addressed the people of Damascus, when like the speakers who preceded him the night before, he was obliged to hold forth at Hilleary's store by reason of the town hall being otherwise engaged for the evening. Other candidates attending this meeting and making addresses were: D. H. Dimick, for Sheriff; J. K. Morris, for Sheriff; John Lewellen and W. S. Rider, for Commissioner; Frank Jagger and G. E. Hayes, for Representative; and I. D. Taylor, for Clerk.

Brownell et al at Barlow. Senator Brownell, accompanied by a number of the other candidates, held a meeting at Barlow Saturday night. Besides Senator Brownell, George Randall, W. W. Smith, Dr. C. B. Smith and J. A. Talbert, of the Legislative ticket; E. P. Dedman, for Recorder; W. M. Shank, for Coroner, and J. A. Tufts, for Treasurer, also spoke. The Norwegian quartette sang a number of selections.

Meeting Was a Frost. Senator Brownell was not greeted by a very large audience at Wilsonville last Thursday night when he addressed the voters of that section of the county. Not to exceed twenty voters were in attendance. Other than Mr. Brownell, the speakers were Geo. Randall for Representative and J. A. Tufts, for Treasurer.

Mr. Gibson's Announcement. John H. Gibson, of Harmony Precinct, this week formally announces that he is a candidate for the Republican nomination for Representative. Mr. Gibson has for several years resided at Milwaukie and is counted among the substantial residents of the north end of the county. He is an enthusiastic Republican and stands for the people's choice for United States Senator. He also declares in favor of one normal school and for needed reform along other lines of important legislation. On page 8 in this week's issue will be found a statement from Mr. Gibson as to his position on various important measures and what may be expected of him in a legislative capacity if the voters of the county decide to nominate and elect him to that office.

Mr. Taylor, of Abernethy. Last week's Enterprise unintentionally announced that I. D. Taylor, candidate for the Republican nomination for County Clerk is a resident of this city. Such is not the case. Mr. Taylor owns property and resides at Abernethy precinct and this correction is cheerfully made in justice to Mr. Taylor.

Socialists May Correct Registration. The making of corrections in registration is being allowed by County Clerk Greenman notwithstanding an opinion recently rendered by Attorney-General Crawford, wherein that gentleman holds that there is no authority in the law for the change of a voter's registration after the same has been made. In his opinion the Attorney General on the question of changing the registration of a voter from one party affiliation to another held that the law expressly provides that a man cannot register more than once for the same election and he thinks that a change in declaring party affiliation would be practically a new registration.

This action by Clerk Greenman is of particular interest since in this county many Socialists have registered as members of the Republican party. The Socialists, having cast less than 25 per cent of the vote for Congressman at the last general election, are debarred from nominating at the primaries and for that reason many registered as Republicans in order to participate in the nominating of the candidates of that party. This fact becoming known, the Socialist party of this county at a meeting unanimously adopted a resolution demanding that the errant members of the party either modify their registration or be expelled from membership in the organization. The embarrassment of these backsliding Socialists was the greater for about this time was given the opinion by the Attorney-General that a change in registration that had once been made could not be changed.

But in view of the fact that the registration of these Socialists was done largely through a misunderstanding of the law, Clerk Greenman has concluded to permit them to change their registration to the extent of correcting their expression of party affiliation.

WILL BUILD JOINT BRIDGE. Bids Opened for Structure Across Pudding River at Aurora.

## JONATHAN BOURNE, JR.

### Republican Candidate for United States Senator.

### Champion of Statement One.

Jonathan Bourne, Jr., candidate before the Republican primaries for the nomination of United States Senator in Congress, for the long term commencing March 4, 1907, was born in New Bedford, Mass., February 23, 1855; was a member of the class of 1877 at Harvard University; came to Portland May 16, 1878; was a Republican member of the Oregon Legislature in the session of 1885 and the extra session of 1886; was one of Oregon's delegates to the Republican National Convention of 1888 and Oregon's member of the Republican National Committee from 1888 to 1892, and a delegate to the Republican National Convention of 1892; and was elected as a Mitchell Republican to the Oregon Legislature in 1896.

Mr. Bourne has been more prominently identified with the development of the mineral resources of Oregon than any other man in the state, having expended in the last 20 years over \$1,000,000 of his own money in the acquisition and development of Oregon mines.

While Mr. Bourne has had his residence and main office at Portland since 1878, he has had another office at New Bedford, Mass., and has carried on the business of his father's estate since 1889, which makes him familiar with many of the large interests and leading men in the East. These qualifications, in conjunction with his tremendous energy, originality, executive ability and experience in business and political affairs pre-eminently qualify him for making an able and influential Senator for the State of Oregon.

Mr. Bourne has always favored extending the direct power of the people over their government as far as possible. He was one of the leading spirits in the Initiative and Referendum movement from 1896 until it was approved by the voters at the June election in 1902. In 1904 he was a member of the executive committee of the Direct Primary Nominations League, and holds the same position with the People's Power League at this time. In all these movements he has been one of the few to guarantee the necessary expenses of preparing and proposing their measures to the people.

He says that the choice of United States Senator should be by direct vote of the people, and that the Legislature should be compelled to elect the man the people select. To accomplish this result, is championing Statement No. 1 of the primary elections law as the only method by which public opinion may be crystallized and made effective upon the Legislature.

In his petition for nomination he says:  
"If I am nominated and elected I will, during my term of office, Favor: Republican Politics.  
Amending National Constitution for People's Election of United States Senators.  
Publicity Political Campaign Expenses.  
National Control of Corporations in Interstate Commerce.  
Rigid Exclusion of Asiatic Coolie Labor; Good Wages Make Good Citizens.  
Legal Limitation Labor Hours for Safety on Railroads.

Liberal Appropriations for Panama Canal, Coast Defenses, River and Harbor Improvements, Including Columbia, Willamette Rivers, Coos, Yaquina and other Oregon Harbors, Celilo Canal, Government Canal at Oregon City.  
Fair Share of Irrigation Fund for Oregon.  
Loyal Support of Successful Candidates.  
Rigid Enforcement Statement One.  
Roosevelt for Second Elective Term.  
I desire that the following statement be printed after my name on the nominating ballot:  
**I WILL SUPPORT PRESIDENT ROOSEVELT'S DETERMINATION THAT JUSTICE BE DONE ALL MEN."**

Queen truss, uncovered, \$1194.68; one 64-foot span, uncovered, \$862.49. C. F. Royal & Son, of Salem; 100-foot Howe truss, covered, \$1249.00; uncovered, \$1047; 120-foot Howe truss, \$1457-\$1249; 72-foot Howe truss, \$1140-\$996; 100-foot improved Howe truss, \$1500-\$1319; 64-foot pony truss, \$975-\$831.  
The proposals have been referred to the county Engineer and will subsequently be presented for the consideration of the Marion county court which will share the expense of the new bridge.

MILWAUKIE GRANGE MEETING. On Saturday, March 17, Milwaukie Grange held one of the most interesting meetings of the present year. A splendid dinner was served to a large crowd and several visiting grangers, after which the following program was rendered:  
Discussion of Current events.  
Piano Solo.....Miss Ruegg

Address....."Municipal Ownership"  
By Miss Ruegg, principal of Milwaukie School.  
This was a most scholarly, instructive talk, that held all attention. Readings, resolutions, etc., closed one of our best sessions. The following resolution was unanimously carried:

## HOW'S THIS FOR CLACKAMAS? Sheriff Shaver Sells a Record-Breaking Herd of Beef Steers.

Sheriff J. R. Shaver on Monday sold ten head of three and four year old beef steers to a local butcher. The aggregate weight of the herd was 15,260 pounds. While the average weight of the steers was 1526, one of the animals weighed 1960. This is the largest steer that has been marketed at Oregon City in years. Sheriff Shaver owns one of the best farms in Clackamas county, being located near Molalla, and he is one of the most successful cattle raisers in this section of the state. He has a prize winning herd of Herefords but the herd that was marketed Monday comprised beef cattle of mixed breeds with the exception of two young Herefords.

### AN IDEAL STATE FOR AN OUTING

There is perhaps not another State in the Union nor a strip of land on the American continent which offers greater attractions than those offered by California as a place to spend your vacation. Its hundreds of miles of Coast line, its giant mountains, fertile valleys, forests of trees and other numerous attractions make it an ideal place to spend a vacation, superior to any other on this continent.

So many teachers contemplate the spending of their vacation as agreeably as possible, to the best advantage and at a small expense, it was deemed prudent by the California Committee of the National Educational Association to print booklets which give all the information, and answer the many inquiries received from all parts of the United States about the cost of attending the San Francisco meeting of the N. E. A. In July next, the cost of living in San Francisco and in other parts of California and points of interest of the Pacific Coast. The booklet gives the railroad rates for the round trip over all the direct routes to and from San Francisco, from all the principal points in the East and as far West as Salt Lake City and from the Northwest. It tells of the privileges granted on these special tickets, going by one road and returning by another, the stop-over and the length of time for which these privileges hold good. It also gives the rates of hotels, boarding houses, accommodations in residences, both the American and European plan. The cost of single meals in restaurants or at hotels, the charge for taking luggage to and from different points. It enumerates the principal resorts in California and on the Pacific Coast, how to reach them, the mode of travel, the cost of the round trip, and hotel rates. It also shows how teachers can spend their vacation profitably in California for as many weeks as they desire at no greater expense than it would cost almost anywhere else. They could learn more during their stay in California than by traveling many months in other parts.

The knowledge the teachers will acquire on their trip across the continent and during their stay in California and on the Pacific Coast, and on their side trips which are being planned for their special benefit, will be of great value to them and to those whom they teach, and will furnish them ample and interesting material to dwell upon for many months and perhaps years to come.

These booklets may be had, free of charge, by those who desire them on application to the N. E. A., California Headquarters, 25 New Montgomery St., San Francisco.

## HASN'T EXPLAINED

### Brownell's Indictment Serious Stumbling Block

#### CLACKAMAS COUNTY VOTERS CAN'T BE FOOLED.

#### Charge of Federal Government is Contingency for Which Senator Was Not Prepared.

Interest in the political situation in Clackamas County increases as the date for holding the primary election approaches. Practically all the meetings are largely attended which indicates an interest among the voters surpassing that of preceding campaigns. This interest is further manifested since a great majority of the voters have already registered and it may reasonably be predicted that there will be a good vote out at the primaries, a result that was at first feared.

Brownell on the Defensive. Of absorbing interest is the contest for State Senator for which Senator Brownell asks a re-nomination and re-election on his record which is being shown up in a convincing manner by Mr. Brownell's opponent for this nomination, Mr. L. L. Porter, of West Oregon City.

From the start Mr. Brownell has been on the defensive and has been not a little embarrassed in an attempted explanation of his legislative record, to say nothing of the federal indictment that is pending against him. The Senator has so easily excused his legislative course in the past that such a little thing as that never disturbs him in the least, but he finds that to explain away the indictment with which he is confronted is the most serious stumbling block he has encountered in his political experience in this county.

Voters Have To Be "Shown." What disturbs the gentleman more than anything else is that the voters are getting on to him and do not accept his very plausible explanation as to the indictment. In the past he has repeatedly fooled the people until by this time he finds they are decidedly suspicious of him and require of him proof of the most convincing character that he is not guilty of the crime with which he is charged by the government officials.

This proof he is unable to supply and, in the absence of any other defense, has resorted to the usual subterfuge, that of attempting to establish an alibi but that sort of thing does not buy much with the people of Clackamas county who have reached "gentleman with Clackamas" that it is necessary for them "to be shown," a contingency for which Mr. Brownell for once is not prepared.

#### Would End Brownell Rule.

While Clackamas county voters may have been influenced wrongly and duped in the past, they have awakened to the situation and with the Dutchman, are agreed that "too much is too plenty." They demand a change and they are going to have it.

The sentiment is largely for a termination of the Brownell reign as dictator of Clackamas county politics and with the situation now in their own hands the people are going to see if something cannot be done to divorce corporation influences from matters of legislation, so far as this county is concerned, anyway, to the end at least that these corporations, with whom Brownell now and always has had close relations, are made to pay their just portion of the burden of taxation to the reduction of the amount of tribute that is being paid by the farmer and producer—all this in order that Senator Brownell may be retained in his dictatorial role as the political boss and manipulator of Clackamas county.

The people are demanding a change and propose to have it without any further delay.

# Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome. Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare. Royal is the greatest of bake-day helps.
