

# Our Correspondents' Corner

Brief Hits of Gossip From All Parts of the County.

## UNION HALL.

Mrs. Martin Anderson and daughter Inga were visiting Mrs. John Thomas last Monday.

Mr. B. J. Helvy and son Curtis went to Canby Monday and purchased a new buggy.

Mrs. James Wilkinson's sister from Seattle is visiting her at present.

James Adkins is going to start a new logging camp in the near future in the timber he has purchased here lately.

Leonard Weiner has moved on his farm that he purchased near Macksburg.

Lee Adkins has moved in the Parker house near Adkins saw mill. The place is now owned by Mr. D. R. Dimick.

Bud Hilton and wife were visiting Mr. Hilton's mother and brother last Sunday.

Mr. H. S. C. Phelps made a business trip to Central Point a few days ago. Curtis Helvey was calling on relatives and friends near Marquam a few days ago.

The mail carrier has quit carrying the mail on horse back and is now using his mail wagon again.

Frank Hilton and T. J. Grimes made a business trip to Canby last Saturday.

Mrs. Riggs has bought a cream separator from Mr. Anderson.

## MACKSBURG.

We are having quite a change in the weather, little damage being done to the grain. This seems more like Oregon weather when it rains.

Mr. and Mrs. Charlie Collins are the proud father and mother of a daughter. Both mother and daughter are doing well.

Mr. and Mrs. J. B. Mitts of Macksburg, attended Rebekah lodge at Needy on March 17.

The Farmer's and Mutual's telephone meeting held at Needy Saturday, March 17, accomplished very little toward "free exchange." Watch the Mutual telephone grow.

## DOVER.

Mrs. Ahnert went to Portland last

Friday to pay the dentist a visit.

Mrs. A. F. Kitzmiller, who has been very ill for the last two weeks, is convalescing.

Friends and neighbors extend their deepest sympathy to Mr. and Mrs. H. L. Brown on the loss of their infant son last Friday.

Mrs. Guy Woodie has been staying with her mother, Mrs. A. F. Kitzmiller for the last week.

Mr. and Mrs. Exon and daughter have returned to their home in Beaverton.

Friends and neighbors are pleased to hear that Mr. Keith has been able to sit up for the last few days.

Mr. Guy Woodie and George Kitzmiller left for the new logging camp Sunday.

Miss Edith Sellman who has been ill for the past month is able to be up and around.

## BARLOW.

We are afraid the frost has done a great deal of injury to the early fruit. As we examine the buds carefully we find they are black in the middle, which means they will fall off as soon as spring opens. The grain does not seem to be hurt any.

There was a great political meeting here Saturday, the 17th. Most all of the voters in Barlow turned out. Some very interesting speeches were made by Geo. C. Brownell and Geo. Randall, and other candidates. Fine music was rendered by the Norwegian quartette. Most of the voters here have registered, which means a full vote at the primary election.

Some eastern men were here some time ago looking after land, which means we will have more settlers in the near future.

The Lewis and Clark Exposition was a great advertisement to Oregon. These men came to attend the fair, but decided to settle in this part of the country.

## CANBY.

Clyde Dick went to Portland on a business trip Tuesday.

Calvin Roher has returned home from Portland, and he may be found

## Often The Kidneys Are Weakened by Over-Work.

### Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle sent to you by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

at Schmidt's butcher shop, where he is at work.

Prof. W. P. Drew, of Salem, will speak in the M. E. Church on Sunday morning, and at Central Point in the evening.

Rev. Cleo spent Tuesday in Portland.

Mr. Amos Martin is improving slowly. We hope for his speedy recovery.

R. Borroughs and family are moving in the Walgamot house this week.

Pete Olsen and Emma Huff were married last week by Rev. Allen of Portland. They have gone to house-keeping on the home place east of town.

John Drake, of Marquam, was visiting in Canby a few days last week.

## PARKPLACE.

All that is heard talked about now-a-days is politics.

Mrs. Johnson and son, from Portland were guests of Mrs. Johnson's mother, Mrs. M. Rivers.

Miss Mabel Kennedy was unable to fill her position the first of the week on account of illness; Miss Laura Purcell taught in her room.

Ralph Johnson has been confined to the house for two weeks with a fever which threatened to terminate in typhoid, but Dr. Strickland is in attendance, and the little fellow is now gaining.

Mrs. W. F. Brayton spent Monday in Portland.

Friday evening, March 20, the Park-place school will give an exhibition of the work done in the various rooms. The high school will give a debate, to which all parents and friends of the school are invited. No admission. The entertainment will be given in the Assembly Hall beginning at 7:30 p. m.

A pleasant little party was given by Mrs. W. F. Brayton for her grand-daughter, Miss Stella Kellogg, of Oregon City on Saturday evening, March 17. It was Stella's 14th birthday and her grandmother thought it a pleasant way to celebrate the day. Several of her young friends were invited, and they all spent a pleasant evening. The music of the Aeolian was especially interesting.

Miss Ruth Peckover celebrated her 9th birthday with a party last Saturday afternoon. Fifteen of her little girl friends helped her to spend the afternoon pleasantly.

Captain Smith is suffering with the

## Bright's Disease

Not Rare, but Common—Kidney Disease Develops into Bright's Disease the 8th to 10th Month; Then Incurable by All Known Means Except the New Fulton Compounds, which Record 87% of Recoveries.

We have before us a little work on kidney diseases by Joseph F. Edwards, M. D., of Philadelphia, that contains some things that everyone ought to know. Many people imagine Bright's Disease is rare, when, in fact it covers nearly the whole gamut of kidney diseases. This book sets out that the kidneys have but one function, viz., the elimination of the urea and waste products, and that all interferences with that function are called Bright's Disease. Dr. Edwards adds: "For the benefit of physicians who may read this book I will give a list of the cases which I attribute to Bright's Disease, viz.:

Albuminuria.  
Congestion of the Kidney.  
Degeneration of the Kidney.  
Fatty Degeneration of the Kidney.  
Inflammation of the Kidney.  
Trauma.  
Disease of the Kidney."

Thus nearly all kidney disease being Bright's Disease, the serious question is, is it in the primary or secondary stage? After the eighth to tenth month it becomes chronic and is then incurable by all known means except the Fulton Compounds. There is often no notice of the trouble till it has fastened. If you have kidney disease in the first stage the Fulton Compound will cure it quickly. It is of more than 10 months standing it is the only thing known that will cure it. In proof that nothing else will we cite all medical works in evidence. The trustee holders of the John J. Fulton Co., business and professional men of San Francisco, are the first in the world to announce the cure, presenting a definite percentage of recoveries (87 per cent), and giving out the lists of the cured, all among purely chronic, well-defined cases. If you have any kind of kidney trouble, there is only one thing to take. The Fulton Compound for Bright's Disease is 15¢; for Diabetes, \$1.50; John J. Fulton Co., 409 Washington street, San Francisco, sole compounders. Pamphlet free. We are the sole agents.

Charman & Co., City Drug Store.

rheumatism. We are sorry to see the Captain laid up.

Mrs. W. W. Smith is slowly improving after three months of extreme suffering.

Miss Effie Morris has given up her school and come home to help take care of her aunt, Mrs. Smith, who is so ill.

Miss Guard has returned from her three weeks' visit with her parents, and is again at Mrs. Apperson's.

## THE BEST COUGH SYRUP.

S. L. Apple, ex Probate Judge, Ottawa, Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c and \$1.00. Sold by Huntley Bros. Co.

## SPRINGWATER.

Another farm changed hands. Mr. W. Bard sold to Gus Wilcox, of Curranville the A. Cary place containing about 80 acres. Consideration, \$3200. The 12th inst was Mrs. Mager and A. M. Shibley's birthday. The Y. P. S. C. E. of the Springwater Church had a social at the manse and presented the above named with a Christian Endeavor pin for a birthday present, which was thankfully received.

On the 12th inst, the mercury was down to 20 and has been around the freezing point ever since this 19th.

The regular meeting of the Grange was held on the 10th. More initiations. The contest was a tie of the former meeting and both contestants contributed to a splendid oyster supper.

## INVALUABLE FOR RHEUMATISM.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24, '02: John C. Degnan, Kinsman, Ills. 25c, 50c and \$1.00. Sold by Huntley Bros. Co.

## NEEDY.

The welcome rain is with us again and we are glad to see it.

Bad colds and lagrippe are very much in evidence here on account of the cold wave.

L. L. Gribble went to Portland one day the past week to sell some hay, but reports a poor demand and low prices for hay there.

The school entertainment at Needy will take place on April 7th. It will be a basket social. A fine program is being arranged.

Henry Wolfer is putting up a barn. Geo. Oglesby was doing business and interviewing candidates at Oregon City last Saturday.

Some of our leading Republicans here are determined to have a new deal and will make the fur fly from now until after election. Just watch our smoke.

The Bell Wether spoke to a very small crowd at Barlow Saturday last. He had his rooster from Clackamas to coach for him. Say Peck, just drop that little performance as you do more harm than good. (Cum tux?)

It seems that Oregon City wants the whole pie and especially those who have had their hands in the taxpayer's pockets (so to speak) for years. Just wait and see if some of them don't get it in the neck. We want new men and a new deal all around and we propose to have it. The south part of this county has been robbed about as long as we propose to be and are going to see that we get our share of road funds hereafter. So we can set to haul our produce to market. The south part of the county has the poorest roads in the county and our lands are taxed at almost full value and we demand that our county court do the fair thing by us hereafter.

There was a social party at Mr. D. B. Yoder's last Saturday night and a fine time was had.

We learn that Judge B. F. Smith will soon grind out another grist of justice to those Needy toughs.

Mr. Geo. Oglesby and sons will put in some tiling for Mr. Geo. Fry of Aurora next week.

Mrs. John Goetz has been quite sick the past week. Dr. B. F. Giesy is in attendance.

## STAFFORD.

(Received too late for last week.)

As Mr. Keller, no lives on the old Prindle place, and family sat at dinner Sunday, they became aware that the house over their heads was on fire, and in spite of their efforts, and the help of the few neighbors who arrived on the scene, it burned to the ground. They got a few of the lighter things from the lower story, but the upper part of the house was a total loss. His old father and mother and a dumb brother occupied the upper part of the house and lost everything including \$15 in money in the father's room and about \$3 in the brother's room. The family are being sheltered at William and Henry Schatz' and willing neighbors are helping to haul lumber to build a new house.

Mrs. J. L. Gage and children, from St. Helens, are visiting the old place.

Mr. Bethle is very low. Bright's disease now having set in. George and his wife and baby are at home helping to care for him.

The smallpox scare is over with and all begin to believe it must have been something else, possibly the medicine in Mrs. Powell's system, taken at the hospital when operated upon for appendicitis.

## NEEDY.

Born, March 19, to Mr. and Mrs. Wm. Stewe, a daughter.

Mr. and Mrs. John Gahler, Jr., were visiting relatives at Newberg several days this week.

There will be a basket social and entertainment given by the school in Thompson's Hall on April 7th. Ladies should all bring baskets and the boys the money.

The butcher, Mr. Kiel, of New Era, was seen in our vicinity one day this week.

One of the girls of Needy celebrated her 29th birthday Monday, March

12th, which was quite an exciting time. The present she received was a beautiful ring.

Mr. McGonegal and family called on Mr. and Mrs. Jack, of Butteville, Sunday.

Mr. Carl Hilton has been sawing wood for Henry Wolfer this week.

Mr. Frank Fish, who has been on the sick list, seems to be improving at this time.

**EAGLE CREEK.**

We are having pleasant weather, except cool east wind a good portion of the time.

Mr. Geo. Judd was loading potatoes on a car at the depot last week to be shipped to Portland.

Politics seem to be quiet in this section. As yet there have not been any speakers at Eagle Creek to show up the political issues of the day.

Geo. Kitzmiller and Guy Woodie passed through Eagle Creek Sunday on their way to the new logging camp at Barton.

The Grange was well attended Saturday and three new names were proposed for membership.

We understand that the ladies of Eagle Creek and Estacada organized a Maccabee Bee Hive last Saturday with some 16 or 18 members.

Wm. M. Wood began a short term of school in district No. 50 yesterday. The fruit growers of this section

are as yet unable to determine the extent of the damage to fruit from the late freeze.

It seems strange that there should have been 4 inches of snow Sunday in Portland while at Eagle Creek the ground was barely covered.

R. B. Gibson is hauling the balance of the lumber for his new barn.

There is some fear among the farmers that the grain that was sown just long enough to be up is badly injured by the cold weather.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, 75c.  
Take Hall's Family Pills for constipation.

MOLALLA.  
Spring has returned. Everybody looks more cheerful. Mrs. Spaulding had the misfortune to lose a brooder and a hundred or so chickens by fire during the high wind. Mr. Hansen has been removed from his residence to P. M. Boyle's where he can be better cared for during his illness.

Mrs. Elsie Sawtell is still quite low with fever.

Mrs. L. W. Robbins returned from the treatment of the Good Samaritan looking splendid, and very glad to look at her friends once more.

O. W. Robbins is putting out an orchard on his new farm overlooking the Molalla.

Thos. A. McFaddin allowed his "peepers" to range over one of the county papers and they picked at some of the inky political items, for food, and straightway went out of existence.

Geo. C. Brownell is billed to speak here next Saturday. Suppose the Liberal brother scribe will come up and hear the Molalla voters soft-soaped again.

Molalla too, has "one man" who comes up to voting for Brownell, many years ago, when it was popular to be fooled and "taffied" with such flattery that every body likes and all the fool suckers are looking for, but if the Molalla people will forgive him he will sin no more in that line.

**TORTURE BY SAVAGES.**

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured the Kidneys," says W. M. Sherman, of Cushing, Me. "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures Liver Complaint, Dyspepsia, Blood Disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by Howell & Jones druggists. Price 50 c.

Impure blood runs you down—makes you an easy victim for organic disease. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

**DENTISTRY**  
At Molalla, every Monday; Saturday on Appointments.  
**JOHN W. THOMAS, Dentist**

Send for free sample.  
**SCOTT & BOWNE, CHEMISTS**  
409-415 PEARL STREET, NEW YORK  
50c. and \$1.00. All druggists.

THE above picture of the man and fish is the trademark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe.

If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.
