

# Constipated All His Life.

MR. and MRS. WILBERT THOMPSON,  
801 Main St., Peoria, Ill.  
MULL'S GRAPE TONIC CURED HIM.

Wilbert Thompson never knew a well day until last June—he had been constipated all his life—many doctors treated him, but all failed to even help him—his health failed rapidly and on January 21, 1903, Mrs. Thompson asked us to suggest a treatment for her husband—We thought the case too serious and recommended that a specialist be consulted—but he also failed to help the patient—NOW HE IS WELL.

## Mull's Grape Tonic Cured Him

Mrs. Thompson first wrote us as follows: "My husband, aged 23, suffers from sharp pains in his stomach and sometimes thinks it is his heart. Let me know by return mail what causes the pain, if you can. Mr. Thompson has been treated by several doctors, but they have not helped him up."  
We promptly advised that a first-class specialist be consulted. We quote: "We want to sell Mull's Grape Tonic, because we know it will cure constipation, but see, a bottle is no object to us when a human life is at stake, and if your husband's case is as serious as you state, we suggest you consult a reliable specialist, not the advertising kind, promptly." At the same time, knowing that Mull's Grape Tonic could do no harm, we advised its use until a physician could be consulted. January 25 Mrs. Thompson wrote that a physician had been consulted. He diagnosed the case as being chronic constipation and dyspepsia. His treatment was followed faithfully, but there was no perceptible improvement in Mr. Thompson's health. Then he began taking Mull's Grape Tonic and on Sept. 3, 1903, we received the following letter from Mrs. Thompson:

"You will remember that I wrote to you last January in regard to my husband's health. It is four months since he quit taking Mull's Grape Tonic for constipation, which he suffered from since birth. He took just 24 bottles of it and is perfectly cured. He is much stronger and has gained considerably in flesh. I cannot thank you enough for Mull's Grape Tonic. 'It is worth its weight in gold.' Just \$12 cured him and he has spent hundreds of dollars with doctors who did him no good. Now I want to state my case to you and expect your early reply. I also have constipation, have had for three years. Kindly let me know if I am sure it will cure me if you say it will, as it did all you claim it would in my husband's case. I await an early reply."  
Very respectfully yours, MRS. W. H. THOMPSON, 801 Main St., Peoria, Ill.

We wonder if Walter L. Tooze is an advocate of Woman Suffrage. It is hardly probable, for we fear he remembers too well the time he was a candidate in his home town for school director, against the late Mr. Tomlinson.

Mr. James Hylton, assisted by the Misses Hylton and Wiehert, entertained a large party of friends at Twilight Hall on Wednesday evening. Progressive whist was a feature of the evening. Miss Rachel McCord won the ladies' prize, a cup and saucer, and Mr. D. B. Martin, the gentleman's prize, which was also a beautiful cup and saucer. Mrs. Hylton received the booby prize. Mr. Geo. You misunderstood the item concerning our mail carrier in last week's news. We don't intend to criticize our carrier as he no doubt does the best he can. We simply noticed that on Inspector's day he was two and one half hours earlier. We simply wondered why.

(For the simple reason that the carrier drives one pony and cart, while the inspector hired the best team he could get in town and drove like the wind.—Ed)

Frank Dimick, Gordon E. Hayes and Frank Jaggard, Republican aspirants for office, spoke to a large audience in Shubel school house Friday night, March 16. While candidates have a right to criticize each other, yet in our judgment Chas. Dye, of Oregon City, has no superior as a man of honesty and integrity, and if the Republicans desire to make a good record in the legislature, he is the kind of men they require.

Wm. Moehnke, our enterprising saw mill man is running his shingle mill daily and has his sawmill nearly completed.

Fred Heft, of Highland, has traded farms with Chas. Shockley, of this place.

### STAFFORD.

The items of last week did not reach the editor in time, or were farther and found an early grave in the waste-basket. However we will try again.

The unusual week of black frost turned the fields and yards as though hot water had been poured upon them and probably killed the early fruit. We never pull off buds to see, as we might destroy one that would grow, and there will be none to spare.

But Sunday morning we found the world dressed in white which remained upon the ground till Tuesday. The snow was very wet, and thereby saved the fields of grain, and grass took a new start. About an inch of snow water penetrated the soil taking out the frost without heaving the ground, and the farmers once more year a smiling face.

A few ladies tired of being shut in by the cold weather, went out calling. Mrs. J. L. Gage, who came home on a visit, has been quite ill for the past week, but is recovering. Some people have colds.

Mr. Bellie is still about the same. The road to Willamette by the Field bridge which has been almost impassable, is reported as having dried up quite a little and one can get through comfortably.

Curly has been hauling brick from Charley Thompson's to Willamette.

Mrs. Mays went to Oregon City Friday with the mail carrier.

### IT PAYS TO BE HONEST.

And it may interest you to know that we make sales almost every day to people who have been sent here for this meritorious prescription by those who themselves have been greatly benefitted.

### BEAVER CREEK.

There will be an entertainment and basket social at the Henriek school house, March 31, 1906. Boys, bring the girls; girls, bring the baskets.

Beaver Creek was surprised Sunday morning by a white mantle of snow about two and one-half inches deep.

The late frost has not done much damage to fruit and grain is thought although all the early clover seed has been killed.

Norman Howard was parading the streets here last Sunday.

Mr. Wm. Phelps and family, who has been visiting relatives here the past week has returned home again.

A. Thomas called on Fisher Bros. one night last week.

Miss Lucy Guerr called on Miss Maud Daniels last Sunday.

Mr. Charlie Steiner and Fred Bohlander leave this week for the West Side rock crusher.

Mrs. E. Parry called on Mrs. D. W. Thomas last Sunday.

Maud Daniels is helping Mrs. R. Beattie house cleaning this week.

For the first time in 54 years has the Graham grave yard has been thoroughly cleaned up and made to look as if civilized people lived around it.

A large force of the relatives of those who have been buried there gathered and grubbed and slashed for several days last week and cleaned up all the trash which grew around the grounds.

The first person to claim a grave in this yard was Mrs. Adams, wife of Charles Adams, who first gave space for the grave yard. She was buried November 13, 1852, and this is the first time that a reinterment has been done. Everyone who has relatives buried there is expected to help level and clean or donate towards helping as there is a good deal of work to be done yet. Those who are interested, show yourselves.

Services at the First Welsh Congregational Church next Sunday will be as follows: Sunday, 10:30 a. m. The Ordinance of Baptism will be observed. Several little children will be christened. Also the Holy Communion will be observed at 2 p. m.

Rev. R. H. Owen, pastor, will preach his farewell sermon, as he has received a call from a Congregational church at Arvonia, Kansas. Rev. Owens intends to leave here early next week. He intends to make his Eastern trip through parts of California and New Mexico. Everybody cordially invited to attend the above services.

Several of the members of said Congregational Church attended a prayer meeting at Mrs. Charlote London's of Carus, last Tuesday and had a splendid meeting.

Everybody seems to feel very sorry that Rev. Owen is leaving his church. He has served the church faithfully for nearly two years. He leaves on his own accord entirely. We wish him God's blessing in his new field of labor.

### MULINO.

staying with G. Ashby, has gone to Albany, where she will make her future home with her grand-mother.

Mr. Jasper Trullinger came home Monday after spending a few days with his relatives, his mother-in-law, who was very sick is now improving.

It is said that Miss Maud Manning has left this town for a few weeks. Can this be true?

Miss Nada Lee was the guest of Blanche Wiles Sunday.

A few of the young people were seen heading for Oregon City Sunday in spite of the bad weather.

### LOGAN.

The damage done by the recent "freeze-up" cannot yet be estimated. Many farmers think their clover is at least three-fourths per cent killed.

Early peaches and fruits that were near the blooming stage are most all killed. Haven't heard how the pea raisers, who grow early market peas are affected by the frost.

Mary S. Howard, secretary of the State Grange, visited Harding Grange at the evening session Saturday night.

Mr. Frank Wilson and Geo. Kohl went to eastern Oregon on a short trip to see the country. Mr. Wilson contemplates going there to reside in the near future.

Miss Lydia Steinman is staying with Mrs. Young for the present.

At the annual stockholders meeting of the C. C. Creamery, the same board of officers were re-elected for the ensuing year. There was not a very large attendance but every thing went off pleasantly. From the secretary's annual report, this creamery made 95,838 pounds of butter during the year, or not far from fifty tons of butter, which the receipts show brought \$24,177.51. The net average received by patrons for butter fat for

the year being 24 1/2 cents per pound. This is quite a little money to be scattered about among the farmers.

Mrs. Riebhoff is out from Portland visiting her sons Frank and Fred of this place.
