JOHN H. GIBSON of Harmony Precinct

Candidate for Republican Nomination for Representative

Asks for Republican Nomination for Representative

John H. Gibson, of Harmony Precinct, will support the People's choice for U. S. Senator, Would Have Only One Normal School, Advocates State Banking Law, Election of Road Supervisors by the People, Fair taxing of Corporations, Separate Appropriation Bill for Each Item of Expenditure, Abolishing office of State Printer, Repeal of Law for Burning Slashings and Lastly will work for Enactment of such Laws as are Demanded by the People and for the Repeal of all Unnecessary Laws now on the Statute Books.

MR. GIBSON'S POSITION.

Harmony Precinct, Clackamas County, Oregon, March 19th, 1906.

To the Editor Oregon City Enterprise, Oregon City, Oregon.

Dear Sir:

If you will allow me the space in your paper, I should like through its columns, to announce to the voters of this county my candidacy before them for the Republican nomination on the Legislative ticket.

The first question to which I wish to call attention is the duty a public official owes to the people. I do not suppose there ever was a man selected to office who discharged the duties thereof to the entire satisfaction of everyone, no matter how careful and honest of purpose he may have been, and should you honor me by electing me, I do not suppose that I would prove an exception. However, I desire at this time to say, that if I am elected to the next Legislature, I will to the best of my ability faithfully and honestly discharge the duties incumbent upon me.

My views in regard to the duties of a Representative of the people are, briefly stated, as follows: First, to work earnestly and honestly for the enactment of such laws as the country and the people demand and for the repeal of those laws now on the Statute books that the country does not need and the people do not want.

I am in favor of a law that will abolish all of the State Normal schools but one; the enactment of a State Banking Law, carrying with same the appointment of an examiner, whose duties shall be to examine all of the State and Private banks; the election of road supervisor by the people; a Tax Law so constructed, that corporations and public franchises shall be compelled to pay their just portion of the taxes; a separate appropriation for each item of expenditure.

I believe that it would be for the best interest of the tax payers to abolish the office of State Printer, and let the printing be contracted to the lowest bidder, and require the successful bidder to give a good and sufficient bond for the faithful performance of such contract. I also advocate the repeal of the law governing the burning of slashings, and I pledge myself, if elected, to support the people's choice at the June election for United States Senator.

I wish to say that I believe the direct Primary law will be of great benefit in purifying the politics of our State, and I am in hearty accord with same, for the reason that it takes the selection of candidates out of the hands of the politicians and places it in the hands of the voters.

In conclusion, I wish to state that if my views as briefly outlined above, coincide with those of my readers and they favor me with their support at the coming election, I hereby promise to devote my very best efforts in their behalf and to do all in my power to merit the honor conferred upon me.

Very respectfully,

JNO. H. GIBSON.
