Position of Candidate for United States Senator.

Every combination of capital known as a trust should be placed under the ban of the law, not only should trust corporations themselves from doing business, but the individuals responsible for the combinations should be punished as provided by law, says H. There is probably no man in the State of Oregon more pronounced in his opinions upon this subject than Mr. Cake, as evidenced by his actions

COMPLETE CROSS FOR JOINT REPRESENTA-

A .Brief .Statement .and .a .Short Platform. To the Republican voters of Clack-amas County:—

I have filed my petitions in the office of the Secretary of State, as a candidate for the position of Joint Representative for Multnomah and

Clackamas Counties.

If I am nominated and elected, I will during my term of office advocate, especially the following measures and principles:

"Goode roads, better men, an economic policy in the fiscal affairs of the State, the election of a U. S. Senator With scarcely an exception, all of the candidates for nomination to legislative and county offices on both the portation on the Willamette and Columbia Rivers and a greater Oregon.'

I believe in the taxation of public franchises, and that in relation to taxation, corporations and individuals should be treated exactly alike. Justice to all and special favors to none. At the same time capital should be encouraged to come into Clackamas County, and aid us in developing its vast and varied industries. I was a member of the Oregon Senate for the sessions of 1891 and 1893 and my record is fairly well known to the people of the county. I passed eleven bills through the Legislature in 1893 which received the approval of the system of Clackamas county and other counties of the State. We have already over one hundred miles of modern roads in our county as a direct result of this law. I also introduced and passed a bill putting the Sheriffs,

Both The Oregon Water Power and Railway Company and the Southern Pacific Company Come to Support of Clackamas **County Senator** 

## Him as a Logical Candidate

for Renomination and Re-election

Fearful lest their servicable legislative tool, Senator Brownell, be not Governor. Among them was what is renominated and returned to the State generally known as the cash road law Senate to further serve his steward-resulting in revolutionizing the road ship, both the Oregon Water Power & Railway Company and the Southern Pacific Company, have rushed to the support of the Clackamas County Senator in his candidacy for renomination and re-election.

They have written letters indors-Clerks and Recorders throughout the State on a flat salary. This last measure was forced through the Legisla-State Senate at this time. In addition ture only after a vast amount of hard they pledge their loyal support to Mr. work. It has saved to the taxpayers Brownell in his fight. They advise and faith in its future, and whether nom-inated and elected or not, will continue to work for the upbuilding of its in-that Senator Brownell should receive dustries and for every right and prop-er measure that will benefit our peo-serves. It is equally surprising in ers.

meeting at Yoder's school house where they were greeted by a large and in-terested audience. The voters evinced a keen interest in the addresses of the speakers whose stand for cleaner politics in Clackmas county was heartily applauded and endorsed. Music for Pledge Their Support of Brownell Yoder brass band of a dozen pieces. twelve young men constitute a musi-cal company that is a credit to themselves and the neighborhood in which they live. They play very creditably some difficult music and their selections constituted an entertaining feature of the evening's programm

Saturday evening these speakers addressed the voters of Barlow and vicinity The Norwegian choir of fifteen voices was heard in several se-octions that received the liberal applause that was merited The attendance was large and here as well as other places in the county where these gentlemen have held meetings, an unusual interest was displayed in the political situation in this county.
D. R. Dimick, candidate for sheriff also spoke at the Barlow meeting.

Many voters were unable to gain admission to the Shubel school house of the State hundreds of thousands of dollars. I also passed the law creating the office of Attorney-General. I have to once again rally to the support of Signed Statement No. 1. I was born in Clackamas County, and have great vices at Salem they have always speakers were received with attention faith in its future, and whether now, placed a high appraisement. And why and it was clearly evident that the and it was clearly evident that the people of that section of the county stand for better things politically in Clackamas as advocated by the speak-

## CANDIDATE FOR REPUBLICAN NOMINATION AS STATE TREASURER .

TO THE VOTERS AND CITIZENS OF CLACKAMAS COUNTY:-Nearly two years ago, after consultation with many of the citizens of this county, I made the announcement that at this time I would be a candidate for the Republican nomination as State Treasurer and from all parts of the county I received encouragement and proffers of support, as it seemed to be nearly the unanimous opinion that Clackamas County, the oldest in the State, should have recognition by the selection of one of its citizens for a state officer, it having as yet never received that honorable distinction; since that Write Letters Indorsing Richard Scott for County Judge, all time I have also corresponded with many of the most prominent members of the Republican Party in all parts of the State and have received much enthe Republican Party in all parts of the State and have received much encouragement together with the acknowledgment that in their opinion our county is entitled to a place upon the state ticket; they have stated however, that the reason that we have not been regognized in this matter before is that we have never been united in our demand for recognition; that jealousy and faction prevails among us to the extent that no good man can receive the united support of old Clackamas. Wherever I have been I have denied this statement as false and malicious, and that with a few exceptions, no men are more loyal and true to the interests of their county and its inhabitants than you men of old Clackamas. I have been twice honored by you in being elected as your county Judge and I can assure you that I have appreciated your kindness

#### JUDGE THOS. F. RYAN, OF OREGON CITY

Conceded now to be the people's choice for the office and as far in the lead of his competitors.

Judge Ryan is neither officer, stockholder, agent or employee of any banking concern and stands squarely on the platform that

"The funds of the State should not be used for the benefit of any particular bank or money loaning institution; that all moneys of the State deposited in banks by the State Treasurer should draw interest which should be paid into the State Treasury. That the State Treasurer be prohibited from speculating with the state funds in any manner, and that he receive no other salary or remuneration for his services than the salary allowed him under the law; that the State Treasurer be prohibited from having interest, directly or indirectly, either as officer, stockholder, agent or employee of any banking institution in which any of the moneys of the State are deposited or loaned.\*

and have always endeavored to perform every trust and duty in connection with said office without prejudice or partiality and to your satisfaction; when I was first elected the county was deeply in debt and I promised you that I should labor unceasingly to relieve you of same, and proud am I to state at this time, that after years of labor and discouragement, my word has been made good and today, in the Treasury of our County is sufficient funds to pay every outstanding obligation owing by Clackamas County, and I hope that never again will our great county be compelled to pay the large interest charges which for the past 24 years have assisted in making out tax rate so high; I am also proud to call your attention to the fact that your present corps of county officers have systemized and performed the work and duties

> The inconsistent feature of the whole situation is that Brownell per-sists in declaring before his intelligent audiences that he is not the tool of corporations, that their interests are not his interests, that his every act in public and official life has been in the interest of the "common peo-ple" to the exclusion of any and all other considerations. This plea may have obtained in the past, but it will not go now. The people have been fooled too many times. They have done with Brownell's perfidy and his inconsistency.
