

Constipated. All his Life.

MR. and MRS. WILBERT THOMPSON,
801 Main St., Peoria, Ill.
MULL'S GRAPE TONIC CURED HIM.

Wilbert Thompson never knew a well day until last June—he had been constipated all his life—many doctors treated him, but all failed to even help him—his health failed rapidly and on January 21, 1903, Mrs. Thompson asked us to suggest a treatment for her husband—We thought the case too serious and recommended that a specialist be consulted—but he also failed to help the patient—NOW HE IS WELL.

Mull's Grape Tonic Cured Him

Mrs. Thompson first wrote us as follows: "My husband, aged 23, suffers from sharp pains in his stomach and sometimes thinks it is his heart. Let me know by return mail what causes the pain, if you can. Mr. Thompson has been treated by several doctors, but they have given him up."
We promptly advised that a first-class specialist be consulted. We quote: "We want to sell Mull's Grape Tonic, because we know it will cure constipation, but 50c. a bottle is no object to us when a human life is at stake, and if your husband's case is as serious as you state, we suggest you consult a reliable specialist, not the advertising kind, promptly." At the same time, knowing that Mull's Grape Tonic could do no harm, we advised its use until a physician could be consulted. January 23 Mrs. Thompson wrote that a physician had been consulted. He diagnosed the case as being chronic constipation and dyspepsia. His treatment was followed faithfully, but there was no perceptible improvement in Mr. Thompson's health. Then he began taking Mull's Grape Tonic and on Sept. 3, 1903, we received the following letter from Mrs. Thompson:

"You will remember that I wrote to you last January in regard to my husband's health. It is four months since he quit taking Mull's Grape Tonic for constipation, which he suffered from since birth. He took just 24 bottles of it and is perfectly cured. He is much stronger and has gained considerably in flesh. I cannot thank you enough for Mull's Grape Tonic. 'It is worth its weight in gold.' Just \$12 cured him and he has spent hundreds of dollars with doctors who did him no good. Now I want to state my case to you and expect your early reply. I also have constipation, have had for three years. Kindly let me know as I am sure it will cure me if you say it will, as it did all you claimed it would in my husband's case. I await an early reply."
Very respectfully yours, MRS. W. H. THOMPSON, 801 Main St., Peoria, Ill.

HAWLEY SPEAKS AT MULINO.

It is seldom Mulino is given so rare a treat as that of last Friday night when Prof. W. C. Hawley, of Salem, candidate for the Republican nomination for congressman, spoke to a crowded house in the interest of his candidacy. Prof. Hawley is a pleasant gentleman, a ready speaker and the way he presented his subject showed marked ability and a thorough knowledge of our needs as a state. He is intensely patriotic and paid a glowing tribute to our nation and its defenders. His platform is so familiar to all readers it is not necessary to go into details, but suffice to say his talk on trusts,

corporations, and his defense of his position on the rate bill by saying he must first see a bill before pledging himself to it, his advocacy of government aid for main highways and sufficient appropriations for all river and harbor improvements were well received and merited the close attention and generous applause which followed. He will receive a very large percentage of the republican votes as a result of his visit and the untiring efforts of his friends. G. B. Dimick was present and in a few well chosen words presented his interests as a candidate for County Judge

CENTRAL POINT.

The warm sunshine and showers are making the crops grow beautifully in this neighborhood and the fruit trees are coming out in full bloom with every indication of a full crop for this harvest. The Central Point telephone company met in Brown's school house the 27th of March with President Geo. Randall in the chair. After the reading of the minutes of last meeting we found the company in a progressive condition. All debts having been paid. The effects of the late frost have nearly all disappeared with very little damage done. The people are busy preparing the ground for potato planting.

Geographical selection, other things being equal, if not better, the South Half of the County is entitled to a portion of the county offices; seeing there is a rising dissatisfaction with so many city office seekers. A conference should be held so Oregon City would not get more than it should. There is no urgent need of electing so much legal talent to transact the simple business of the county.

Ben Harless' new daughter is getting along all right. Ralph Sawtell is putting in a half mile of pipe line from a spring to his dwelling. Much clover was frozen out and has been resown.
