Brief Bits of Gossip From All Parts of the County.

## DAMASCUS.

We have a large school house in Damascus. But what it is for, pray don't ask us. The directors are surely not fools. Still they will not have spelling school. And oh, my! they make us weary! They will not let have a Literary. They voted against a singing school. They said it was against the rule. An entertainment was said to be too much. For they feared the school house would bust. But if it was for the use of George C. Brownell. They wouldn't care if it went to H— Brownell is bound to be an alderman. Oh, believe what I say! Take off your coat, but don't vote for him on election day.

# JONATHAN BOURNE, JR.

## Republican Candidate for United States Senator.

## Champion of Statement One.

Jonathan Bourne, Jr., candidate before the Republican primaries for the nomination of United States Senator in Congress, for the long term commencing March 4, 1907, was born in New Bedford, Mass., February 23, 1855; was a member of the class of 1877 at Harvard University; came to Portland May 16, 1878; was a Republican member of the Oregon Legislature in the session of 1885 and the extra session of 1886; was one of Oregon's delegates to the Republican National Convention of 1888 and Oregon's member of the Republican National Committee from 1888 to 1892, and a delegate to the Republican National Convention of 1892; and was elected as a Mitchell Republican to the Oregon Legislature in 1896.

Mr. Bourne has been more prominently identified with the development of the mineral resources of Oregon than any other man in the state, having expended in the last 20 years over \$1,000,000 of his own money in the acquisition and development of Oregon mines.

While Mr. Bourne has had his residence and main office at Portland since 1878, he has had another office at New Bedford, Mass., and has carried on the business of his father's estate since 1889, which makes him familiar with many of the large interests and leading men in the East. These qualifications, in conjunction with his tremendous energy, originality, executive ability and experience in business and political affairs pre-eminently qualify him for making an able and influential Senator for the State of Oregon.

Mr. Bourne has always favored extending the direct power of the people over their government as far as possible. He was one of the leading spirits in the Initiative and Referendum movement from 1896 until it was approved by the voters at the June election in 1902. In 1904 he was a member of the executive committee of the Direct Primary Nominations League, and holds the same position with the People's Power League at this time. In all these movements he has been one of the few to guarantee the necessary expenses of preparing and proposing their measures to the people.

He says that the choice of United States Senator should be by direct vote of the people, and that the Legislature should be compelled to elect the man the people select. To accomplish this result, is championing Statement No. 1 of the primary elections, as is the only method by which public opinion may be crystallized and made effective upon the Legislature.

In his petition for nomination he says: "If I am nominated and elected I will, during my term of office, Favor: Republican Politics. Amending National Constitution for People's Election of United States Senators. Publicity Political Campaign Expenses. National Control of Corporations in Interstate Commerce. Rigid Exclusion of Asiatic Coolie Labor; Good Wages Make Good Citizens. Legal Limitation Labor Hours for Safety on Railroads. Parcels Post, Including Rural Delivery. Pure Food Laws. Liberal Appropriations for Panama Canal, Coast Defenses, River and Harbor Improvements, Including Columbia, Willamette Rivers, Coos, Yaquina and other Oregon Harbors, Celilo Canal, Government Canal at Oregon City. Fair Share of Irrigation Fund for Oregon. Loyal Support of Successful Candidates. Rigid Enforcement Statement One. Roosevelt for Second Elective Term.

I desire that the following statement be printed after my name on the nominating ballot: I WILL SUPPORT PRESIDENT ROOSEVELT'S DETERMINATION THAT JUSTICE BE DONE ALL MEN."

The mask carnival conducted Tuesday evening by Logus & Goodfellow at their skating rink was a great success and proved exceedingly laughable to the large number of spectators. Several skaters masked. As a rule of recent years Clackamas County farmers have been devoting considerable attention to the breeding of an improved standard of horses and cattle and they find themselves the gainer now when the sale of these animals is being negotiated.

At this time 20 old maids of this city will sit in convention, discussing ways and means of attracting men—object matrimony. A new invention is introduced by which some of these old maids are transformed into beautiful, accomplished young maids who delightfully entertain the audience with songs, recitations, instrumental solos, etc. The convention proceedings will be interspersed with humorous mention of the bachelors of the time. You will miss something good if you fail to see this. Further particulars later.

## FIFTY CENTS

In some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.
