> Death of Olive Straight-Olive Myrtle Straight, aged 21 years, died of tuberculosis at the home of her father, Cyrus Straight, early last Saturday morning. Miss Straight was born in Oregon City where she lived all of her life. About six months ago she was afflicted with the dread disease that claimed her young life, and although she bravely waged the unequal contest, gradually failed until death relieved her. She was a bright and popular young woman and in their bereavement the members of the bereaved family have the sympathy of many sorrowing friends. Funeral services over the remains were conducted

In a small Indiana town there is an designated as inspector of streets and roadways, who receives the munificent salary of \$250 per year There was a lively campaign for this small plum not long ago, no other elections being near. The Democratic can didate was an old fellow by the name of Ezekiel Hicks, and it looked as though he would be successful, as a neat sum had been subscribed and turned over to him as a campaign fund. To the astonishment of everybody, however, he was defeated. "I can't account for it," one of the Democratic leaders said gloomily. "With that money we should have won. How did you lay it out, Ezeklel?" "Hum," Ezekiel said, slowly pulling his whisker; "yer see, that office only pays \$250 a year salary, an' I didn't see no use or sense in paying \$900 out to get the office, so I jest bought me a little truck farm instead.'-Ex.

Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the generative organs, positively curing disease and restoring health and

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge.

edge that they constantly prescribe Lydia E. Pinkham's Vegetable Com-pound in severe cases of female ills, as they know by experience it can be re-lied upon to effect a cure. The following letter proves it.
Dr. S. C, Brigham, of 4 Brigham
Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties. "My oldest daughter found it very beneficial for a female trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength.

and strength.
"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular periods, bloating (or flatulency), weakness of organs, displacements, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound. If advice is needed write to Mrs. Pinkham, at Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twentyfive years has been advising sick women free of charge. No other living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.
