This great number profusely illustrated, will be ready about May 22, and will be sold on the news-stand at 15 cents per copy, or sent postage prepaid by the publishers at the same price.

This will unquestionably be considered, from every possible point of view, the most valuable and the most entertaining in its relation to the tragic events of April 18th, 1906, which will be issued by any publication of the country.

The Pacific Monthly Publishing Company gives its emphatic guarantee to this statement. A Reward. DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. H. CHENEY & CO., Toledo, O.
