Reducing to a minimum the current expenses of the county.

These are in themselves ample rea-

sons for supporting the ticket which is one of the strongest ever named by the Republicans of Clackamas county. Every nominee on the ticket has the necessary qualifications and is deserving of election.

In view of these facts then, why should not the ticket be elected-With such a record, there is no reason for supporting other than the Republican nominees. In order for a Democrat to be elected, he must receive a great many Republican votes. But Republicans will be found standing by the representative men on their ticket; men who are clean, honest, capable and deserving.

The county campaign was opened at Canby Monday night with an enthusiastic meeting. Enthusiasm marked the meetings that were held at Frogpond, Clackamas, Barton, and for the ticket.

#### MAKING VOTES FOR WITHY. COMBE.

The Democrats must be reduced to desperate straits when they are compelled to resort to attacking the nationality of Dr. Withycombe, Republican candidate for Governor. is the only charge they have been able to bring against the Benton county candidate. It indicates that alarm exists among the minority party members for the success of "Our George." Making such charges can only be construed as a confession of the weakness of the opposition to Dr. Withycombe. Instead of detracting from the strength of the Republican candidate, this course on the part of Democracy is really proving a capital thing graft, always has been and probably Highland road; for Dr. Withycombe who is gaining

### Importance of the Teeth

When a pretty girl parts rosy lips and reveals decaved teeth, inflamed gums and a disagreeable breath, how quickly the charm is dispelled, and how painful and mortifying must it be to her to b: e victim of such a condition.

Many adies whose faces are unattractive in re pose, become positively charming when their smiles reveal clean, white teeth, well cared for. Though ladies may be dressed in the richest apparel, with eyes enchanting and features perfect, if they have decayed and broken teeth, diseased gums and foul breath, their friends cannot approach them without a feeling of repugnance.

In twenty-four hours we breath twenty-five thousand times. What must be the effect on the delicate structure of the lungs when for days, months and years the air we breathe is drawn through a a depository of filth and poisoned by being mixed with effluvia rising from decayed and ulcerated

The Imported German Coach Stallion

A beautiful bay, 16 hands high, weighs 1545 pounds, splendid coach action, that was admired so much at the Lewis and Clark Show, where he stood third in a class of Coach stallions that could not be beaten on either continent. Pfiel won first prize and championship at the Oregon State Fair in 1903-4, and is considered by good judges to be the highest class Coach stallion in the state. His colts are uniformly good, and out of trotting bred mares they look like pure bred coachers. Will make the season of 1906 as follows; Monday at St.Paul;

Tuesday forenoon at J. N. McKay's; Tuesday afternoon at Butteville; Wednesday and Thursday, Oregon City, at Heinz' feed stable; Friday and Saturday at Hubbard. Terms \$20 to insure with foal.
