STAFFORD.

And still the beautiful Oregon mist continues to descend. Some clover has been lodged, but oh, how the grain and weeds grow.

Last Sunday was Fred Ellegson's birthday, and his good wife celebrated it by inviting in a number of the relatives and friends to partake of an elaborate dinner.

The Oregonian printed an article last week which made some of the old farmers laugh who have been dealing with tent caterpillars with coal oil torch and other effective means, lo these many days. One man positively declares that he has studied the habits of said pests and they never return to the tents where they are hatched, when they once leave them, rain or no rain. It will be remembered the article stated that a few more days of rain would exterminate them, as they had to return to their nests and would starve to death. How some of us do like to rush into print.

John Seedling completed the examination of the graduating class last week and sent their papers to the Superintendent.

The cows created much havoc in the cemetery, that Mr. Turner went around and collected money to purchase wire fencing and Charlie Larson and the Borland boys finished putting it up Tuesday. It looks very neat. Mr. Gage and his man trimmed out his little grove in front of the yard, and put benches in to accommodate the people for Decoration Day. While the nice fence and the cutting of the brush and old trees has improved the place wonderfully, still there is plenty to do yet, and there will be work for all who come on the 30th of May to help.

There is fern to cut and rake off, cradle knolls to be leveled, graves of people whose friends are far away, to be fixed; roses to be trained and if the new ground which has been plowed is harrowed and rolled, that ought to be laid out in regular order. It is a pretty place, this city of our dead, and it is no disrespect to the day to work to beautify it. Therefore we hope to have a full attendance of willing workers, and don't forget the coffee pots and lunch baskets. There will be some way provided to boil the coffee and remember Mrs. Gage, who lives near has promised the milk and sugar, and she now adds a quantity of new tin cups.

Mr. Decker, a son-in-law of Mr. Barnes, arrived from Dunsmuir, last week.

The nephew who was hurt in Jones' saw mill and taken to the hospital, is out again and at work.

Miss Anna Bachman closed an eight months' term of school last Friday. The entertainment in the evening was a grand success. A vote of thanks was tendered her for her endeavor to make the school what it should be and that it was a big improvement to what we have formerly had taught here goes without saying. Any district will be fortunate in securing her services as an instructor. The sale of baskets at her entertainment amounted to near twelve dollars, which is to be used for library purposes. Mr. W. H. Samson was the auctioneer and maintained his reputation as an auctioneer.

Almost all of our young people attended the band boy's dance at Aurora Saturday evening and say it was the best dance ever given in that town.

Two sisters of Miss Bachman came up from Clackamas to assist in our school entertainment.

Mr. Amos Leas secured the contract to furnish lumber for Oglesby Bros' hop house, about 17,000 feet of lumber is required.

Deserves Your Patronage.

The growth of a community and the success of its local institutions depends entirely on the loyalty of its people. It is well enough to preach "patronize home industry" but except the service given at a home institution equals that of out-of-town enterprises, this argument carries no weight and is entirely disregarded, as it should be. But with Oregon City people it is different. A few months ago E. L. Johnson established the Cascade Laundry. It is equipped with the latest improved machinery and is daily turning out work that is equal to any and superior to much of the laundry work that is being done in Portland. Being a home institution and furnishing employment for many Oregon City people it is enjoying an immense patronage. The high standard of the work being done commends it to the general public. Laundry left at the O. K. barber shop will be promptly called for and delivered to any part of the city. Telephone 1204. E. L. Johnson, proprietor
