

## ...Short Sidehead Stories...

TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

### Schmidt Wants Divorce—

On the grounds of desertion Benedict Schmidt is suing for a divorce from Christiana Schmidt whom he married at St. Louis, Mo., in 1893. The defendant is now a resident of Chicago.

### Another Rural Route—

Hon. Binger Hermann, writing from Washington, D. C., under date of May 8, says: "I have the honor to advise you that rural delivery service has this day been ordered established from Springwater, Clackamas county, Oregon, with one carrier, to be effective July 2, 1906."

### Married in San Francisco—

Mr. Julius Myres, salesman for the Oregon City Manufacturing Company, and Miss Pincus, of San Francisco, were married Wednesday of last week at the home of the bride's parents, in San Francisco. Mr. and Mrs. Myres have arrived in Oregon City where they will reside. Mr. Myres is popularly known here and both he and his bride have the sincere wishes of a host of friends for much happiness.

### Shaver's Accounts Were Correct—

Bruce C. Curry and Miss Cochran have filed with the County Court their report as to the condition of the accounts of the late Sheriff J. R. Shaver. The tax registers for the four years' term of the deceased official were checked up and with the cash on hand in the safe in the office and in the banks of the city, every dollar of the county's funds was found to be accounted for.

### Deaths in South End of County—

Frank Wolfe, aged 38 years, died Friday at his home at Canby. He is survived by a widow and two children. The remains were embalmed and shipped to Woodland, Michigan, for burial. Burial services were conducted Saturday over the remains of Mrs. Mary Wilson, who died Friday at her home at Macksburg. Interment took place at Zion cemetery. The deceased was aged about 45 years and is survived by a husband and three children.

### Meteor in New York City—

In a letter to friends in this city, Miss Mary E. Conyers, who is spending the winter in New York, studying music, writes that she recently visited a museum in that city where she saw the celebrated meteor that was discovered near this city about three years ago. A placard announces that the meteorite is the largest of its kind in that world and states that the phenomenon was purchased in Oregon for \$20,000.

### Making More Room—

Bert Roake, of the Oregon City Foundry, is extensively remodeling the building on Fourth street in which his plant is located. The dilapidated structure is being replaced by a substantial structure of dimensions and with an equipment that is suited to the growing needs of the business which has a regular payroll of ten men. Ed Olds is the contractor in charge of the improvements which consist of enlarging the building which is being practically reconstructed.

### Unearths Old Coin—

While excavating in connection with the Fifth street improvement last week, W. M. Rainey unearthed near Albright's butcher shop a two and a half dollar gold coin that was made in 1838. The coin was found at a depth of about two feet and was entirely unharmed, being as bright as the day it left the mint. Mr. Rainey has been offered for the coin an amount double the actual value of the gold piece, but he has decided to retain the money until he can learn if there is offered any special premium for gold money of that denomination issued in 1838.

### Strike Richer Ledge—

Stockholders in the Crown Boy Mining Company are in receipt of more encouraging news from their property in Southern Oregon. Men in charge of the development work have written that a seven-foot ledge of immense richness has been encountered in addition to the five-foot ledge reported a few days ago. The extent of the newly discovered ledge, which is believed to be the main ledge, has not been determined. These ledges have not located while workmen were extending a 100-foot tunnel.

### Will Be Placed on the Roll—

Deputy Assessor Frederick J. Nelson visited the Portland Land Office recently and investigated the records for the purpose of ascertaining the acreage in Clackamas county, title to which during the last year has been transferred by the Government to private individuals. He found 19 instances of these transfers, the combined acreage amounting to 2365 acres. Of the 19 claims, five are timber claims, the others being homestead entries. All of this land is now subject to taxation and will be placed on the assessment roll that is now being written.

### Checking Over Accounts—

Clerk Greenman and Treasurer Cahill are checking over the accounts of the two offices for the purpose of clearing up any doubt as to the actual

## A FAMILY SAFEGUARD

Dr. Green arranges with the Niece of Dr. Bo-schee to handle her famous Uncle's Great Throat and Lung Cure.

The best family safeguard is a reliable household medicine that will cure croup, coughs, colds, chilly sensations, running eyes and nose, sore throat and bronchial affections—that will keep the children proof against all contagious diseases.

Such a medicine is Boschee's German Syrup, which has a record of 35 years in the cure of consumption, catarrh and all lung and bronchial troubles.

The fame of German Syrup as a consumptive cure, since its purchase by Dr. Green from the niece of the famous Dr. Boschee, has extended to all parts of the earth. It has big sales everywhere. 16 Two sizes, 25c and 75c. All druggists.

### Charman & Co., City Drug Store

standing of the county with regard to the aggregate amount of outstanding warrants. By clerical oversight, some warrants that have been cashed by Treasurer Cahill have not been so checked in the Clerk's office with the result that there exists a misleading statement of affairs as indicated in the semi-annual reports of the county officials as recently published. It is to arrive at a correct understanding of the county's finances that this review of the records is being made at this time.

### Miss Clark is Surprised—

Last Friday evening the teachers in the Oregon City schools, the members of the Shakespeare club, the members of the board of directors and their wives and a few invited friends, successfully conspired in giving Miss Addie E. Clark, city superintendent of schools, a surprise at the home of Mr. and Mrs. C. H. Caufield. The evening was spent in playing five hundred, the prizes going to Miss Martha Frances Draper and Jack R. Caufield, the consolation gift being captured by Miss Niles. Refreshments were served after which Miss Draper played several beautiful selections on the piano. The party consisted of about forty.

## W. R. Logus Resigns Position—

Councilman W. R. Logus, for more than two years, agent in this city for the Western Union Telegraph Company, has tendered his resignation to the company to take effect June 1. Associated with Jos. Goodfellow, also of this city, Mr. Logus recently acquired the sole agency for the Willhoit Mineral water, and he finds that his attention to the details of this business requires all of his time. He will retain his residence at Oregon City although his business relations will take him out of the city much of the time. At the last municipal election, Mr. Logus was unanimously elected a member of the City Council from the Second Ward, a capacity in which he will continue to represent his constituency. Walter Sheasgreen, of Albany, has been appointed successor to Mr. Logus.

### Fire at Woolen Mill—

Early last Friday evening, the pullery at the woolen mill plant of the Oregon City Manufacturing Company, was discovered ablaze. An alarm was promptly sounded and the several companies of the city's volunteer fire department made a splendid response, succeeding in extinguishing the flames before any great damage had resulted. For a time, the fire threatened the entire plant and it is only due to the efficient work of the department that the loss was not greater. In appreciation of the good work of the fire department, Manager Jacobs, of the woolen mill company, on Saturday through Chief McFarland presented the boys with a check for \$25 accompanied by a note expressing the company's appreciation of the work of the department on this occasion as well as in the past.

### Many Bills Are Filed—

The expense to Clackamas county taxpayers for the capture of Smith, the desperado, does not end with the paying of the reward money of \$250 that was offered. The indications are that the reward will constitute the smaller part of the expense item. Bills aggregating more than \$300, have been filed with County Judge Ryan who receives statements of this kind almost daily. These claims are for expenses alleged to have been incurred by members of the various posses during the pursuit and capture of the outlaw. The expense to Clackamas county taxpayers for the capture of board bills, Judge Ryan says that the policy of the County Court will be to allow all claims of this kind that are right upon the showing being made that the expense was necessarily incurred and by persons actually connected with the posses. These claims will be disposed of at the next term of the County Court.

### SOME REASONS.

#### Why Oregon City People Should Follow This Valuable Advice.

Because the proof is in Oregon City. You can easily investigate it. Not necessary to experiment. With some untried remedy. Profit by the experience of a citizen. Harry M. Shaw, linotype operator at the Enterprise Office, and living at 605 E. Fifth Street, Oregon City, Or., says: "Sitting for hours a day bent over a type setting machine finally rendered my back so lame and sore that I had to go to a physician, but did not get any noticeable benefit from the treatment. Three years ago I learned of Doan's Kidney Pills, got a box and began using them. They gave me the first relief I had been able to obtain and finally gave me complete relief from any trace of pain. The nature of my work sometimes causes some soreness in my back and whenever this occurs I always resort to Doan's Kidney Pills and never in vain. I can conscientiously advise anyone in need of such a remedy to go to Huntley Bros' drug store, here in Oregon City, procure Doan's Kidney Pills and give them a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doans—and take no other.

### WORK FOR SCORES OF MEN.

#### Some Benefits From Operation of New Planing Mill.

Few persons realize the magnitude of the plant that is being equipped in this city by the Oregon City Planing Mill Company and what this enterprise, actually means to Oregon City, says the Enterprise. The company expects to start the mill about June 1, and the advantages directly and indirectly that will accrue to the community in its operation are many.

Forty men will be employed in this city but the capacity of the enterprise for furnishing employment does not end there. The management of the mill has contracted to take the output of six saw mills of Clackamas county. Including the men employed in the sawmills, in the logging camp and as teamsters in delivering the product of the mills to the market at Oregon City, the local plant will indirectly furnish employment for at least 21 other men at each of the half-dozen sawmills. The combined payroll of the men who will be thus employed will constitute no small item and the bulk of this money will be spent right here at Oregon City. The capital that is represented in this business was altogether subscribed by Oregon City people and the enterprise is one in which the city has a direct interest. The usefulness of this mill extends farther than as an employer of labor. It is directly contributing to the development of Clackamas county by hastening the clearing of land and placing the same under cultivation by providing a ready and remunerative market for the timber with which a great acreage in this county is plentifully supplied.

Oregon City has for some time been a poor market for lumber and contractors and builders have been compelled to have their building material shipped into the city for the reason that it was impossible to make these purchases at home. One of the main objects of this mill management will

be to establish a good lumber market in this city and thereby facilitate all building operations. The equipment of the plant will be complete and capable of producing only the best of materials. A dry-kiln, having a capacity of 10,000 feet daily, has been provided and by this means the market will be supplied with kiln-dried lumber, a commodity that has been difficult to obtain at almost any price. The mill is a valuable acquisition to the manufacturing industries of the city.

### BETTER SERVICE IS ASSURED.

#### Telephone Company Arranging for Removal of Local Office.

Workers for the Pacific States Telephone Company this week began the remodeling of the interior of the store-room adjoining the Commercial Bank preparatory to the removal of the company's local exchange from its present restricted quarters in the Harding Drug Store.

With the removal of the telephone office into more commodious quarters there will be installed in Oregon City a materially improved telephone service. The latest improved system, like that in use in larger cities, will replace the antiquated service now given the people of this city. There will no longer be any ringing for "central," the subscriber merely removing the receiver and the automatic system will do the rest.

Oregon City subscribers will also be granted a reduced rate to Portland, a charge of 10 cents only being made for calls that have heretofore been charged for at the rate of 15 cents each. Of recent years, the business at the local office of this company has assumed large proportions, Miss Draper, the chief operator, and her assistants, the Misses Quinn, Bell and Sinton and Bidwell, being exceedingly busy persons. Two lines, direct to Portland are required to handle the business between this city and the metropolis.

Just when the removal of the office will be effected is uncertain, depending entirely on when the required changes can be made. All material for the enlarged offices and improved system is on the ground and the work will be hurried to an early completion.

### WOULD NOT MAKE VOTES.

#### Democratic County Chairman Learns of County's Finances.

In his quest for campaign plunder, ex-Sheriff John J. Cooke, chairman of the Clackamas county Democratic Central Committee, finds himself obliged to look elsewhere than to the financial condition of the county for badly needed ammunition to dislodge the claims of the Republicans to election at this time that they may continue the business administration of affairs that has been established.

"May I have the privilege of examining the records as to the aggregate amount of the county warrants that have been issued since April 1, 1905, the date to which outstanding warrants have been called in for cancellation," inquired Mr. Cooke entering the office of Treasurer Cahill, one day recently.

"I can save you all that trouble," retorted Judge Ryan, who chanced to be in the treasurer's office at that time. Judge Ryan then informed the minority party leader that the actual indebtedness of the county, a fact Cooke was seeking, was but about \$25,000 and that if available funds now in the road fund could be applied in the cancellation of these warrants, the indebtedness of the county would be reduced to at least \$14,000.

This was more than the Democratic chairman had bargained for. He failed to remain and secure for himself a verification of the statement of Judge Ryan that can be had from the county records.

### FOR GRADUATION HONORS.

#### Class of Twenty-Two Young People To Graduate.

At the annual commencement exercises of the Oregon City High School which will be held at Shively's Opera House Friday evening, June 8, graduation honors will be conferred upon a class of twenty-two young people. Final examinations are being taken preliminary to the most important event yet experienced in the lives of the young people comprising the class membership.

The programme of exercises, which is being arranged, will consist of musical and literary numbers by the young graduates, assisted by the Schumann Singing Society under the direction of Mrs. Imogen Harding Brodie. Miss Ruth Latourette has been selected as class valedictorian. Russell Wood is the class prophet, Orville Hunt, the class poet and Miss Lizzie Roos, a member of the class, will sing a solo. The class officers are: Earl C. Latourette, president; Mary Sandstrom, vice-president; Raymond Caufield, secretary, and Lizzie Roos, treasurer.

The members of the class are: Anna Harlan, Lizzie Roos, Mary Sandstrom, Nellie Miller, Bertha Koerner, Irene Moore, Adna Murrow, Myrtle Bohall, Jennie McDonald, Vera Phillips, Ruth Latourette, Orville Hunt, Gaylord Godfrey, Lloyd Harding, Ross Eaton, Isidor Price, Ernest Charters, Russell Wood, Raymond Caufield, Malcolm Telford, Earl Latourette and Herman Rowland.

## KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Mrs. Emma Sawyer

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. We believe Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for chronic kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case."

—Mrs. Emma Sawyer, Conyers, Ga.  
Mrs. Pinkham gives free advice to women; address in confidence, Lynn, Mass.

### INTEREST OF GOOD ROADS.

In a letter to the Enterprise, Senator Gearin says: "At the suggestion of the Honorable Secretary of Agriculture and his Director of the office of Public Roads, Mr. Logan W. Page, I am also calling your attention to the plan of the government to demonstrate modern road-building methods at Salem and Pendleton, Oregon, later during the present month. The exact date has not been determined, but the newspapers will advertise the details as soon as the plans are perfected. You will do the department and me a favor by endeavoring to secure a large attendance at these road-building meetings. Through the efforts of Mr. Samuel Hill, of Washington, D. C., many courtesies have been granted to the leaders in the good roads movement and plans for the Oregon demonstrations very much assisted."

### IF YOU DON'T

succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C. of Emory, Texas, writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by Huntley Bros. Drug Co.

Portland Evening Telegram, daily, and the Weekly Enterprise, both one year, for \$5.50.
