Brief Bits of Gossip From All Parts of the County.

## REDLAND.

Mrs. John Derringer died the 23 inst. and was buried on the following Sunday.

Miss Maud Stone, who recently graduated from the Normal department of Willamette University, is now home for vacation.

Mr. Howard Gill, of Logan, was recently a Redland visitor.

Haying is now begun in earnest.

Mr. Brock, our central man, recently installed a phone for Mr. Polegn.

Mr. M. Black of Salem, passed through our town last Sunday.

A picnic is planned at Viola picnic grounds on the 4th. A great number are talking of celebrating at Gladstone Park.

Our road supervisor is tearing out the corduroy and grading up the road on the Viola hill and bottom. The rock crusher has arrived and it is planned to cover the grade with crushed rock as soon as it is convenient to operate the machine.

Miss Minnie Hulbert is working for Mrs. Bonney.

Mr. Pat O'Connor was recently in our town.

## DEADLY SERPENT BITES

are as common in India as are stomach and liver disorders with us. For the latter however there is a sure remedy: Electric Bitters; the great restorative medicine, of which S. A. Brown, of Bennettville, S. C., says: "They restored my wife to perfect health after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on guarantee by Howell & Jones, druggists. Price 50 cents.

## SUNNYSIDE.

Farmers are very busy, some are haying, but the weather is cloudy to dry the hay good.

Emmet Odell has two or three pickings of strawberries yet, and has quite a good many pickers. Raspberries are also getting ripe.

Mr. Royer, the Dunkard Minister, is still very low with pneumonia.

Mr. Reed is repairing his threshing machine and getting it in order to thresh the grain. We hope he may do well.

The people of Sunnyside are talking of a tile factory, also railroad at that place.

Joe Deardoff has been buying several sheep again, but he won't go back on the goats; they are the fellers to clear the land.

Mr. Stoll has been digging potatoes for market.

Otto Smith had a number of cherry pickers last Saturday.

People will meet at the picnic ground and clear the underbrush out, next Saturday, preparatory for the 4th of July. Mr. W. Baker has sold his place; also Mr. Holmes has sold his place.

## DEATH FROM LOCKJAW

never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Rensselaerville, N. Y., writes: "It cured Seth Burch, of this place, of the ugliest sore on his neck I ever saw." Cures cuts, wounds, burns, and sores. 25 cents at Howell & Jones, drug store.

## MOLALLA.

Hot weather prevails. Crops are doing splendidly.

T. M. Cross received a message Friday telling him of the sudden death of his mother at Gladstone.

Miss Myrtle Cross is home again, stood the ride out well, has her canvas house pitched in the sunny corner of the yard.

After a week's vacation at home, Miss Leavitt has gone to Seattle to attend Summer school.

W. A. Shaver broke the cross-head in his sawmill Friday.

Fred Schafer bought a new saw for his mill without a hole in it, so had to return it for completion.

Three days after the 4th of July will be the next regular meeting of No. 310. It is very important that members be in attendance because of the fact that the Clackamas County District Pomona Grange meets at Molalla four days afterwards, Wednesday, July 11th.

Mr. Robert Vorpahl is building a large silo on his farm.

## Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by Howell & Jones.

## DOVER.

Grandma Deshazer is able to sit up in bed.

Dr. Walters spent several days on his farm last week.

A. J. Kitzmiller met with quite an accident last Friday night while out looking for a cow. His gun went off, the bullet passed through his foot. They took him to Portland hospital. At last reports he was doing nicely.

Guy Woodie is carrying the mail from Dover to Sandy in the absence of the regular carrier.

## THERE ARE FEW

people who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for chills and fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown people, and I recommend it. It is fine for lagrippe."

Sold by Huntley Bros. Co.

## CLACKAMAS.

Strawberry picking is over, and pea picking is the order of the day. Peas of the best quality are sold in the market, others are delivered at the canneries.

At a special meeting of Grange 298, P. of H., held Saturday evening June 23, a building committee, consisting of E. C. Chapman, Frank Talbot, and Henry Rodermeil, was appointed to look after the interests of the new hall.

## DID YOU NOTICE IT?

The Astoria & Columbia River Railroad Co.'s latest Souvenir Post Book containing 12 half tone views of Clatsop Beach and other points of interest along its line between Portland and Seaside is making the hit of the season. Everybody wants it and you will have to place your order early to avoid the rush. Mailed free upon application to J. C. Mayo, G. P. A., Astoria, Ore., or C. A. Stewart, Agent, 248 Alder St., Portland, Oregon.

## STAFFORD.

Farmers are busy and jubilant caring for the satisfactory yield of hay, and the nice days we have had to cure the same and get it hauled under cover.

A man was around Monday selling a map of Oregon. We have not seen it as yet, therefore cannot say as to its excellence. His price was \$1.90, which is cheap enough if it is a map up-to-date, but if it is a re-hash of the old maps, it is dear at any price.

A fellow comfortably dressed, looking strong enough to work and perhaps about thirty years old, appeared at the back door to Mrs. Gage's kitchen Monday morning, and asked for his breakfast. While eating he asked if he was in Clackamas county. She told him he was half a mile from the line. He volunteered the information that he came from Oregon City. Perhaps the judge had turned him loose and warned him to get out of the county.

There is something of a mystery lurking about Stafford, and we have been listening for what we shall hear, but hear nothing. In the quiet stillness of the Sabbath twilight the sharp crack of a gun was heard, immediately followed by the cry of a dog, almost instantly hushed. Whose gun whose dog? Perhaps Stafford history is to repeat itself.

Men are still at work hauling cinders from the pipe-works at Oswego onto the roads. It was at first thought each team could haul 1 1/2 yards by doubling teams up hill, but upon weighing a load at Bickner's it was found to weigh over 6000 pounds, which was decided to be too much, so we hear.

The grader has been hauled up to Pleasant Hill again.

Henry Schatz is working in Mr. Nimic's hop yard. The hops are looking fine.

Mrs. Renter was quite sick last week, but is better now, although afflicted with a bad cough.

Mr. Saum does not appear to mend very much, has frequent alarming sick spells, but between times feels comparatively easy.

Season tickets will be good for return from all points until October 10. Three-day tickets will be good going Saturdays and returning Mondays only. Tickets from Portland and vicinity will be good for return via the East or West side at option of passenger. To Yaquina \$6.00.

Three day Rate from Oregon City to Newport, \$3.00.

Sunday excursions to Newport and return on the Corvallis & Eastern Railroad will leave Albany EVERY SUNDAY AT 7:30 A. M. Arriving in Newport at noon, returning leave Newport at 5:30 p. m., giving 5 1/2 hours at the finest resort on the Coast. Health, rest and pleasure for the weary worker.

Three day and season tickets from all S. P. points good going or returning on Sunday excursion trains.

Fare from Albany, Corvallis or Philomath \$1.50 for the round trip.

Connection at Albany with Eugene Local going and South bound overland on return.

News are scarce in this part of the country, as all we can hear is measles, but we hope for something better soon, as all the measles patients are able to be up again.

N. A. Flinn and M. S. Trullinger are both on the sick list this week.

Miss Judith Poulson, of Portland, accompanied by Mr. Baxter, are visiting at the home of her parents, Mr. and Mrs. Poulson this week.

Elders F. G. Speck and Jacob Harless were visitors in our vicinity last week.

Elder Speck delivered three able discourses at our school house, district No. 56.

Camp meeting at Wright's Spring on the picnic grounds, beginning July 6. All are invited to come and hear the Old Jerusalem Gospel preached in all its glory and ancient simplicity.

After reading the foregoing extracts who can doubt the great efficacy, in a long list of diseases, of "Golden Medical Discovery," one of the principal ingredients of which is Golden Seal root (Hydrastis)? And this applied with equal force to Doctor Pierce's Favorite Prescription for weak, worn-out, over-worked, nervous invalid women.

Dr. Pierce's Pleasant Pellets are composed largely of concentrated principles extracted from Mandrake root. They regulate and invigorate the stomach, liver and bowels. One or two little sugar-coated "Pellets" a dose.

Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast, and on each bottle wrapper, a full and complete list of all the ingredients entering into his medicines, "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, debilitated, nervous, invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has brought exactly what his well-known medicines are composed of, completely disarmed all hating critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Doctor Pierce's medicines and recommending these ingredients for the cure of the diseases for which Dr. Pierce's medicines are advised. A copy of this little booklet is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. A request, by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., will bring this little booklet by return post. It tells exactly what ingredients are used in the making of Dr. Pierce's famous medicines.

This striking departure of Dr. Pierce from the usual course pursued by the manufacturers of proprietary medicines, of the class generally known as "patent" or "secret" medicines, neither of which term is at all applicable to them, as their formula now appears on the wrapper of every bottle leaving the great laboratory at Buffalo, N. Y. It places them in a class all by themselves. Neither of them contains any alcohol, which fact alone should cause them to be classed all by themselves and as entirely harmless vegetable extracts, made and preserved by the use of glycerine and not with the usually employed strong alcohol, which works so much injury, especially in cases where treatment, even though of the best, must be continued for considerable periods of time, in order to make the cure permanent.

Many years ago, Dr. Pierce found that chemically pure glycerine, of proper strength, was far better than

alcohol both for extracting and preserving the medicinal principles residing in our indigenous, or native, medicinal plants, such as he employs exclusively in manufacturing his medicines.

Some of these medicinal roots have, since Dr. Pierce first commenced to use them, advanced so in price, that they may be cultivated with great profit by our farmers. This is especially true of Golden Seal root, which enters into both the Doctor's "Golden Medical Discovery" and his "Favorite Prescription." It now brings upward of \$1.50 a pound, although formerly selling at from 15 to 20 cents a pound. Many tons of this most valuable root are annually consumed in Doctor Pierce's Laboratory.

From "Organic Medicines," by Grover Coe, M. D., of New York, we extract the following concerning Hydrastis (Golden Seal root), which enters largely, as we have already stated, into the composition of both "Golden Medical Discovery" and "Favorite Prescription." Dr. Coe says: "Hydrastis exercises an especial influence over mucous surfaces. Its action in this respect is so manifest that the indications for its employment cannot be mistaken. (Hence the efficiency of "Golden Medical Discovery," which is rich in Golden Seal root, in all catarrhal affections, no matter in what part of the system located.) Upon the liver it acts with equal certainty and efficacy. As a cholagogue (liver invigorator), it has few equals. Also in serofula, glandular diseases generally, cutaneous eruptions, indigestion, debility, diarrhoea, and constipation."

Doctor Coe continues: "Hydrastis (Golden Seal root), has been successfully employed in the cure of leucorrhoea. It is of singular efficacy when that complaint is complicated with hepatic (liver) aberration (derangement). Hydrastis is also of inestimable value in the treatment of chronic derangements of the liver. It seems to exercise an especial influence over the portal vein and hepatic (liver) structure generally, resolving (dissolving) biliary deposits, removing obstructions, promoting secretion, and giving tone to the various functions. It is eminently cholagogue (liver accelerator), and may be relied upon with confidence for the relief of hepatic (liver) torpor. It promotes digestion and assimilation, obviates constipation, and gives tone to the depurating (cleansing) functions generally."

Dr. Coe further says: "We would here add that our experience has demonstrated Hydrastis to be a valuable remedy in bronchitis, laryngitis, and other affections of the respiratory organs."

## A NEW DEPARTURE.

"Taking Time by The Forelock"

All observing people must have noticed a growing sentiment in this country in favor of using only put-up foods and medicines of known composition. It is but natural that one should have some interest in the composition of that which he is expected to swallow, whether it be food, drink or medicine. This sentiment has resulted in the introduction in the legislatures of many of the States, as also in the Congress of the United States, bills providing for the publication of formula or ingredients on wrappers and labels of medicines and foods put up for general consumption.

Recognizing this growing disposition on the part of the public generally, and satisfied that the fullest publicity can only add to the well-earned reputation of his proprietary medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast, and on each bottle wrapper, a full and complete list of all the ingredients entering into his medicines, "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, debilitated, nervous, invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has brought exactly what his well-known medicines are composed of, completely disarmed all hating critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Doctor Pierce's medicines and recommending these ingredients for the cure of the diseases for which Dr. Pierce's medicines are advised. A copy of this little booklet is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. A request, by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., will bring this little booklet by return post. It tells exactly what ingredients are used in the making of Dr. Pierce's famous medicines.

This striking departure of Dr. Pierce from the usual course pursued by the manufacturers of proprietary medicines, of the class generally known as "patent" or "secret" medicines, neither of which term is at all applicable to them, as their formula now appears on the wrapper of every bottle leaving the great laboratory at Buffalo, N. Y. It places them in a class all by themselves. Neither of them contains any alcohol, which fact alone should cause them to be classed all by themselves and as entirely harmless vegetable extracts, made and preserved by the use of glycerine and not with the usually employed strong alcohol, which works so much injury, especially in cases where treatment, even though of the best, must be continued for considerable periods of time, in order to make the cure permanent.

Many years ago, Dr. Pierce found that chemically pure glycerine, of proper strength, was far better than
