PROSPERITY

dates from the first dollar saved. Perhaps the best reason for saving money is, that practically nothing can be accomplished without it. You must have it to start you in business, to furnish your home, to educate your children, to protect you against sickness or misfortune, and to provide for you a comfortable, independent old age.

Truths About Artificial Teeth

The great majority of dentists represent to their patients that a rubber plate with fourteen teeth set in a half circle is just as good as anything else for a set of artificial teeth.

Some make such representations knowing them to be false, others because they know no better. The responsibility for this condition rests with the dental profession.

A great many people would not accept a rubber or celluloid plate if they only understood the superiority of a metal plate in cleanliness, healthfulness and durability.

We would like to talk to with you about metal plates for artificial teeth.

Seventeen years in dentistry in Oregon City. Post Graduate Haskell & Chicago School of Dentistry.

We guarantee to please you.

A square deal to everyone.

HALL-BOWMAN MARRIAGE.

Saturday, June 23, 1906, at the home of George L. Prathers, at Hood River, Oregon, Miss Goldie Hall and Mr. Hubbard Bowman were united in marriage in the presence of relatives and friends. Rev. Shelly officiating. Many presents were received and after the ceremony the couple drove out to G. L. Wilkins where a large wedding dinner was served. Those present were: Mr. and Mrs. Wilkins, Mr. Claud Hall, Misses Vera and Ollie Hall, Edith, Myrtle and Tilly Wilkins and Mrs. Hall. Mr. and Mrs. Bowman will reside in Hood River for the present.

WOMAN'S CLUB PICNIC.

The Woman's Club and their friends spent Wednesday on a picnic at Willamette, this being the final meeting before the summer vacation. The club will resume its meetings in October, but it is proposed to tender the pioneers of Clackamas county a reception some time during September. The ladies went to Willamette at 11 o'clock and were joined at the noon hour by their husbands and invited friends for lunch. In the afternoon the club held a business meeting. The club calendar for the season 1906-7 is being prepared by the calendar committee and will soon be in the hands of the printer. The club has adopted the Oregon Grape as the club flower and carnation red as the club color.

FOR ILLEGAL VOTING.

Merton Bell, of Gladstone, Has Been Arrested.

Upon request of Sheriff Word, of Multnomah county, Sheriff H. W. Trembath Wednesday evening went to Gladstone and arrested Merton Bell on a warrant charging him with illegal voting in Sellwood precinct in the recent election. Bell was taken to Portland and was released on furnishing bonds in the sum of \$500. Bell is one of the men against whom indictments have been returned for irregular voting in Sellwood precinct at the June election, as a result of the investigation that is being made by the district attorney's office in Multnomah county.

Bell is charged with having voted in Sellwood precinct although he is a resident and freeholder of Clackamas county. The accused man claims that while he voted at Sellwood, he voted for but two men, viz: Governor Chamberlain and J. M. Gearin, for Senator. He says that if an opportunity will be given him he will select from the ballots cast in Sellwood precinct the ballot cast by himself. But it is understood that in swearing in his vote, Mr. Bell made affidavit that he was a resident of the precinct in which he voted and it is on the strength of this irregular affidavit that his arrest was directed.

DROWNED AT PAPER MILLS.

Clinton Hargrove, Pulp Mill Employee, Meets Death in River.

J. C. Hargrove, an employe of the Willamette Pulp & Paper Mills, fell from a tramway on which he was working and was drowned in the Willamette River late Tuesday afternoon. Hargrove was wheeling slabwood across an elevated platform over the river basin when his truck became entangled in a rope and he was thrown into the water, drowning in sight of his fellow-workmen, who were unable to aid him. The body was recovered about an hour following the accident.

Hargrove took the job that cost him his life only Tuesday morning. He was aged 25 years and leaves a wife and two children. He and his family came to Oregon City from Pendleton about six months ago.

"Death by accidental drowning" was the verdict reported Wednesday afternoon by the coroner's jury that inquired into Hargrove's death. In its verdict, the jury recommended that the gang plank spanning the canal, where deceased was thrown into the canal be made more safe. The jury was composed of: F. C. Burk, George E. Hargreaves, J. A. Tufts, H. Peckover, J. C. Sawyer and H. Blankenship.

Funeral services will be conducted at 10 o'clock Friday morning by Rev. J. Robert Landsborough at the First Presbyterian church and interment will take place at Mountain View Cemetery. The members of Court Brotherhood No. 3, Foresters of America, to which the deceased was a member, will attend the services in a body.

FACTS ABOUT PANAMA CANAL.

The canal will be 46 miles long, varying from 250 to 500 feet wide at the top and 150 feet wide at the bottom. The locks will be two, built of concrete masonry. Each one will be 738 feet long and 82 feet wide, with a lifting capacity of 30 to 32 feet. There will be two pairs at the Atlantic entrance to Lake Bohio, two pairs at Pariso and one pair at Miraflores.

Lake Bohio will be an artificial lake on the summit level, covering 81 square miles and 55 to 65 feet deep.

Alhajuela Lake will store the water of the Charges River by means of a masonry dam, which will take five years to build and cost \$3,500,000. It will cover 5900 acres, be 165 feet deep and furnish motive power for the locks and for lighting the whole canal.

The most difficult problem is to control the Charges River, which at times floods the Panama railroad to a depth of 40 feet.

DeLespess estimated that it would cost \$166,000,000 and take eight years to finish the canal. His company worked from the year 1881 to 1891, spent \$260,000,000 and failed after doing less than two-fifths of the work.

The United States bought the canal property and the Panama Railroad for \$40,000,000 and a perpetual lease to the Canal Zone 10 miles wide for \$10,000,000 from the Republic of Panama.

It is estimated that the completion of the canal will occupy eight years and cost \$125,000,000.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
