TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

### Oregon Patents Last Week—

David E. Baker, of Dundee, Monday, filed a patent on a shingle-machine.

### Says Wife Deserted Him—

Nels J. Kvale, in a divorce complaint filed in the circuit court charges Katherine C. Kvale, whom he married at Colorado City, Colo., in October, 1900, with desertion committed four years following their marriage.

### Inhuman Treatment Charged—

Mary Lizze Decker, by her attorney, filed a suit in circuit court, Monday, praying for a divorce from Henry W. Decker. They were married in Multnomah county on December 24, 1902. They have resided in various places since, principally in Washington, but she alleges he has treated her cruelly and inhumanly, also has failed to provide for her sustenance.

### Two Estates Probated—

The estate of the late William H. Vaughan, of Molalla, has been admitted to probate. The estate is of the estimated value of \$9400.

Mrs. Lena Hargrove has been appointed administratrix of the estate of her deceased husband, Clinton Hargrove, who lost his life by drowning in this city several days ago. The property of the estate is of the value of \$300.

### Estacada Ranch and Gladstone Lots Sold—

The old Bedford ranch of 160 acres, southeast of Estacada, was sold Monday to F. A. Smith of Washington consideration \$1000. The sale was made through C. A. Warren of this city. He also sold six lots owned by Charles Bolds in Gladstone for \$100 each. L. C. Lascho was the purchaser. Mr. Lascho will build a home on the lots.

### A. R. Dimick is Promoted—

A. R. Dimick, formerly chief dispatcher for the Oregon Water Power & Railway company, has been appointed assistant superintendent to succeed G. F. Boynton, who resigned to become claim agent for the traction lines owned by the Portland Railway, Light & Power company. Mr. Dimick is a brother of County Judge Dimick of this city, is a resident of Sellwood and is well known here.

### Would Be Separated—

In a divorce proceeding filed Saturday afternoon, Annie Baxter, of this city, charges James Baxter, to whom she was married at Auburn, Washington, in September, 1902, with cruel and abusive treatment. She represents that the defendant earns from \$50 to \$75 per month when he works and she asks for an order of the court

requiring him to pay into the court \$100 to be used by her as attorneys fees and costs in prosecuting the suit.

### To Exterminate Thistles—

County Judge Grant B. Dimick went to Halley Saturday, on the line of the Oregon Water Power & Railway Company in the eastern part of the county where it is reported Canadian thistles are being allowed to grow without any attempt being made to exterminate the pest. Judge Dimick will order the farmers on whose premises these thistles are growing, to proceed immediately with their destruction, otherwise the law will be invoked. There is a penalty under the Oregon statutes for permitting the Canadian thistle to grow and multiply.

### Charged With Attempted Assault—

Constable Chas. Ely returned Friday night from the eastern part of the county with Gleason Krigbaum, of Garfield, whom he placed under arrest on complaint of Thos. Huxley on a charge of criminal assault. It is a co-incidence that this arrest, which is the first official act of Constable Ely, is for the identical offense for which ex-Constable H. W. Trembath arrested his first man upon assuming the constableness. Krigbaum was arraigned before Justice Stipp, Saturday afternoon, and pleaded not guilty. The preliminary examination was set for Saturday, July 21.

### Crops Free From Pests—

"It has been years since crops in Clackamas county were less infested by pests of any and all kinds," said ex-County Treasurer Enos Cahill, who was in the city Friday from his farm at New Era. Mr. Cahill reports that crops of all kinds are in splendid condition and the prospects of the early part of the season for satisfactory yields become the more certain as the grain reaches maturity. Farmers are working over-time in the hay fields during the present good weather and while the crop is not exceptionally heavy, the quality is good.

### Brown Contributes \$10 to City—

Frank Brown, who assaulted and beat an old man on Main street the evening of the Fourth, was fined \$20 by Recorder Dimick, Monday. Half the amount was remitted and Brown paid \$10 and allowed to go.

Edward Stiles, charged with fighting and disorderly conduct, was dismissed Saturday by Recorder Dimick, the evidence showing he had acted on the defensive. The aggressor, Wolverton, was fined \$10 several days previously.

### Bruin Goes Calling—

W. M. Hartzell, a farmer residing at Viola, was in the city Saturday morning, and reported that the perennial gulet of that community was seriously disturbed at 2 o'clock that morning by the appearance of a large black bear that made bold and came right into the midst of the settlement. Aroused by the barking of dogs, the residents armed themselves and gave pursuit, but the bear disappeared in the woods before any effective shots could be taken. Rev. Patton killed a beef the day before and it was the prospect of a feast of fresh meat that attracted the bear from his mountain retreat.

### Higher Pay For Car Men—

The Portland Railway has increased the pay of its conductors and motormen on average of a cent an hour. There is still some difference between the wage scales of the Portland Railway and the Oregon Water Power & Railway company, both of which have come under the control of the Portland Railway, Light & Power company, the new \$30,000,000 merger. The Oregon Water Power & Railway company pays its men 23 cents an hour for the first two years they are in its employ. During the next two years the men get 42 cents and for the fifth year 25 cents an hour. Probably some rearrangement will be made when the consolidation is completed whereby the carmen on all the city lines will be paid the same wages.

### Was in Ill Fated Santa Rosa—

Mr. and Mrs. J. W. Noble, lately of Santa Rosa, Cal., arrived Saturday for a month's visit with their son E. J. and family, and daughter, Miss Jennie Noble. Mr. and Mrs. J. W. Noble were residents of this city for twenty-eight years and it keeps them busy greeting old friends. Mr. Noble was in the grocery business at Santa Rosa at the time of the big earthquake, and while the beautiful little Sonoma city suffered more in proportion to its size than did San Francisco, Mr. Noble luckily escaped with little damage to his stock, which was in a frame building that did not fall. Mr. Noble sold out his business about a month ago and will take a vacation visiting his children here and at Portland before going to Fresno, Cal., where he will locate.

### A TRAGIC FINISH.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at Howell & Jones' drug store, 50c and \$1. Trial bottle free.

## DISEASED APPLES CONDEMNED MONDAY

### DEPUTY STATE INSPECTOR LEWIS FINDS INFECTED FRUIT IN OREGON CITY.

J. A. Lewis, deputy state inspector of fruit for Clackamas county, got busy in Oregon City, Monday, and condemned several hundred pounds of apples, at the various grocery stores. The fruit was infected with the San Jose scale or codling moth.

Inspector Lewis visited all the stores in town and found most of them had been careless in the purchase of apples and had diseased fruit on hand. It was all destroyed, the local merchant having to bear the loss.

Mr. Lewis warned one dealer that a dose of kerosene would be given his fruit show if any more infected apples were displayed. The dealer however noticed that Mr. Lewis had berry boxes in his wagon that had been used before and a slight hint to the effect that people in glass houses shouldn't throw stones, cooled off the inspector on the oil proposition.

Dealers have been so anxious to secure the early Astorian apples that they have been careless or regardless of the law. It is safe to say that no more infected fruit will be bought by Oregon City grocers for a while, and growers will have their trip for their work, who bring such fruit to this market.

The dealers take their loss philosophically. They know they were either careless, or too eager for early apples, and deserved to be caught.

Mr. Lewis is determined to do his utmost to stamp out the fruit pests in this county, both in his official capacity and by personal example. One of the grocers who was caught with bad fruit, says Mr. Lewis' orchard, four miles west of town, is absolutely clean in that respect, he spraying the trees and taking every precaution.

Apples infected by the codling moth are wormy, the hole usually being near the butt end of the apple. The San Jose scale shows in red spots or blotches on apples. The germ or egg of the parasite is deposited near the center of the spot and immediately under the skin. It is stated that if eggs are collected to fill half a teaspoon and then distilled the extract is a deadly poison.

### ONLY 82 YEARS OLD.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson, of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by Howell & Jones, druggists. Price 50 cents.

### EVERYBODY IN OREGON CITY KNOWS HUNTLEY BROS.

Have Confidence When He Tells You Pepsikola Tablets Do Cure Indigestion.

Possibly you may think our only reason for praising these tablets is because of the small profit we make on each 25 cent box, but how little satisfaction there would be in recommending a remedy that would disappoint you and thereby lose your trade.

This thing of selling a worthless article is mighty poor business policy. Square dealing always pays best and when we tell you what Pepsikola tablets will do, our confidence is based on our own personal experience in selling them here in Oregon City year after year.

There isn't a remedy in this store that we recommend more highly and unless Pepsikola tablets really do what we claim for them how utterly useless our efforts would be.

For coated tongue, sour stomach, wind belching, fullness after eating, heart burn, sleeplessness, weakened energy, and other symptoms of indigestion we recommend them with every confidence and always refund the 25c should you fail to receive the benefits expected.

### Notice.

On account of not being able to be in Oregon City and look after the collection of the notes and accounts due us by our patrons and acquired by us during the time we were in the implement business in Oregon City, we have left the same at the office of attorney O. D. Eby, in Oregon City, so that our patrons may have a place where they may call and make payments.

All persons knowing themselves indebted to us either by note or account are requested to call and settle said notes and accounts as fast as convenient. All payments will be carefully receipted for by said O. D. Eby.

FAIRCLOUGH BROS.

### MODEST CLAIMS OFTEN CARRY THE MOST CONVICTION.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by Howell and Jones.

### Farmers Crowded in Polk.

"I wouldn't live in such a country," remarked a passer-by, as he observed men harvesting in a vetch field between Independence and Salem, says the Enterprise. There was one mower at work and 11 men following, doing the shocking and removing the immense windrows from behind the machine, so the horses could get along next time. "Why, they will have to lease other ground to shock and stack that crop on," added the observer. Such are the Oregon crops, especially in Polk county, this year.

## "IT SAVED MY LIFE"

### PRaise FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham: Dear Mrs. Pinkham:—

"I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly get around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, I became regular and in perfect health. Had it not been for you I would be in my grave to-day.

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful periods, weakness, displacement or ulceration of an organ, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

For 25 years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction, and since her decease, been advising sick women free of charge. Address, Lynn, Mass.
