Whose Say-so is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids does not rest solely upon their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well known medicines.

Amongst these writers we find such medical lights as Prof. Finley Ellingwood, M. D., of Beumt Medical College, Chicago; Prof. Hale, of the same city; Prof. John M. Scudder, M. D., late of Cincinnati, Ohio; Prof. John King, M. D., late of Cincinnati, Ohio; Dr. Grover Cox, of New York; Dr. Bartholow, of Jefferson Medical College, of Pa., and scores of others equally eminent.

Dr. Pierce's Favorite Prescription cures the worst cases of female weakness, prostration, and nervousness and restores the irregularities, cures painful periods, dries up disagreeable and weakening drains, sometimes known as pelvic catarrh, and a multitude of other diseases peculiar to women. Bear in mind, it is not a patent nor even a secret medicine, but the "Favorite Prescription" of a regularly educated physician of large experience in the care of women's peculiar ailments who frankly and confidently takes his patients into his full confidence by telling them just what his "Prescription" is composed of. Of no other medicine put up for woman's special maladies and sold through druggists, can it be said that the maker is not afraid to deal thus frankly, openly and honorably, by letting every patient using the same know exactly what she is taking.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

How to preserve health and beauty is told in Dr. Pierce's Common Sense Medical Adviser. It is free. For a paper-covered copy send Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps to cover mailing only; in cloth binding 31 stamps. Dr. Pierce's Pellets cure constipation.

Brights Disease

Not Rare, but Common--Kidney Disease Develops into Bright's Disease the 8th to 10th Month; Then Incurable by All Known Means Except the new Fulton Compounds, which Record 87% of Recoveries.

We have before us a little work on kidney diseases by Joseph F. Edwards, M. D., of Philadelphia, that contains some things that everyone ought to know. Many people imagine Bright's Disease is rare, when, in fact it covers nearly the whole gamut of kidney diseases. This book sets out that the kidneys have but one function, viz., the elimination of the urea and waste products, and that all interferences with that function are called Bright's Disease. Dr. Edwards adds: "For the benefit of physicians who may read this book I will give a list of the cases which I attribute to Bright's Disease, viz.: Albuminuria. Congestion of the Kidney. Degeneration of the Kidney. Fatty Degeneration of the Kidney. Inflammation of the Kidney. Trauma. Disease of the Kidney."

Thus nearly all kidney disease being Bright's Disease, the serious question is, is it in the primary or secondary stage? After the eighth to tenth month it becomes chronic and is then incurable by all known means except the Fulton Compounds. There is often no notice of the trouble till it has fastened. If you have kidney disease in the first stage the Fulton Compound will cure it quickly. If it is of more than 6 to 10 months standing it is the only thing known that will cure it. In proof that nothing else will we cite all medical works in evidence. The stockholders of the John J. Fulton Co., business and professional men of San Francisco, are the first in the world to announce the cure, presenting a definite percentage of recoveries (87 per cent), and giving out the list of the cured, all among purely chronic, well-defined cases. If you have any kind of kidney trouble, there is only one thing to take. The Fulton Compound for Bright's Disease is \$1.00 for Diabetes, \$1.50 for John J. Fulton Co., 405 Washington street, San Francisco, sole compounders. Pamphlet free. We are the sole agents.
