

IMMENSE CROP OF CLOVER SEED

Molalla Farmers Are Considering
Question of Starting a
Creamery.

Molalla, Aug. 29.—"Temperature" is up in the 90s again; very dusty, smoky and oppressive.

Owing to the burning of W. A. Shaver's separator, much grain is yet unthreshed. The Cole crew will probably take up the "broken straw" some time this week.

Clover hulling is about half completed. One hundred and sixty acres yielded 800 bushels of clean seed. C. H. Gipson had the biggest yield—122½ bushels from thirteen acres.

George H. Nicolai and family visited Wilhoit Springs last Sunday in the heat of the day, returning in the cool of the evening.

A Portlander came out Saturday on his auto to Molalla in two hours and was five hours on the road from here to Wilhoit. His machine got hungry and bucked on him.

M. C. Christner is dangerously ill with appendicitis.

Dr. J. J. Leavitt is preparing to move to Portland. The doctor and Mrs. Leavitt will be greatly missed among their many friends.

Many are preparing to go to the hop fields next week. There seems to be a great demand for hop pickers.

Next Saturday, September 1, will be "Grange Day" for No. 310. Members will please take notice and attend before leaving for the hop yards. Important business calls your attention.

Last Saturday night there was held a creamery meeting, terminating in the appointing of a committee to formulate plans for the purpose in view of devising the best means of supporting a creamery in the Molalla country.

That \$50,000 Oregon City and Molalla railroad, with \$30,000 stock controlled by the farmers, would nearly reach to Elyville completed and equipped for business. About a quarter of a million would be more nearly correct.

Children in Pain.

never cry as do children who are suffering from hunger. Such is the cause of all baby's who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by Huntley Bros. Drug

TWO DEATHS TAKE PLACE AT STAFFORD

Stafford, Or., Aug. 29.—The solemn march of two funerals has been seen in Stafford this week. The first was that of the son of Mr. Schlockeiser, an only son just entering young manhood. He died of consumption and was buried in a plot of ground donated by the late George Papenburg to the Lutheran church for a burial plot. He was buried Tuesday afternoon.

On Monday at midnight the summons came to Mr. Keller, an old man full of years, who had outlived the threescore and ten years allotted to man, and he was buried in the Stafford cemetery on Wednesday afternoon.

Thus are we reminded once more that the young may die and the old must.

A son of Mr. Keller is owner of what is called by old settlers the Prindle place, though several have owned it since Mr. Prindle proved up on it and sold it. The old gentleman died at the son's house.

Mrs. Claus Peters, living on the Meridian road, had the misfortune to step upon a stick which rolled with her and sprained her ankle quite seriously last week, and is still almost helpless.

While unharassing her pony, Emma Peters pierced her finger with something about the harness, and has had a very painful hand.

Mr. Pomperine set fire to his slash-

ST. MARY'S ACADEMY

Beautifully located in Portland, Oregon, offers unsurpassed facilities for the culture and education of young women. Special opportunities in Music, Art, Languages and Literature. Well equipped Physical and Chemical Laboratories, Herbarium and Mineral Cabinet. The largest and oldest Ladies' Seminary in the Pacific Northwest. It enjoys a national reputation for imparting the best physical, mental and moral training and developing true womanhood. Equips socially and educationally for the most exalted station. Confers Academic and Collegiate Degrees by State Authority. Interference with convictions of non-Catholics is scrupulously avoided. Academy is ideally located, and inspiring scenic advantages. Social opportunities such as are available in no other city on the Coast. Buildings large and commodious, well-lighted, heated and ventilated; dormitories and private rooms supplied with all modern conveniences. The institution is liberal and progressive without sacrificing the character and traditions of age and achievement. Terms modest. Satisfactory references required. Write for announcement booklet. Board and tuition \$150 per year. Address Sister Superior, St. Mary's Academy, PORTLAND, OREGON, U.S.A.

The Doctors Send You

to Howell & Jones' drug store to get your prescriptions filled, because they know you will get them filled there just as they are written and just as the doctor wants them filled.

Their twenty years' experience in compounding prescriptions well qualifies them for this work. Getting your prescription filled by Howell & Jones means carrying out the doctor's wish to the letter—and the best service there costs you no more than the next best elsewhere.

Paints, Oils and Glass

are being sold by this drug firm at prices never so low in Oregon City.

They just furnished to the county over one ton of lead and four barrels of oil for the work of painting the suspension bridge.

HOWELL & JONES

The Reliable Druggists

Chambers Howell

Oregon City

ing Wednesday evening, after notifying his neighbors.

Mrs. J. L. Gage returned to her home at St. Helens Tuesday, after a ten days' visit with relatives and friends in Stafford.

Mrs. G. Moser has been very sick but is able to sit up now.

August Delkar and Mary Schrieve were baptised Sunday in the Tualatin river and received into the Baptist church.

Many are preparing to go hop-picking, which will begin next week.

Mrs. Bockman has been quite sick and Miss Minnie, her daughter, has been afflicted with a lame hand.

Mr. Woodruff, who is an inmate of the Odd Fellows home in East Portland, was around visiting old friends last week. All were glad to see his kindly face. He is a brother of the late Mrs. H. E. Hayes.

The carpenters have finished work upon the addition to the school house and the painters will soon get it painted, ready for the fall term of school.

Mrs. Beiple is preparing to take a trip east.

Gottlieb Renter, formerly of Stafford but now living in one of the suburbs of Portland, was out to visit his mother some days ago. This visit still troubles him. It will be remembered that while working in a coffin factory a pile of coffins, not being properly adjusted upon the elevator, slid off, taking him with them. He was in the hospital a while, and looks pretty feeble yet.

MERCURY AND HOPS BOTH SOAR HIGH

Residents of Springwater Swelter at
100 Degrees and Get 81
Bushel Oats.

Springwater, Aug. 28.—The mercury here registered 100 degrees on Sunday.

Threshing is well along and grain is turning out fine. Ed Clossner harvested 81 bushels of oats per acre from one field and Dad Ridgeway got an average yield of 57 bushels of wheat from a field. This shows what thorough cultivation will do.

The writer had a fine mess of strawberries and cream for dinner yesterday.

Mr. and Mrs. James Shibley and the twins have gone to the Coast for an outing.

Miss Ora Lewellen is home on a visit from Sherman county.

Rev. Blair and family have gone for a vacation.

A 40-ACRE SLASHING MAKES HOT BLAZE

Mrs. E. Ball, of Sunnyside, Struck
By Street Car While in
Portland.

Sunnyside, Or., Aug. 28.—A slashing, containing about 40 acres, near Damascus, was set on fire Saturday night. It made a fierce fire, and the roaring of the flames was heard for three or four miles around. Men were fighting it on Sunday evening, to keep it from the buildings.

Mrs. E. Ball was quite seriously injured while in Portland last week by a car striking her. We hear she was brought home on Sunday.

Our school at Rock Creek is expected to commence on the 17th of September, with Mr. Ramsey as teacher.

Mrs. George Johnson was taken quite sick Sunday night and was still feeling poorly on Monday night, but we all hope she will soon be well.

Several families from Sunnyside visited the Oaks last Sunday.

Mr. Stollo has his hay baler at work in their straw, but it is hard to get help enough.

Ruth Mendenhall is visiting at Mr. Stoll's.

I don't know what people would do without Miss Keyes. She has her hands pretty full doing four or five washings a week.

Summer Diarrhoea in Children

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the M. E. church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by Howell & Jones.

CARUS

Most everybody is preparing for hop-picking.

An enjoyable evening was spent at Mrs. H. O. Inskip's Monday, about 35 people being present, and all report a good time.

C. Casseday is improving the looks of our school by building a new woodshed and a porch.

Miss Justin, of Oregon City, spent Monday evening with Miss Irish.

The young folks that went to the

Hot Springs returned home Sunday evening with 40 gallons of huckleberries and a deer.

Several people from here spent a very pleasant time at Wilhoit Springs Sunday.

Ralph Howard is working for Sturges Bros.

Dr. and Mrs. Goucher spent Sunday with their daughter at Needy.

B. A. Howard, of Mulino, was in our burg Saturday.

Fred Vonderahe hauled wood for the postmaster the first of the week.

The boys that went fishing on the Columbia a few months ago have returned home.

Ben Faust and family, of Liberal, and Gwill Thomas, of Beaver Creek, spent Sunday at Edwin Howard's.

Miss Lewis called at the Gregory home Tuesday evening.

Mr. and Mrs. Spatz and family spent Sunday at Eph Jones'.

Don't Be Blue

and lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for these troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Huntley Bros. Drug Co.

YOU MUST HAVE A GUN AT THIS PLACE

Happy Hollow, Aug. 27.—You are considered N. G. this week if you don't have a gun to trade.

Happy Hollow is so busy that we scarcely have time to write.

Mr. Virgil Clark, of Portland, was a visitor in this place. He spent part of his vacation hunting and fishing close to our cozy town.

Miss Echo Larkins visited in this place Thursday.

Mr. J. L. Evans took a trip to Portland Friday.

Mr. Enos Dodge called Sunday to get a shave at our first-class barber shop.

Mrs. J. H. Turner and children, Hilda and James came to take some views of the Busy Bee mill.

Mr. and Mrs. Joseph Faust and son, Edwin, called at our burg Sunday.

You are considered N. G. this week if you don't have a gun to trade.

Mr. Henry Turner has had an attack of "rheumatics." Mr. John Dodge was called on for medical assistance.

Miss Edna Gard passed through Happy Hollow Thursday.

TALENT OF BARTON YOUTH RECOGNIZED

WOMAN'S HOME JOURNAL FAVOR-
ABLY COMMENTS ON
HIS CONTRIBUTION.

It sometimes happens that the editors of a magazine receive contributions that they enjoy tremendously, but for one reason or another they cannot exactly use in the department for which the matter was submitted. Out in Barton, Oregon, there lives a bright boy of ten who sent a dramatic poem to Aunt Janet. Now just because Aunt Janet couldn't see her way clear to use it in her department is no reason that it should be shrouded in oblivion, so here is the poem. It is called "The Rescue."

The frost was white upon the ground,

The birds were in the trees;

We slept within the cottage

In most contented ease.

When all at once the chickens

In the coop began to squawk,

We got up in a hurry

And found it was a hawk.

And Father got his rifle,

And Brother got his knife;

And they rushed into the barnyard

And saved the chicken's life!

There's truth, originality, terseness and a good strong climax in that poem, and we read weaker verse by older hands in this office every day—Woman's Home Companion for September.

First Aid to Beauty.

Nothing is more certain to benefit your complexion than a 5 cent box of Laxakola tablets. They freshen the skin, give color to the cheeks, cure constipation and give you a clear, rosy, healthy complexion. Huntley Bros.

VALUABLE BEDS OF CLAY AT ESTACADA

There are valuable and extensive beds of clay near Estacada, says the News. New deposits have recently been unearthed and clays from these have been tested by Superintendent Halpins, of the Estacada Brick & Tile company.

The clays will make a first-class

fire brick, a vitrified brick, and buff, white and cream brick. The quality fire brick that can be produced out of this clay is superior to the fire brick the brick company is purchasing on the market and putting in the new dry kiln.

The grade of vitrified brick made is the best, these are used for street paving, sewer and drainage pipes. From the buff, white and cream colored brick can be made a beautiful enameled, facing brick.

Where these beds have been found a twelve foot layer of the different kinds of clays exist. Supt. Halpins, who has secured the clays and has made the tests, has a thorough knowledge of the work he is doing.

Another kiln of pressed brick to contain 140,000 is being prepared at the brick factory.

The End of the World

of troubles that robbed E. H. Wolfe, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago Kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of General Debility." Sure cure for all Stomach, Liver, and Kidney complaints, Blood Diseases, Headache, Dizziness and Weakness or bodily decline. Price 50c. Guaranteed by Howell & Jones, druggists.

DEER PLENTIFUL IN THE DOVER HILLS

J. W. Exton is hauling lumber for an addition to his homestead.

Perry Kitzmiller is home on a visit.

Charles A. Keith returned from Washington county last Wednesday.

Mrs. Capt. Brauson is on the sick list this week.

Dr. Robards was up from Eagle Creek Monday to see Grandma Deshazer, who is still very sick.

Fred Vale, Will Raftree and Perry and George Kitzmiller went hunting Friday. They brought home a four-point buck, fat and fine.

The Douglas thresher is in the neighborhood.

Fred Vale returned to Portland last Sunday, having spent the week with the Kitzmiller boys hunting and fishing.

Nearly everyone around Dover will be off for the hop fields next week.

Wesley Douglas and family returned Monday from a trip to the mountains. They killed three deer and report lots of game.

Truths About Artificial Teeth

The great majority of dentists represent to their patients that a rubber plate with fourteen teeth set in a half circle is just as good as anything else for a set of artificial teeth.

Some make such representations knowing them to be false, others because they know no better.

The responsibility for this condition rests with the dental profession.

A great many people would not accept a rubber or celluloid plate if they only understood the superiority of a metal plate in cleanliness, healthfulness and durability.

We would like to talk with you about metal plates for artificial teeth.

Seventeen years in dentistry in Oregon City. Post Graduate Haskell & Chicago School of Dentistry.

We guarantee to please you.

A square deal to everyone.
