TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

### Young Man Suspected—

E. J. Andrews, who lives on the Abernethy, near this city, reports the theft of a 30-30 Winchester rifle while at Hood River several days ago. Andrews suspects a young man named Harvey Harris of having appropriated the rifle.

### Says He Whipped Her—

Julia Peterson, in a divorce complaint, charges Ole Peterson, to whom she was married at Pringhar, Iowa, with mercilessly whipping and otherwise mistreating her, besides becoming a habitual drunkard. She asks to resume her maiden name, Julia Johnson. There are two minor children.

### New Methodist Parsonage—

The Methodist Episcopal church has rented the Ryan home on the corner of Fifth and Center streets for a period of three years and will use the house for a parsonage. Rev. R. C. Blackwell and family, who have been living at the corner of Sixth and Madison streets will soon move into their new home.

### Mill Has New Manager—

H. P. Diamond has resigned as manager of the Oregon City Mill & Lumber company's plant in this city, and leaves for California soon. Mr. Diamond has been succeeded as manager by R. Kuppenbender. The output of the mill has been contracted for six months in advance, and the new company may now be considered as safely launched.

### Interrupts Shipping—

The stage of the Willamette river at this place has receded until the operation of steamers through the locks is interrupted. The river now registers but 8.1 feet above low water mark, and on this account the river steamers are unable to handle more than half shipments. The stage of the river, together with the difficulty that is had in procuring cars, is seriously interfering with shipping in this city.

### Would Live Apart—

Judson L. Seely is suing for a divorce from Carrie E. Seely. The parties were married in this city, June 15, 1901, and desertion is charged of the defendant in 1904. G. E. Hayes ap-

pears as attorney for the plaintiff. Married in Benton county in 1890, Geo. W. Parker has filed suit for divorce from Mary J. Parker. There are five minor children, but the plaintiff does not ask for their custody.

### Kansas City Brush Fire—

For a time Saturday afternoon, a brush fire seriously threatened the homes of a number of residents of Kansas City Addition. The men whose homes were endangered, formed a bucket brigade and under the direction of Fire Chief McFarland did very effective work, the fire being extinguished before any serious damage to property resulted. It was, however, only by the hardest kind of work that some of the buildings were saved.

### Yeomen Organize—

The Oregon City Homestead of American Yeomen was recently organized with 15 charter members at Knapp's Hall. Ambrose H. Dimick, deputy chief Yeoman, and Dr. Johnson, head physician, both of Portland, instituted the lodge. The following officers were elected: Foreman, J. W. Miller, who was instrumental in organizing the local homestead; correspondent, C. Fuge; master of accounts, Mr. Fuge; chaplain, Mrs. J. W. Miller.

### Was Old Pioneer—

Maxwell Ramsey, aged 85 years, died Saturday at The Dalles. He came to Oregon across the plains in 1846, settling at Molalla, Clackamas county. He stayed in Clackamas county until 1878, when he went to Grant county, where he remained 20 years. For the past eight years he has lived with a daughter at The Dalles, Mrs. J. C. Wingfield. He leaves one son, H. S. Ramsey, of Od Homestead, Clackamas county, and two daughters, Mrs. R. Diekey of Clackamas county and Mrs. J. C. Wingfield of The Dalles.

### He Didn't Mean To—

Fred Breithaupt has been acquitted by Justice Stipp on the charge of maliciously killing a dog, the property of his neighbor, Mr. Griffith. Testimony in the case was received last week, but the court did not render his decision for several days. Breithaupt claimed that he shot at the dog in

hopes of scaring the animal, which was trespassing on his premises. In so doing he accidentally shot the dog. The testimony failed to disclose any criminal intent on the part of the accused. In this state, the malicious killing of a dog is a penitentiary offense.

### Youth Versus Age—

In the challenge swimming contest between this city and The Oaks, last Saturday, J. J. Byrnes, of Portland, defeated John L. Henderson, of Hood River. The distance was about 8 miles and the start was made from this city at 8 o'clock in the morning, the winner of the race reaching the boat house at The Oaks a few minutes after 2 o'clock. Henderson, who is a veteran swimmer, having given several sensational performances in the Columbia river, left the river at Milwaukie and never finished the course. Byrnes was too much for his elderly opponent, Henderson being about 60 years old while Byrnes is less than 30 years old.

### Fond of Their "Super."—

When he returned to his work last Thursday, after spending a two weeks' vacation in Linn county, Fred Metzner, superintendent of the weave room at the Oregon City Manufacturing company's woolen mill, was most agreeably surprised by the employees of that department at the mill. He was presented by the weavers with a beautiful gold watch fob and a gold ring set with three rubies. The presentation of these tokens of regard was made by Mrs. Rivers, who, in a few remarks, assured Mr. Metzner of the esteem in which he is held by the donors. Mr. Metzner was overcome with surprise, and he could only inaudibly express his sincere thanks for the beautiful remembrances.

### Many Build at Gladstone—

Gladstone is experiencing quite a building boom, no less than a dozen residences having been built within the last few weeks, or are now under construction. A. L. Clarke, traveling salesman for Wadhams & Co., of Portland, recently purchased a tract of 17 acres at Gladstone, facing the river, and he is preparing to build an attractive summer home on his property. O. A. Thurman has just finished building a neat residence in this rapidly growing suburb, as has also Mr. Phillips. C. A. Warren is building him a home, and Chambers Howell has the material on the ground with which to

or three nice cottages will be constructed. J. R. Niles, recently of Woodburn, has purchased property and has made the necessary excavation preliminary to the building of a store building in which he will engage in business.

### A Runaway Steamboat—

While momentarily unattended, the steamer Elmore cut up some peculiar antics while in the locks in this city the other day. The steamer was in the upper section of the locks, receiving a cargo of freight from the Willamette mills. Owing to the extreme low stage of water in the locks, the boat was resting on the bottom of the canal. On this account it was considered by the officers unnecessary to tie up the steamer, and with this feeling of security, the pilot and the other officers of the boat, excepting only the engineer, had abandoned the craft and were busy directing the boat crew in handling the freight. Unnoticed, the water came rushing into the previously empty canal. Rising from its unnatural resting place, the steamboat started down the canal, and was getting well under way before the pilot noted the situation. Not stopping for the gangplank, he leaped aboard the moving boat, and, rushing to his station, sounded the proper alarm by which the engineer reversed his engine, only in time to prevent a collision with one of the gates in the canal.

### WORK WEAKENS THE KIDNEYS.

Doan's Kidney Pills Have Done Great Service for People Who Work in Oregon City.

Most Oregon City people work every day in some strained, unnatural position—bending constantly over a desk, riding on jolting wagons or cars, doing laborious housework; lifting and reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Oregon City cures prove it.

Theodore Hueth, carpenter, living at Parkplace, about two miles from Oregon City, says: "I found Doan's Kidney Pills do just what is claimed for them. For a long time I suffered a good deal with lameness and aching over the kidneys and irregularity of the action of the kidneys. The trouble was not severe enough to lay me up but was very annoying and made it difficult for me to stoop or lift anything with out my back aching me. I was induced to try Doan's Kidney Pills from the recommendation of a friend, and went to Huntley Bros. drug store for them. Their use absolutely removed the trouble with the kidneys, strengthened my back and in every way proved your remedy to be worthy of all confidence."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## PORTLAND GETS OREGON CITY PASTOR

Rev. E. S. Bollinger Accepts Call to Pastorate of Highland Congregational Church.

Rev. E. S. Bollinger, for the last seven and one-half years pastor of the Oregon City Congregational church of this city, has resigned as pastor of the Oregon City church to accept a call to the Highland Congregational church of Portland. Rev. Bollinger's resignation was tendered the board of trustees with the understanding that the call of the Portland church would be accepted. There was held last night a congregational meeting at which the resignation was to be considered.

Rev. Bollinger began preaching 22 years ago in Baltimore, Md. For four years he was pastor of a church in Salem, subsequently serving nearly five years as superintendent of the blind school in that city. He then served three and one-half years as pastor of the First Congregational church at Astoria, coming to this city from that point. During his pastorate of the Oregon City church, Rev. Bollinger succeeded in adding nearly 200 members to the church. Rev. Bollinger has many warm friends here who will regret to see him sever his pastoral relations with the Oregon City church, especially when the action includes his removal from the city.

### Given Away.

Mrs. Thomas Johnson Smith was being married for the fourth time in the little country church in which she had been raised. The ceremony was proceeding with all solemnity until the minister reached the point, "Who gives this woman to this man to be his wife?" and a voice away back in the congregation replied, "I generally do."

## IF YOU'VE MARRIED TELL THE CLERK

Marriage Certificates Must Be Returned Within 30 Days After Marriage.

There is no record at the Clackamas county court house of the legal marriage of ten couples that have obtained licenses from the office of the County Clerk in this city during the last 18 months. The law requires that certificates of marriage shall be made out and returned to the clerk of the county in which the license issues within 30 days from the date the marriage is solemnized, under penalty. County Clerk Greenman finds no record in his office of the following ten couples, the dates given showing the time the license was issued, and all of the licenses having been granted between February 1, 1905 and August 1, 1906:

### "Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by Howell & Jones.

### Dishwashing Device.

Where a great deal of dishwashing is necessary. It is a good plan to do away with the drying of them. To make this possible in the average household, a 25-cent rack is now sold. It is shaped like those photographers use for negatives, only, of course, much larger. After being rinsed with clean hot water, the dishes can be set upon edge in the rack and allowed to dry by evaporation. All they need then is a polish with a dry towel as they are placed on the table.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
