#### Use of the Third Eyelid.

"Birds and many animals have three eyelids," says Modern Optics, "the upper and lower, as in man, and a third, which sweeps over the surface of the eyeball below the other two. This is called the nictitating or thinking membrane. When at rest it is tucked away almost out of sight at the inner angle of the eye. The purpose of this membrane is to keep the sur-

face of the eyeball clean, and it will be seen to frequently pass quickly to and fro across the ball of the eye for this purpose. Occasionally a farmer will look upon this membrane as a 'film over the eye' of his pet fowl, and will remove it with a sharp knife to 'restore the sight.' In this case the eye, being deprived of its cleansing membrane will catch dust, inflammation will set up, and the eye will be weakened or destroyed."

#### Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Cholera, Colic and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before the doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. For sale by Howell & Jones.

#### Chutney.

This is a delicious sauce for use with fresh meats. Pare and quarter one dozen large, sour apples, and chop fine, together with two green peppers from which the seed have been removed, one teaspoonful of stoned raisins, and two medium-sized onions. Put the mixture into a porcelain kettle with one quart of apple vinegar; simmer two hours. Add two cupsful of sugar and two teaspoonfuls each of salt, mustard seed and ground ginger. Cook while hot and keep in cool dark place.

#### Galveston's Sea Wall

makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic Coughs, LaGrippe, Croup, Whooping Cough and prevents Pneumonia. Pleasant to take. Every bottle guaranteed at Howell & Jones' drug store. Price 50c and \$1.00. Trial bottle free.

#### Vanity Not Piety Demands A Church at Estacada.

It is time Estacada had a good, substantial church building whether there is any use for it here or not. It is customary nowadays for towns of the size of this to have churches if nothing more than to beautify the village landscape; encourage the stranger to come, invest and make his home here; to give the old a place to find hope for the future, a place for the young peo-

ple to meet, giggle, and see each other home; where the vain may go to show their latest purchases, and a place where the sinful, money-getting men who contributed largely to it may never be seen, unless it is on the night before Christmas when the children speak from the church rostrum. Everyone in town would like to see a fine church built here. Not because of our piety, but because of our vanity; not because it may do us good spiritually, but because it may do some of us good financially. This is ridiculous—because it is true. And why not go ahead now and build a church? It is understood that the townsite company will contribute the lots. This is a generous offer for them, and if the people will come forward with about \$1000 it will be one of the best investments since the town started. We believe it will take about \$2000 to build and furnish such a church as we should have here, and the religious organization which it is for would perhaps contribute nearly a half of it.—Estacada News.

#### Coolness of Modern Lovers.

The modern lover does not excite himself much, says the London World. One would like to impart a little more enthusiasm to the young man of the period. He sends jerky, slangy messages to his lady love, he does not greatly worry if he does not see her daily; he would not forego a golf match on her behalf if he could possibly avoid it. He never appears radiantly happy.

Both hemispheres look alike to an earthquake along the Pacific line of North and South America.

## Weak Women Made Strong, Sick Women Made Well.

In the above eight words is summed up the great work for women which is accomplished by Dr. Pierce's Favorite Prescription.

The record of cures effected by this remedy is without a parallel. Thousands of testimonials received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women.

It is composed wholly of medicinal principles extracted from the roots of native, American forest plants, pure triple-refined glycerine of proper strength, being used instead of harmful alcohol both in extracting and preserving these medicinal principles.

#### IT IS A POWERFUL INVIGORATING TONIC.

Imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," "run-down," or debilitated, especially for women who work in store, office, or school room, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

#### AS A SOOTHING AND STRENGTHENING NERVINE.

"Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chokes, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the organs distinctly feminine. It induces refreshing sleep and relieves mental anxiety and despondency.

#### CURES OBSTINATE CASES.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful periods, unnatural suppressions and irregularities, prolapsus or falling of the pelvic organs, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the uterus, inflammation, pain and tenderness over the ovaries and kindred ailments.

#### FREE CONSULTATION.

An invitation is extended by Dr. Pierce to every sick and ailing woman to consult him by letter. There is absolutely no charge or fee for this consultation. Every letter is carefully considered, fully answered, and its statements held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

#### THE BADGE OF HONESTY.

Each bottle of the above medicine bears upon its wrapper a badge of honesty in the full list of ingredients composing it—printed in plain English. This frank and open publicity places this medicine in a class all by itself. It cannot be classed as a patent nor secret medicine for it is neither—being of known composition.

#### DR. PIERCE'S PLEASANT PELLETS

cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belching, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, anti-bilious granules, scarcely larger than mustard seeds.

#### HEALTH AND HAPPINESS.

How to live in health and happiness, is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.
