TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

Three Employees Resign—

John Albright, William Hosey and Tom Lindsey have resigned as employees of the Crown-Columbia Pulp & Paper company. Mr. Albright may accept a position with the Spaulding Lumber company.

Claims He Deserted Her—

After being married for 16 years, Sarah Razez has filed suit for divorce from William Razez to whom she was married in Pennsylvania in July, 1900. The desertion complained of is said to have taken place in 1905. The custody of four minor children is asked by the plaintiff.

Catholic School Begins—

St. John's parochial and high school opened Tuesday morning with a satisfactory attendance, considering the time for resuming classes. The enrollment is rather light, owing to the absence from the city of many families, but the attendance compares favorably with that of the opening day of previous years.

City Repairs Property—

With dustpan, broom and paint brush, under the direction of the City council, the City Hall and the homes of the different fire companies have been treated to a vigorous cleaning and newly dressed with paint and wall paper. These places had long been neglected, and there was imperative need for these improvements.

Germans Are Entertained—

One of the most successful picnics ever given by the Manner choir of Oregon City was held Sunday at the home of Philip Bucklein. The affair was given by Mr. Karl Rhody, who is a member of the society. The evening was spent pleasantly and late was the hour when the party dispersed to their homes. The next meeting of the society will be held Sunday, September 16, at the home of George Smith, in Green Point.

Miss Gadke Resigns—

The Saturday club of the Congregational church held a meeting Monday night and discussed plans for the work of the club during the coming fall and winter. The resignation of

Miss Lena Gadke, treasurer of the club, was received and accepted, and Miss Iva Gordon was elected to fill the vacancy. Miss Gadke left Wednesday for Seattle, where she will attend business college and will make her home with her sister, Mrs. F. M. Maple.

Imel Held To Circuit Court—

Willis Imel, of Clackamas station, was given a preliminary examination before Justice Stipp Tuesday afternoon on the charge of larceny from the person. He was held to the circuit court under \$200 bonds which he promptly furnished. Deputy District Attorney Schuebel appeared for the state and the defendant was represented by G. C. Brownell. The defence raised the point as to the correctness of the charge against Imel, which implied the taking of money from the person and showed that instead the money had been handed the defendant. On this showing, the charge was amended to that of simple larceny.

In Interest of Northwest—

President C. H. Dye, of the Oregon City Board of Trade, has received the official call for the Pacific Northwest Convention, to be held at Spokane, Washington, Tuesday, the 25th inst. To make this convention a success, the co-operation of every commercial and industrial body in the states of Oregon, Washington, Idaho, and Montana is invited to participate through representative delegations. As outlined in the call, the purpose of the convention is "to bring together the representative men of this most prosperous section of the United States, and after thorough consultation, unite upon a plan of advertising the actual resources and not to exploit the peculiar advantages of any of the cities."

Neither Crazy Nor Foolish—

An attempt was made Tuesday to have Mrs. Lovelace, of Jones' Mill sent to the insane asylum but it failed. A formal complaint being filed charging the woman with insanity, Sheriff Beattie and Constable Ely went into the country and brought the woman to this city where an examination was held before Judge Dim-

ick at the court house during the afternoon. But it did not take the woman long to convince the examining board that the complaining witness was either very badly fooled or suspecting her of being mentally unsound or that it was purely a case of mistaken identity. The charge of insanity was dismissed against Mrs. Lovelace who was allowed to return to her home without further embarrassment.

Concerned for the Child's Health—

A divorce suit somewhat out of the ordinary so far as the allegations set forth in the complaint are concerned, was filed in the circuit court here Tuesday. The plaintiff is Frank J. Phelps who sues for a separation from Maggie V. Phelps and the custody of an only child. In addition to charging the defendant, whom he married at Bull Run in this county, in October, 1904, with cruel treatment and desertion, Phelps represents that in violation of his expressed wishes and commands, the wife persisted in taking the child to the home of a neighbor, several members of the family so visited being afflicted with consumption. For this and other reasons recited in the complaint, plaintiff desires to be awarded a legal separation as well as the custody of the child for the reason that he does not think the mother should be entrusted with its care.

Hard on Cats.

Recently forty-one dead cats were found on the streets of Wilmington, Delaware in one week. The board of health at first thought somebody was poisoning the felines, but the officials have concluded that the cats were killed by the hot weather.

CURED TO STAY CURED.

How an Oregon Citizen Found Complete Freedom from Kidney Trouble.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.

Oregon people testify. Here's one case of it: David Campbell, baker, at 221 North 17th St., and living at 170 North 18th St., Portland, Oregon, says: "Every word of the statement I made in February, 1903, concerning Doan's Kidney Pills is not only true but having since been free from kidney trouble, I am glad to state that my faith in Doan's Kidney Pills is stronger than ever. It is now five or six years since I began to suffer with a lame and aching back. It was so bad I could not stand the pain when bending forward or straightening. I tried various remedies and began doctors' treatment but whatever relief I found was only temporary, and often I could not get any relief at all. Having read in my home paper from England, that Doan's Kidney Pills were strongly recommended for such troubles I got a supply at a local drug store. The first box helped me so much that I kept on with the treatment, and when I had taken about four boxes not a trace of the trouble remained and I have had no recurrence since. I have told these facts in a testimonial published in 1903, and am very glad of the opportunity to corroborate it."

Plenty more proof like this from Oregon City people. Call at Huntley Bros. drug store and ask what their customers report.
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Her Reason for Marrying.

"That excuse is a very cynical and hopeless one," said Senator La Follette. "It doesn't speak at all well for the future."

He was discussing a certain corporation's apology for dodging a law.

"A cynical excuse," he went on, "and one that recalls to my mind a young and pretty nurse who surprised all her friends by marrying a rich man of 73 years."

"Why on earth did you marry that fossil?" a friend asked the nurse.

"Well," she replied, "I thought I might as well be engaged in nursing one old man as a dozen."

"My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased and the child sank into a restful sleep."—Mrs. Nancy M. Hanson, Hamburg, N. Y.

Introduce Lively Membership Contest Between Ladies and Gentlemen.

Oregon City Artisans will provide 25 members of a class of 1000 candidates that it is proposed to initiate into the organization on November 1, when the Artisans celebrate the 12th anniversary of the founding of the Order. In order to stimulate interest in the approaching anniversary and attendant exercises, the Oregon City Assembly has inaugurated a contest, the gentlemen members of the order, under the leadership of R. J. Goodfellow, constituting one side, while the ladies, with Mrs. Nellie M. Cooper as captain, will constitute the opposing forces. A schedule of credits will be determined upon by the two sides, so many to be counted for each application brought in, a song, recitation or speech, also for attendance, etc. The side scoring the greatest number of points will be entertained by the other side. The contest will continue until the later part of October.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung trouble."
