

SNAPSHOT OF JACKKNIFE RIDGE

Photographer Joins Surveyor Hungate's County Line Locating Expedition.

Molalla, Sept. 19.—County Surveyor S. A. D. Hungate goes to look after the county's southern boundary line this week. It is reported that the line will be a very steep one on Jackknife Ridge, therefore Frank C. Perry, our photographer, is going along to take a snap shot at the location of the "line" before it slides off the Ridge. Joe Harless will accompany the party and further advise us to the progress made.

Most beautiful weather again after last week's dampness. Hopmen are anxious fearing that mold will set in. It is already reported in places.

Anthony Moore & Bros. got their hops all in before the heavy rain and of course feel O K over it.

Clover hulling (not baling) will be finished up this week in the Molalla country as the crew expect to start up again this Monday afternoon.

Dr. Leavitt is packing up, preparatory to moving to Portland October first.

Several of our people returned from the state fair in the down-pour of moisture, looking like they had been out in the wet for several days. They report as having seen a splendid exhibit.

Guy Dibble is at his mountain home getting out posts, preparatory to building a lot of wire fence, having lost 2000 rails by fire.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung trouble." Guaranteed by Howell & Jones, druggists. Price 50c and \$1.00. Trial bottle free.

EAGLE CREEK

A quiet, but pretty wedding was solemnized at the residence of the bride's parents at Stevenson, Wash., September 4, 1906, the contracting parties being Miss Emma, second daughter of Mr. and Mrs. J. F. Sweeney, and Albert L. Douglass, son of Mr. and Mrs. J. W. Douglass of this place.

The bride was tastefully dressed in white silk, trimmed with French valenciennes lace and insertion, while the groom wore the customary black. Only the immediate family was present to witness the ceremony. The bridal couple left for a short trip to the coast, stopping for a short stay at Eagle Creek, the boyhood home of the groom. The following Monday evening they were greeted with a concert such as would cause the most fastidious, discord loving, Chinese delight in the snap of a melody composed of cowbells, tin cans, and old saws plentifully punctuated by dynamite and firing of guns and other noises that can only be invented by a crowd who undertake to thus express their good will. They were invited into the house where they were liberally treated to candy and nuts which were washed down with all varieties of drinks soft and otherwise. After an hour spent in social conversation and congratulations, the room was cleared and the crowd tripped the light fantastic until a late hour. A very enjoyable evening was spent by those who were present and for an impromptu affair it was voted a decided success.

We heartily wish Bert and Emma many long days of happiness and prosperity, and may their clouds be few, and those few silver lined; their storms but April showers. Their future home will be in Stevenson, where Mr. Douglass has a profitable business.

Pain From a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss, of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains, and lame back, and have never known it to disappoint." For sale by Howell & Jones.

Oregon Patents.

Following patents were granted Oregon inventors last week: Julius W. Humphrey, Woodburn, fence or dike; Benjamin F. Rodes, Echo, tool-holder.

The Doctors Send You

to Howell & Jones' drug store to get your prescriptions filled, because they know you will get them filled there just as they are written and just as the doctor wants them filled.

Their twenty years' experience in compounding prescriptions well qualifies them for this work. Getting your prescription filled by Howell & Jones means carrying out the doctor's wish to the letter—and the best service there costs you no more than the next best elsewhere.

Paints, Oils and Glass

are being sold by this drug firm at prices never so low in Oregon City.

They just furnished to the county over one ton of lead and four barrels of oil for the work of painting the suspension bridge.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health Tonic on earth. 50c. Guaranteed by Howell & Jones, druggists.

100 Year Old Hoppickers.

About 90 per cent of pickers in the Lake Hill Hop Ranch, owned by J. F. Groves, are Indians, and among them are some extremely aged men and women, says the Independence Enterprise. Mr. Groves says he has two pickers who are past the century mark, one being 105 years old and the other 112. The latter is a Grand Ronde and was born in the Oregon country and has spent his entire life on this coast, with the exception of the time he was with the United States army during the Mexican war.

General Robert E. Lee

was the greatest General the world has ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly cures all pains. It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent Liniment for Rheumatic pains. I am never without it." Sold by Huntley Bros. Drug Co.

Truths About Artificial Teeth

The great majority of dentists represent to their patients that a rubber plate with fourteen teeth set in a half circle is just as good as anything else for a set of artificial teeth.

Some make such representations knowing them to be false, others because they know no better. The responsibility for this condition rests with the dental profession.

A great many people would not accept a rubber or celluloid plate if they only understood the superiority of a metal plate in cleanliness, healthfulness and durability.

We would like to talk with you about metal plates for artificial teeth.
