TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

Confers With Marion Solons—The Clackamas County court went to Scott's Mills Tuesday to consult with the Marion county court in regard to the Scott's Mills bridge.

Sues For Freedom—Edwin H. Eves filed suit Monday for divorce from Grace E. Eves whom he married at Vancouver, Wash., in August, 1901. Desertion in 1905 is alleged.

Administrator Named—George Derry has been appointed administrator of the estate of Chris Timm, deceased. The value of the property is \$500. There are two heirs, the widow, Susie A. Timm, and a son, William.

Takes Entire Output of Mill—Linn Brothers, who operate a sawmill in the eastern part of the county, have closed a deal with Al Dindsey, whereby he takes the entire output of the mill. Dindsey has erected a dry shed in Estacada to store the lumber.

Leases Shaver Farm—W. W. Everhart, who had charge of the large farm of the late Sheriff John R. Shaver, while the latter officially served the people of Clackamas county, has leased the property from the Shaver estate for a number of years.

Have Gone For Deer—H. S. Moody, George Campbell and W. R. Logus left the first of the week on a fishing trip. They expect to get lots of game, as they will go up to the headwaters of the McKenzie river, where it is said all kinds of game abound.

Spokane Lease Factory—Barnes & Lindsley of Spokane have leased the woodworking factory of the Estacada Wood Manufacturing company. E. L. Barnes will assume the management of the business and Perry Boulton will continue as foreman of the establishment.

Grange Holds Fair—The members of Maple Lane Grange, No. 296, are preparing for their second annual fair, to be held at Maple Lane Hall, October 17th. This grange

is composed of some of the best grange workers in the county, who are striving hard to make this fair a great success.

Meldrum's Station Affire—The station at Meldrum, three miles north of Oregon City, was found to be on fire by the crew of the 9 o'clock car out of Portland, Thursday night of last week. The conductor and motorman extinguished the flames in short order. The origin of the flames is not known.

Shirley Buck Resigns—Deputy Sheriff Buck has resigned the chief deputyship in Sheriff Beatie's office. The resignation went into effect last Saturday evening. Mr. and Mrs. Buck will not move to Portland at present, but will as soon as they dispose of their property interests in Oregon City.

Feed Stable Sold—On Tuesday morning George Bradley bought the Hulbert Feed Stable on Main between Third and Fourth streets. The purchase price was \$1600. Mr. Bradley a few days ago sold his property on Clackamas Heights, where he has been in the poultry business. He will take charge of his new possession immediately.

Attachment Suit Filed—B. F. Linn, and J. A. Linn, partners under the firm name of Linn Bros., have filed an attachment suit in the Circuit court by their attorneys U'Ren & Schuebel, against the Estacada Wood Manufacturing company to recover \$783, alleged to be due for lumber and paints furnished the defendant corporation. Of the amount sought to be collected, \$10 represents an assigned claim of The Standard Paint company.

Busy With Taxes—Sheriff Beatie and Deputy Baker are finding their hands busy receiving for taxes, the regular semi-annual rush on the part of the taxpayers to liquidate with the county being now on. All taxes that are not paid on or before Saturday evening, the 29th inst., become delinquent and will be liable to penalty and interest charges. Taxpayers are very generally paying up, and if the present activity on their

part continues there will be but a small delinquent roll this year.

Attachment Suit—W. A. Garner, in an attachment suit filed in the Circuit court, is seeking to recover from Joseph Costagnetto judgment for \$52 for boarding and feeding two horses belonging to the defendant.

Become American Citizens—The voting strength of Clackamas county was increased to the extent of two Saturday afternoon when final citizenship papers were granted Theodore C. Deitze, of New Era, and August Funk, of Redlands. Both are of German descent. H. Opperman, of Oregon City, also declared his intention of becoming an American citizen.

Foul Language Charged—John Graf, of Portland, in a divorce suit filed here Tuesday, is charged by his wife, Mary E. Graf, with having called her numerous bad and disgusting names in such a loud and boisterous tone of voice as to be heard by their neighbors. Mrs. Graf also complains that her husband on several occasions struck her violently in the face, and alleges that for a period of five years he was rarely at home. They were married at Portland, April 1, 1880.

Miss Clark Goes to Honolulu—Miss Addie Clark, of this city, accompanied by Mrs. Gloyd and daughter, Miss Gloyd, of Portland, will leave on the 25th of October for Honolulu, where they will remain for four months. They intended starting on October 5th, but owing to the wreck of the Mongolia a few weeks ago they will have to wait for the next steamer which leaves San Francisco on the 25th of October. Miss Clark was superintendent of the city schools for two years, but declined re-election, as she intends spending the greater part of next year in traveling. She has a host of friends in this city who wish her a pleasant journey and a safe return.

Subjects For Spokane Talkfest—The Pacific Northwest convention of commercial clubs will meet at Spokane, Tuesday and Wednesday of next week. The delegates from the Oregon City Board of Trade have been named. Among the questions which have been suggested for discussion are the placing of lecturers in the east, advertising the Pacific Northwest; opening of rivers and harbors; the establishment of a strong northwest press bureau; securing by united action national conventions for all the cities of the northwest, which are large enough to entertain them; the placing of an immigration agent in Europe; securing of an appropriation by the legislature of each of the four states for the advertising of that state; the co-operation of the United States government for forest protection, including the patrol of forests by United States cavalry troops, and urging of leading cities to hold annual expositions and fairs.

TEACHERS DESERVE A GOOD SALARY

(From Milwaukie Bee.)
We notice from a placard posted up in the post office that the Board of Directors wants a janitor. They didn't advertise it in the Bee, because that would have cost them 15 cents. Perhaps, too, they didn't want to advertise to the world that they had a forty dollar job that they wanted somebody to do for twenty-five dollars. We have a very economical Board of Directors. If we were swearing men we would say too d—d economical. We pay more money to a man to set type for us than the district pays to the man who should take the lead in moulding the characters of the children of the community. For instance: We had a fine teacher here three years ago, Prof. L. A. Read. His home was here. His interests were here. He was a good man and he was a good teacher and so far as we have heard there were no complaints against him, yet they let a little backwoods town like Parkplace take him away from us because they were willing to pay him something like what his services were worth. We know nothing about the present principal of our schools. We trust we have a good man, but we will venture this assertion, that if he is worth anything at all he will not stay here two years, for some little country school like Concord or Willsburg will offer him ten dollars a month more than he is getting here and Milwaukie will let him go, and put up with a cheaper grade. We will see what we will see.

In about a week after commencing to take the pills I could sleep the entire night without unusual disturbance. All pain and other annoying symptoms had ceased and I stopped taking the Pills. I had a slight recurrence of the trouble after a few weeks, but on using Doan's Kidney Pills again, the relief was immediate."

For The Public Good.
An independent and ably edited newspaper which commands a great circulation is probably the most potent influence for good in the United States today. The power for the better things in public affairs and policies, for instance, which is wielded by such a newspaper as The Chicago-Record-Herald can scarcely be exaggerated, and much of that strength comes in the case of this leading Chicago daily from the fact that it is absolutely independent, fearless and fair. It is not the mouthpiece of any interest except that of the public. The Record-Herald champions the cause of the good, the clean, the beneficial in every matter of city, state or national moment. It is the knowledge on the part of its readers that it cares not whom it hits or what enemies it makes, so long as it is battling for the welfare of the community, which gives the Record-Herald much of the influence it enjoys. It gives in its news columns of the most complete and impartial reports of political events, another evidence of its splendid news service.

Help for Women Passing Through Change of Life

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

Nervous exhaustion invites disease. This statement is the positive truth. When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary L. Koehne, 371 Garfield Avenue, Chicago, Ill., writes: "I have used Lydia E. Pinkham's Vegetable Compound for years in my family and it never disappoints; so when I felt that I was nearing the change of life I commenced treatment with it. I took in all about six bottles and it did me a great deal of good. It stopped my dizzy spells, pains in my back and the headaches with which I had suffered for months before taking the Compound. I feel that if it had not been for this great medicine for women that I should not have been alive to-day. It is splendid for women, old or young, and will surely cure all female disorders."
Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, of Lynn, Mass., writes: "I am sick and ailing women to visit her for advice. Her great experience is at their service, free of cost."

Effective Size Reducer.

A story is told of an Arkansas man who was out hunting one day last spring and was caught out in a rain. He looked around for a shelter, but could find none except a hollow log. He looked around for a shelter, but but managed to get in and found it a good retreat. When the rain was over and he attempted to "crawl" out he found that the rain had swollen the timber until it was impossible for him to get out of the log. Finally he began to think of all the little things he had done, but all to no purpose. He thought of cheating a poor widow out of her only cow, and thought of turning his hogs into his neighbor's corn field, but none of these made him feel small enough to effect his release. At last he thought of having refused to pay for the four years' subscription he owed for his local paper, on the grounds that he "didn't subscribe for but one year," and he came out with ease.

NOTHING SUCCEEDS LIKE SUCCESS.
