REMOVING ROCKY BARRIER IN STREET

The city council has ordered some work done that one part of the city at least is very thankful for. The rock ledge on Washington and Eighth streets is being taken out and the rock will be crushed by the city for use on the streets.

This ledge has long been a barrier to people living on either side of Washington street and when it is taken away free access can be had in either direction. Formerly when a person in the north part of the town wanted to go to the south part this ledge was an obstacle which required the person to go around either by way of Center street or Adams street, both of which are inconvenient to that section of the city.

Huntley Bros. Tell of the Remarkable Success of Pepsikola Tablets in Relieving Indigestion.

After selling all kinds of remedies for dyspepsia and indigestion we can truthfully say that we never knew anything to give such universal satisfaction as Pepsikola Tablets. They not only aid digestion but they act as a grand nerve tonic as well. Many Oregon City people who have not enjoyed a good meal for years now say that after using one or two 25 cent boxes of these little tablets they feel as if they could eat a horse and digest it too. Huntley Bros. have been recommending this grand dyspepsia remedy for nearly two years now and from actual experience knows there is no other remedy so sure to relieve sour stomach, bad taste in the mouth, coated tongue, palpitation, sleeplessness, wind belching and other distressing symptoms of indigestion. And Pepsikola Tablets must cure you or there is nothing to pay. They will renew your energy, steady your nerves, regulate the action of your heart, improve your appetite, put new life in your stomach, and will do more to tone up and improve your general health than anything you ever heard of.
