OREGON NOT ADVERTISED

The Oregonian "pins its faith to Harriman," to give Oregon its share of the S. P. railway advertising in the East, and every few days the Oregonian has a laudatory article about the beautiful pamphlets issued by the S. P. advertising Oregon.

If the S. P. has published any pamphlets they must be for Portland consumption only. In twelve years' newspaper work in Iowa, Illinois and Ohio, the writer never remembers seeing one line advertising Oregon in any of the big papers of Chicago, St. Louis, Indianapolis, Des Moines or Omaha. But we do remember reading pages of glowing descriptions of California and Washington, with the added offer to send more detailed information upon inquiry.

Those advertisements attracted tens of thousands of settlers to the states north and south of us. Nearly everyone you meet in the Central states has knowledge of the general and special resources of California and Washington, gained through that advertising. To not more than one in a thousand in the Central states is Oregon anything more than a name.

That is the result of pinning your faith to Harriman, whose first and last interest is California.

WHO HAS THE MONEY?

The complaint of the sportsmen over the non-protection of the game birds is a just one. Naturally every true sportsman is indignant at the out-of-season slaughter of game, and everyone realizes that only a few years of such work would mean the practical extermination of game birds in the settled parts of the state.

When the sportsmen are taxed to provide a fund for the protection of game and there is no effort made to spend that money for the purpose intended, then the wrath of the taxed is surely justifiable.

What has been done with the \$16,000 license fees? The answer is up to Warden Baker.

Let us take a more personal interest in the city schools than heretofore. Become acquainted with the teachers of the grades that our children attend, and give those teachers practical evidence of our sympathy and support in their tasks.

HUGHES vs HEARST.
W. R. Hearst was too strong for the combined elements opposing his nomination for governor of New York, and he won easily in the Democratic convention on the first ballot, Wednesday. The Republicans named Charles E. Hughes, who gained fame by his vigorous investigation of the big life insurance companies. Jerome and other conservative leaders of the Democracy will bolt Hearst, and while they may put up a third ticket, it will be a dummy and they will really support Hughes. There will be a hot time in New York for the next 30 days, and the whole country will be interested in the outcome.

It was reported that Banker Stensland attempted suicide on his way home. But this is to be explained on the theory that he was about half seas over.

The city is to stand good for grading and draining, which will amount to about \$4,000 and which are needed badly. The property abutting on that part of Broadway to be paved will be assessed for the cost of paving. The work is to be done within the next sixty days.

Prescriptions
Now on file in Howell & Jones' Drug Store.
This enterprising drug firm may well boast of having the largest prescription business in the state out of Portland.
There is no profession or occupation excepting that of a doctor, where knowledge, skill and experience counts for more than that of a chemist.
Getting your prescription filled by Howell & Jones means carrying out your doctor's wishes to the letter. It is a notable fact that most doctors in Oregon City request you to take their prescriptions to Howell & Jones—because they are familiar with their methods of compounding and also know they keep only the highest grade drugs in the market.
If any of our readers have never had their prescription filled at Howell & Jones' Drug Store, we request them to get a copy of their favorite prescription, have it filled at this store and note the excellency of the drugs used and also the price you pay.
Ordinarily, the question of price should not be thought about in buying drugs, but there is no reason for paying high prices when you can get the highest grade of drugs from Howell & Jones' drug store for about 25 to 40 per cent less than other stores in Oregon City.
School Books and supplies of all kinds, Stationery, Cigars, Paints, Oil, and Glass.

FOR BOTH

One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness. Fat is the best means of overcoming them; cod liver oil makes the best and healthiest fat and
