CHILD BURNED IN THE HOP FIELD

LITTLE DAUGHTER OF JOSEPH FOMMEL OF OREGON CITY MEETS WITH ACCIDENT AT GERVAIS.

Gervais, Or., Sept. 26.—The four-year-old daughter of Joe Fommel, of Oregon City, was severely burned yesterday and is not expected to live. The mother of the child was in the hop fields near here at the time and only a little brother of the girl was in camp. The children had been warned against playing with fire, but had built a small one to play around. The little girl's brother wrapped a blanket around her and that almost put the fire on her dress out. A Chinaman who happened near at that moment put the fire entirely out by pouring a pail of water on the burning girl, but it is feared that her burns are of such a nature that she can not live.

Chief of Police Burns of this city was advised of the accident Wednesday evening by a girl who came down on the train from Gervais. He at once started a search for the girl's father, Joe Fommel, and found that he lived on the top of the hill on the west side of the river. Chief Burns told him of the accident to his daughter and the father left at once for Gervais to be near his suffering child.

MOLALLA MUSINGS. Molalla, Sept. 26.—The right-of-way for the electric railway from New Era to Molalla and Wilhoit has been about all granted by the landholders along the route. This was the proper thing to do, inasmuch as the company means business, it contracting to begin laying rails by the 1st of January next, and leaving the road in operation one year afterwards. Now we will soon begin to wonder how many railroads are coming this way. The Marion and Clackamas county surveyors returned from their boundary line expedition Tuesday morning and report the Ogle creek mines as being one-quarter mile inside of Clackamas county. A quarter of a mile is not very far in the mountains and if the mines still continue to show up there will be plenty of gold in both counties. Yes, our tographer "snapped the line" just as they were in the act of driving the starting stake. Mrs. Mattie Wells is very low with cancer and will not hold on to this

brittle thread of life but a few days at most.

W. P. Herman has been very sick with la grippe and its usual complications.

Mrs. E. K. Dart and two daughters, Elsie and Alma, have been visiting a week with relatives at Stone.

Mrs. R. R. Thomas has gone to Albany to visit her sister, Mrs. E. A. Parker.

Mrs. Humphrey and Mrs. Gates of Oregon City are visiting with their father, Dr. Powell.

Mrs. Margaret Sawtell has returned from the hospital, not improved in health. Drs. Leavitt and Powell were called in for consultation Monday.

LOGAN LOCALS.

School begins October 1 at Lower Logan.

Some of the returning hop-pickers claim they made from four to five dollars daily.

H. S. Anderson and family and S. W. Hutchins and family had a pleasant outing one day this week at Cazadero.

Frank Riehoff will leave here shortly for Southern Oregon.

Mrs. F. Gerber and daughter contemplate a visit to Corvallis soon.

Mrs. F. P. Wilson is undergoing treatment in a Portland hospital. Mr. Wilson, having rented his farm, will move to Wasco county.

Mark Rowen and family leave in a fortnight for Eastern Oregon to locate.

Mr. Miller's son, of Upper Logan, is reported seriously ill.

Mr. Hawley has rented his farm to Winfred Cromer.

The Misses Fallert have returned from the hop yard near Hubbard.

Mr. Smith, the C. C. butter maker, is getting better again.

Gregory & Hall, Pacific States Telephone agents, were here again this week. This seems to be a very desirable piece of territory.
