

WORKING ON BRIDGE AT WILSONVILLE

Will Schulphous, a former resident of Oregon City, was in town Monday looking up some of his old friends. He is at the present time employed by the company that is erecting the bridge over the Willamette river at Wilsonville for the Willamette Valley Traction company.

Schulphous reports that work is being rushed on the piers of which there are five, so that they will be in place before the big water comes. The piers are to be of concrete and rest on piling that has been driven 60 feet in the bed of the river. In order to place the concrete, coffer dams have to be built around each pier and the concrete placed on the top of the piling which has been cut off at a level with the mud of the river bottom.

CHURCH REJOICES AT DEBT FREEDOM

First Presbyterian Makes Splendid Financial Showing—Election of Officers.

Members of the Presbyterian church are much pleased over the reports of the committees and officers of the church, that show the church is practically out of debt. The church has worked long and hard to develop itself and keep out of debt and has at last succeeded and the meeting Monday night was one of enthusiasm. The report of the financial committee showed that there was about \$400 in the treasury.

At the election of officers, Elmer Cooper was elected trustee and Mr. Parks deacon. Ed Storey and Andrew Robertson were re-elected elders. Allan Frost was elected to fill the unexpired term of C. A. McMillan, who was also an elder. F. J. Myers was

elected treasurer and Mr. Robertson was elected Sunday school superintendent.

DISTRICT ATTORNEY SEES THE SAWDUST

Mr. Scheibel Visits DuBoise Mill and Files Another Information As a Result.

Deputy District Attorney Chris Scheibel recently visited the T. E. DuBoise sawmill at Estacada and ascertained to his own satisfaction that sawdust was being deposited in the stream and that it was finding its way into the Clackamas river. T. E. DuBoise was recently tried for the offense but the jury did not agree on a verdict and the case is to be heard again on October 9. Mr. Scheibel, as a result of his investigation, has filed further information against the defendant in the office of Justice of the Peace Stipp.

QUALITY OF HOPS BAD, SAYS BUYER

W. C. Mount of Silverton who was in Oregon City, Thursday, to visit his brother, Dr. Mount, is a prominent hop dealer. He has inspected the crop up and down the valley, and gives it as his opinion that the quality of the hops in general is inferior; that the late rains caused considerable mould.

Mr. Mount also thinks the price is now at the top. Most of the Clackamas county growers differ from Mr. Mount on the question of price, and very little mould has been reported in this county.

DEPUTY HAS BEEN BUSY

F. HENDRICKS CLAIMS TO HAVE BEEN VIGOROUS IN GAME PROTECTION.

Has Ridden Over His Large Territory Constantly But Arrested No One.

F. Hendricks of Oregon City, R. F. D. No. 1, is and has been a deputy game warden in and for Clackamas and other counties, "off and on" for the last five years. Mr. Hendricks claims that there has been less violation of the game law this summer than ever before, and that birds are plentiful.

C. M. Dick of Canby is another deputy warden. He and Mr. Hendricks have Marion, Washington, Multnomah and Clackamas counties to patrol.

Mr. Hendricks says he has ridden pretty well over his large territory since July 28, but has caught no one violating the law or with prohibited game in his possession. He has searched on suspicion the effects of a number of parties of hunters, but found nothing unlawful.

Mr. Hendricks arrested a man two years ago and Justice Stipp fined the hunter \$15. Since then Hendricks has made no arrest.

State Game Warden Baker has 53 deputies for the whole state. Each deputy receives \$2 a day and expenses from July 28 to October 1. If other deputies' expenses average about the same as Mr. Hendricks' the pay of the 53 and their expenses would cut about a \$10,000 hole in the \$16,000 received from the hunters' license fees.

ESTHER SILVEY SEEKS DIVORCE

Esther M. Silvey has commenced action for divorce from her husband Perry L. Silvey. The couple were married in Salem in 1899 and until the seventh day of August, 1906, they lived as harmoniously as possible, although the plaintiff complains that during that time there was some little disturbance.

She alleges that she was deserted on August 7, and that previous to that time she had submitted to all sorts of cruelties and bad treatment. The woman alleges that Perry Silvey at times swore at her and cursed her so vilely that the language was too strong even to write in the complaint.

The attorney for the plaintiff, Geo. J. Cameron, is Portland's police judge.

SUES SURETIES OF A. T. COCHRANE

Suit to recover \$1104.54 and interest at 6 per cent from August 10, 1906, from A. T. Cochrane was commenced in the circuit court Monday by F. M. Sampson, of the sureties of A. T. Cochrane, who was appointed the administrator of the estate of J. L. Cochrane, who died interstate in February, 1901.

In the complaint it is alleged that after securing his sureties and obtaining an order from the county court to sell a portion of the property, A. T. Cochrane sold the property, which amounted to about \$1800, and at once left the state with the money he obtained from the sale, thus leaving his bondsmen in a critical condition. The heirs had John J. Cook appointed as administrator and he commenced action to recover the money from the sureties of A. T. Cochrane.

The sureties of Cochrane made over their claim to F. M. Sampson, who is the plaintiff in the action against A. T. Cochrane. H. E. Cross and Dimick & Dimick are lawyers for the plaintiff.
