MRS. BRUNER, INJURED BY EX-PLORATION OF LAMP, WILL NOT RECOVER.

Liberal, Oct. 6.—Mrs. Frank Bruner, who was severely burned Friday morning while attempting to light a kerosene lamp, is said to be in a very critical condition and not expected to live. Neighbors who have visited the Bruner home state that the patient is in a very low condition and that at times she loses consciousness. There is no hope for her recovery.

Dr. M. C. Strickland of this city, who was called to Mrs. Bruner, stated Saturday that about one-third of the skin on Mrs. Bruner's body was burnt and that it would take from six months to a year for it to heal. He stated that the lady was in a very critical condition and that every thing possible was being done to relieve her sufferings but that there was little hope for her ultimate recovery. Mr. Bruner, who also sustained light burns about the hands in attempting to save his wife from the flames, is reported not to be seriously burned.

### S. P. PLANNING HIGH BRIDGE AT OSWEGO

RAILROAD WILL BUILD STRUCTURE THAT WILL NOT INTERFERE WITH SHIPPING.

Portland, Oct. 6.—Plans are being made by the Southern Pacific for a high bridge across the Willamette at Oswego which will not interfere with the passage of river steamers and consequently will not require a draw. Such a structure will meet with no opposition from the war department, as it will offer no obstruction whatever to river traffic.

The banks of the river between Milwaukie and Oswego are high and will lend themselves well to a high bridge structure. The new cutoff from the West Side division, to avoid bringing in freight traffic on Fourth street, will join the main line of the Southern Pacific near the Milwaukie shops, where yards for switching and making up trains will be laid out.

### BUYERS REJECTING LOTS OF THE HOPS

MARKS PRAIRIE CORRESPONDENT REPORTS HUNDREDS OF BALES REFUSED.

Marks Prairie, Oct. 8.—Hundreds of bales of hops are being rejected by the buyers because the hops are too dirty. This was caused by too rapid or hurried picking, and in the opinion of George E. Oglesby, who has been in the hop business for ten years, when reports of over six boxes of hops a day are published, it can be set down that those hops are dirty picked and not fit to put on the market. Ninety per cent of rapid picked hops were contracted at a very low price and now the grower finds to his sorrow that the contractor will not take them.

A larger amount of hops are being stored at Aurora warehouse, to be sold later on.

John Jesse was delivering his hops to Aurora, Saturday.

Dave Yoder has rented the Sol Miller farm and hop yard and will in the future be one of our hop kings.

Geo. Oglesby and sons returned from Estacada last week, where they had been visiting relatives and catching salmon trout.

The attempt to divide our school district is indefinitely postponed.

Mr. Kranz has purchased the Ben Homesby farm and will soon move on the place. He will build a new house and barn and otherwise improve the place.

Jeff Zeach and wife have gone to Montana to spend the winter.

Our supervisors should attend to some of the culverts in their district very soon, as they are in bad condition.

The potato crop here is the smallest in several years and there will not be enough for home demands.

Dave Zimmerman is very low. No hopes are entertained for his recovery.

Our farmers are busy plowing for fall wheat. A large amount will be sown here this fall.

### AN EXCITING BEAR HUNT NEAR ELWOOD

Bert Henderson and Vert Surfus figured in an exciting bear hunt at Elwood about 12 miles east of here. For some time past a big black bear had been carrying off hogs and sheep in the vicinity of Elwood.

One day last week, while Henderson and Surfus were out hunting, they ran across the brute and gave chase. The bear climbed a tree. About five shots were fired at him. One of the shots brought the bear down from the tree, and in falling, the animal broke its back on a log.

One of the dogs ventured too close to the wounded animal and a bloody battle ensued, as a result of which the dog was pretty badly mangled.

Two more shots were necessary to finish the bear, which was an unusually large and vicious animal.
