SHORT ROUTE TO OSWEGO.

It goes without saying that Oregon City has long desired a shorter rail route between Oswego and the county seat. There has been a hope, inspired mostly by the wish, that the Willamette Falls electric line would be extended to Oswego, but that hope deferred has made us ill.

A wagon and foot bridge across the river from Oswego to Milwaukie would shorten the rail distance from the former to Oregon City by many miles, and while not as satisfactory as a west side line would be a great convenience.

And not only would Oswego and Oregon City be inconvenienced but the people of all the northwestern part of the county would find their journeys shortened.

It is said, the only way the county can be persuaded to undertake this venture is for the people of the various communities to show a strong interest and a demand for the structure. Although Oregon City people have not talked very much about it yet, people of Milwaukie and Oswego are beginning to show considerable interest and it is to be expected that public-spirited citizens here will soon take up the matter and discuss it thoroughly.

James J. Hill, the railroad magnate, has three sons in the same business. James N., the eldest, is vice-president of the Northern Pacific; Louis W. is first vice-president of the Great Northern, and Walter H. is right-of-way agent for a new line between Sioux City and Omaha. It is generally understood that Louis will be his father's successor in the railroad world.

Is there anything more exasperating than to have somebody who is talking to look over your head, or to one side of you, all the time he is trying to convey his thought to you? If a man will not look you in the face, while he talks, you may be pretty sure you will not lose much if you turn your eyes in another direction.

Did you ever watch the man with nothing to do? Well, he has the hardest job of any one we ever studied. Loafing and idling time away may look good to the man who is putting in ten hours a day for six days out of the week, but let him loaf for a couple of weeks and the chances are that he will be the most unhappy and discontented man in town.

The Polk County Observer, commenting on the mention of W. S. U'Ren's name for governor, says the fact is Mr. U'Ren is "the biggest man in Oregon." The Observer and the Newberg Graphic both give the credit for the reform laws of Oregon to whom the credit belongs—Mr. U'Ren.

Mr. Hearst now has the Tiger trained so that it will eat out of his hand, but the question is will it stand without hitching.

It is a little curious to hear the other bosses accusing Mr. Hearst of organizing a political machine.

BAKER CITY SWIFT NOT SWIFT ENOUGH

Exciting Time of Mr. Swift in Finding His Clackamas Bride.

Molalla, Oct. 9.—A. M. Swift of Baker City had made an appointment to meet Miss Lina Kayler at the Union depot last week, so the bride, her mother and sister went thither and found no Swift, and Swift found no Kayler. Thereupon Swift went fast to Molalla City and got a livery rig and came out swifter towards Molalla but got off the direct road and took in the towns of New Era, Canby, Macksburg, etc., through last Tuesday's rain, reaching the Kayler donation claim at dark. After spending the night in the canyon a guide took the bridegroom swiftly back to Portland the next day following his lonely adventure, finding the bride still looking for a man by the name of Swift. They swiftly got married.

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and sit nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers. As a soothing and strengthening nerve-tonic, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cure obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alternative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the "Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.
