some 9-room structure and is now in possession of the painters.

The ladies of St. Paul's Guild of the Episcopal church, will hold their meetings regularly on Thursday of each week till December, when they expect to give one of their successful annual bazaars.

Dr. T. E. Beard, who recently moved from Grants Pass, is building a modern cottage at Maple Lane. Dr. Beard has given up the practice of medicine on account of ill health. His health has improved since coming here.

In the suit of W. A. Garner vs. Joseph Castagnetto, an order of default was made October 9, and a default was also entered in the suit of Gertrude O. Crawford vs. Frederick Crawford.

Judgment has been rendered for the plaintiff in the amount of \$115 with 8 per cent interest from March 13, 1895,

Mrs. Shindler was on her way home from Seattle where she had been for the past six weeks. While in Seattle Mrs. Shindler met with an accident, badly spraining her ankle, but was improving when she was here. She left for her home Thursday evening.

Default has been granted in the suit of the Gladstone Real Estate association vs. Alf M. Eklund and P. H. Marley. The latter is barred from any interest in the property. Eklund owes the association \$280 upon a note and mortgage and interest from September 28, 1895, and yesterday afternoon an order was made for the foreclosure of a mortgage on block 122 in Gladstone and judgment was given the plaintiff for \$465.36.

The Oregon Irrigation association in session at Hood River yesterday, elected the following officers: President, F. W. Metcalf, Ontario; First vice-president, W. H. Moore, Portland; second vice-president, J. W. Perkins, Medford; secretary, A. King Wilson, Portland; treasurer, Tom Wright, Union; executive committee, Stephen A. Lowell, chairman, Pendleton; E. N. Smith, Ontario; W. P. Meyers, Laidlow; Tom Ryan, Oregon City; F. W. Holgate, Klamath Falls. The next place of meeting is Grants Pass.

Paul Logan Reed has an affecting story in his application for a divorce from Mrs. Anna Reed. This couple were married in Portland, August 3, 1890, but soon after the wife refused to do the household duties. She refused to cook and often there was nothing on the breakfast table for Mr. Reed to eat. Coupled with this annoyance is recited the abusive language that Mrs. Reed at times used. The climax was reached when she bit him over the head with a chunk of pig iron, thus driving him from the house.

Mrs. G. A. Heinz and children are visiting Mrs. John F. Clark, of the West Side. Mrs. Heinz formerly lived in this city, where her husband, G. A., was in business. They moved from here to Klamath Falls, where Mr. Heinz went into the general merchandise business. The climate did not agree with Mrs. Heinz's health, so from there they went to McMinnville, where they have been visiting Mrs. Heinz's parents, Mr. and Mrs. W. H. Adair, who bought the large farm of Hon. William Galloway. Mr. Heinz has purchased one of the finest farms in Yamhill county near Dayton, the price being \$5000.

Innocent looking oak brush came near causing a stampede among the Greeks working on the Southern Pacific tracks in town here. One after another became afflicted with sores, and the men began to fear that some contagious skin disease had broken out in their midst. Not being very far advanced in the matter of English, they found it difficult to make themselves understood or to understand the explanations of the physicians. After some effort, with the aid of pencil sketches of the leaves and some gestulation and pantomime, the foreigners began to grasp the nature of their affliction and were greatly relieved to find out that it was nothing more serious than oak leaf poisoning from the poison oak brush in which they were working along the tracks.

Napoleon Bonaparte showed at the battle of Austerlitz, he was the greatest Leader in the world. Ballard's Snow Liniment has shown the public it is the best Liniment in the world. Month in Which to Marry. Girls who are to be married this fall may be interested in the rhyme for autumn weddings: Married in gold September's glow, smooth and serene your life will flow; Married when leaves in October thin, toil and hardship for you begin; Married in veils of November mist, Fortune your wedding ring has kissed; Married in days of December cheer, Love's star shines brighter from year to year.

GALA SOCIAL TIME IN WOODMEN HALL

On Friday evening the Woodmen of the World entertained at their hall the Ladies of Woodcraft. The Circle entered in a body and at the door were met by the Woodmen, who escorted the Circle team, officers and members to the center of the hall, where they were welcomed by Commander Snidow in a neat speech. This was responded to by Mrs. Jennie Betzel, guardian neighbor of the Circle. A very pleasing program was carried out, each lodge taking part, after which Mr. and Mrs. Al Cannon leading the grand march, proceeded to the banquet hall, where the tables had been arranged in the shape of a maltese cross, an emblem of the order. The decorations of the table were a center piece of pink roses with a circle of Virginia creeper. The tables fairly groaned beneath the supper which had been prepared by the ladies. After supper dancing was indulged in. The decorations were very pleasing and unique, representing a miniature forest. Much credit is due for the success of the entertainment to the committees having charge of the affair.

The reception committee of the Woodmen was composed of I. D. Taylor, S. S. Walker and E. J. Lankins; and the committee on decorations was Hattie Farr, chairman; Mrs. Jennie Betzel, Mrs. Al Cannon, Mrs. Kellogg and Mrs. White.

PRIVATE LIGHTING PLANT.

Frank Busch, proprietor of the big house furnishing store at Eighth and Main Sts., said Saturday morning he intended putting up a private electric light and power plant, utilizing the Singer Hill creek for which he already has a franchise.

The Singer Hill creek washes over the bluff at Eighth street with considerable force even in July and August and during the rainy season it drops with a roar that can be heard for blocks. At that time it is estimated that 50 H. P. can be developed. Mr. Busch says he has made arrangements to turn in another stream up on the hill so that in the driest season he will have plenty of water power. Mr. Busch says he is impelled to erect a plant of his own in order to secure satisfactory lighting service at a reasonable rate. If his plans mature he hopes to be able to furnish light for the entire Weinhard building, the other buildings on that block and power as well as light for the Oswald furniture factory, that is also owned by Mr. Busch.

Dearth of Teachers. County Superintendent Zinser reports that numerous requests have come to him from the authorities in Wasco and in Gilliam counties for more teachers. There appears to be an unusual dearth of teachers this year. This condition of affairs is not confined to the counties above mentioned; it seems to be quite general. In this county, in spite of the large class licensed in October, conditions are almost the same as everywhere else. It goes without saying that the requests of the outside authorities cannot be complied with.
