A southern editor is author of this information: Some of you fellows who never had a million dollars, like we editors, do not know, of course, of just what the big pile consists. We will put you on. When you have a million one-dollar bills, and want to reach the top, you will have to climb 27 feet. If you laid them down end to end, you would have to walk nearly twelve miles. If you had the amount in silver dollars, the pile would be a mile and a half high. And so on.

If a man knows that his wife expects him to succeed, that she expects him to stand at his post, and do his duty, no matter how hard it is and that she will think him a coward if he gives up his job because the work was unpleasant or there were difficulties in the way, it is easy to foretell what the future of that man will be.

Chinese women are giving up the practice of compressing their feet. Hurrah! This is a glorious sign of progress. The time may not be far distant when we shall hear the women of China have put on corsets.

Mr. Rockefeller recommends the use of oil on the roads to do away with the dust. This is contrary to his generally understood practice of using the oil to get the dust.

It takes the world a long time to learn that the vapor of benzine and gasoline is as dangerous as gunpowder.

It is the opinion of experts that Cuba will have to be renovated at least once in each decade.

The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y. has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his Favorite Prescription for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in the medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the day at the schools of practice. No other medicines put up for like purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetables.
Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of:

When you have headache or other nerve pain try Ake-in-The-Head tablets and you can have your 10 cents back if your headache or neuralgia is not relieved in 15 minutes. No matter what the cause is one tablet gives relief. Huntley Bros.

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.
