A PUBLIC DUTY.

◆ If it is the duty of the State ◆

◆ literature can be furnished to ◆
◆ all the readers in a community ◆

James H. Higgins, the "boy mayor" of Pawtucket, nominated for governor by the Democratic state convention of Rhode Island, will not be twenty-one years old until the votes are in. If elected, he will be the youngest governor in the United States.

The death of Leroy C. Driggs at Portland brings out the fact that as a Democrat he was holding the chief deputyship in the United States marshal's office. He had peculiar fitness for the work, says the Eugene Guard.

If it should ever happen that New York would have a Senator Roosevelt and New Jersey a Senator Cleveland the problem of what to do with ex-presidents would begin to clear up.

Mr. Cleveland's word for the democratic situation in New York is "afflictive." He also calls it an "absurdity" and a "calamity." The innocuous desuetude statesman is still a dictionary searcher.

Mr. Rockefeller is doing his best, in a kindly and unobtrusive way, to remove from the minds of the American people the erroneous impression that the Standard oil company is a trust.

If they will put off letting those Panama canal contracts until March 5, 1909, the man who could dig the ditch, do it on time for the least possible expense, may be at liberty to tackle a big job.

Reduced to simple form, Senator Beveridge's New York speech seems to mean that the only thing necessary to purify politics is to introduce some pure politicians.

Mr. Hearst seems to have decided that being a Democrat is not yet an exact science.

Choose Your Druggist Carefully

A druggist can do more harm or good than most people give him credit for.

There are different qualities in drugs just as there are in dry goods, and to the outsider all qualities go by the same name. The difference between pure high-grade drugs and cheap, inferior drugs of the same name, means the difference between keeping sick and getting well.

When a doctor writes a prescription he means best quality. When some druggists fill a prescription they think only about big profits.

Every Drop of Medicine . . .

that goes in a prescription filled in this store is perfectly pure. Pure drugs mean a speedy recovery. Poor drugs mean a relapse. You want the best. Let us fill your prescriptions.

We are giving away free, while they last, a 25 cent box of soap with a 25 cent pair of scissors for 25 cents.

Spence and Fred Spangler of Carus had yellow corn, planted June 1st. While the roots and stalks rested on the floor the tassels swept a 10 foot ceiling.

FORMER LOGAN BOY DEAD AT TROUT LAKE

Logan, Oct. 23.—Friends here have received word of the death of William Huber, son of Jacob Huber, at the family's present home at Trout Lake, Washington. He was about 18 years of age, and had only been ill about nine days. The family moved from Logan about four years ago and have the deep sympathy of many friends here. William was the fourth son of a large family of children, another child dying of the same disease three years ago.

MARKS PRAIRIE.

David Zimmerman, an old resident of this vicinity, died at his home near here, after over a year's illness of cancer and dropsy. The funeral was held Friday, October 19, and the remains were followed to their last resting place in the Zimmerman cemetery by a large concourse of friends and relatives. Services were conducted by Rev. John P. Cole and the grave was literally covered with floral tributes. Mr. Zimmerman was born in Allegheny county, Pennsylvania, February 11, 1837. He removed with his parents to Missouri in 1843, where October 14, 1860, he was married to Miss Elizabeth Wolfer. They crossed the plains to Oregon with ox teams, after a six months' journey settling on the land which has since been their home. His widow and five grown children survive him. Mr. Zimmerman was a member of the Missouri State militia during the Civil war. He was

a life-long Republican. "Uncle Dave" as he was familiarly called, had no enemies, but was loved and respected by a host of friends. He was a good neighbor, always ready to help the distressed and needy, and will be greatly missed in the community.

D. B. Yoder has moved back to his old home near Needy and will try the hop business.

Henry Wolfer will run the hop business alone in the future, as his brother Charles will go to Portland for the winter.

Oglesby Bros. Co. are negotiating for more real estate and will try the onion business along with their hop ranch.

Some of the hop growers did not like our remarks about dirty hops. If they will call at Aurora and inspect a few samples they will be convinced that what was said about dirty hops was putting it very mild.

The Needy literary society will soon commence its regular winter sessions.

Very few hops are being sold here, as most of our growers are in a position to hold for better prices.

Since the heavy frost our farmers will try and get their potatoes dug. The crop here is almost a failure, and what there is are very small.

Several acres of new orchards will be planted here this winter.

W. H. Bair of Canby was getting hop samples of our hop men. He is working for Tooze and Page of Woodburn and Portland.

We learn there will be an action at law over a contract regarding hops, to be tried at the November term of circuit court at Oregon City.

It is said that the Paradise City wedding is indefinitely postponed.
