**FIRE NEARLY RUINS STOCK**

BLAZE STARTS IN BASEMENT OF HARDING BLOCK EARLY MONDAY MORNING.

G. Rosenstein's Clothing and Shoe Store Badly Damaged—Very Heavy Loss and Small Insurance.

The large clothing and shoe stock of G. Rosenstein in the Harding block was damaged by fire, smoke and water Monday morning by a blaze that started from the heater in the basement. The fire was discovered about 7:30 o'clock, smoke being seen pouring out

of the grating in the pavement. The fire slowly worked its way up in about the middle of the store in the shoe department.

The fire boys responded quickly to the alarm and after about an hour's efforts the fire was under control, and every vestige of fire disappeared under the volumes of water poured into the building, in the cellar and in the store by the three fire companies which responded to the call.

The fire was discovered about the same time by Mr. Rosenstein and Mr. Charters, who, on going into the basement of Harding's drug store noticed volumes of smoke pouring upward. An alarm was sounded immediately and the hook and ladder company was the first to appear. Before the hose was brought into play, W. A. Smith and C. Harding carried two fire extinguishers from the telephone company's store across the street into the basement, but the smoke did not permit of efficient work with them.

Mr. Rosenstein, owner of the clothing store, will be the heaviest loser. The stock valued at from \$9,000 to \$11,000 was insured for only \$1500. Every bit of the stock, except a few cases and some suits which were carried out early, has been damaged by smoke and water, some of the shoe stock being slightly burned also.

George Harding, the owner of the block, suffers about \$500 damage in the way of broken windows, fallen plaster, and damaged flooring and woodwork, all covered by insurance. Mr. Robinson, the proprietor of the "Fair" store, has not ascertained his losses as yet. About \$20 worth of stock was ruined in the basement and

a good deal of white goods in the store has undoubtedly been damaged by smoke. The adjusters will ascertain his losses on Tuesday.

**When You Buy Clothes This Fall**

you're going to take your choice between "mercerized cotton" and all-wool fabrics. You'll find either one easy to get, if you go to the right place for it.

If you choose the "mercerized cotton" clothes it will be either because you don't know what they are; or because you "think they'll do," and you may save a dollar or so. But in either case you'll be a loser; "mercerized cotton" goods don't wear the moneys worth; don't keep shape, nor look right after a few weeks.

If you choose Hart, Schaffner and Marx all-wool, you'll have to come to us for it. You'll find here the highest type of clothing style, hand tailoring, perfect fit; and absolutely all wool, and no sign of cotton thread. It pays to make and sell and wear such clothes; pays the wearer most of all.
