THE MOLALLA COUNTRY.

Molalla, Nov. 26.—Isaac Gipson, now a resident of Portland, has been out visiting with Molalla relatives and friends.

D. C. Boyles has returned from Baker City, or rather the hot springs, where he had been staying for several months regaining his health. All are pleased to see him looking so well.

Vaughan Bros. hounds chased a coyote Thursday through the foot-hills to Butte Creek and came up against a wire fence and could not get through—the coyote got somewhere while the dogs were tied up waiting for their masters.

Eight Kentucky dogs were running a coyote all day Sunday in Rock creek basin and adjoining hills. The coyote made use of the cunning instinct peculiar to its species by mixing itself up with a lot of goats, but that proved the death of Mr. Wolf, as the owner of the goats was on guard and shot it. When these dogs line out on track of a wolf, if it fails to make for the mountains its hours are numbered.

Mesdames Grill and Welsh of Oregon City were out here last week conducting health lectures in the interest of ladies only.

The Oregon City Daily Star recently said something like this: "Isn't it funny this country has to be saved every year." Yes, isn't it odd this country is saved every year amidst all the corruption in the high and low governments?

Small Fire at Gladstone.

A small fire, which was confined to the chimney and heating drum, broke out at the home of H. C. Salisbury at Gladstone Tuesday morning. The creosote in the heating drum caught fire and caused intense heat, as a result of which the walls about were scorched considerably and the flues burnt out. The upper floor of the house was filled with smoke, the presence of which in thick volume alarmed Mrs. Salisbury, who was alone at the time, to no small extent.
