NINE CENTS PER MEMBER PER SCALP

Results of Co-operation Shown by
Clackamas County Bounty
Club.

Molalla, Nov. 26.—The South Clackamas County club now has ninety members. The first \$1.00 membership fee paid for the scalps of 11 wild animals, was about nine cents per member for each scalp. If everybody at all interested in stock, poultry and game birds, would fall in line, each scalp would only cost a few cents each.

Think of one dollar paying for the killing of twenty or thirty wild animals that were continually preying on farm stock. Co-operation throughout the territory will work wonders.

J. C. Marquam will take you on the membership roll of the bounty club for the southern part of the county. C. E. Gorbett will take your name and dollar for the eastern section, while Eugene Mitts will more than meet you half way in explaining the plan of the club to the western division from Nedy to Pudding river. Any body else who will take an interest in securing members may volunteer their service and good will to the association and commonwealth by applying for membership.

The Government will help those that try to help themselves; we hope by cause of this association to demonstrate simple facts of cooperation in destroying wild animals, thus enabling us to be in a position to ask the state to come to our aid and assist in the good work by paying a bounty on what would be termed the mountain animals that are destroying more game than the hunter. Thus the South Clackamas County Bounty club will work an influence beyond its own local interest.

TAKES TRIP IN AIR WITHOUT BALLOON

E. W. Hornshuh Thrown 15 Feet By
Delayed Explosion of
Powder.

E. W. Hornshuh living nine miles from here, was thrown 15 feet in the air Saturday morning while clearing a roadway. Mr. Hornshuh is road commissioner. He and two other men were blasting stumps and rocks and had decided the blast was not going off, but it did. The other two were thrown eight feet.

E. W.'s parents, Mr. and Mrs. L. Hornshuh, corner Madison and Ninth street, received a letter, Monday, from a grand-daughter, stating he is not severely injured, only sore. The other two were not hurt at all.

Chance for Clackamas Fruit Growers. Clackamas fruit growers have a splendid opportunity to gain renown and advertise the county by making exhibits at the meet of the State Horticultural society in Portland, January 8, 9, 10. Fifteen fine cups are offered for the best exhibits of apples, pears, prunes and nuts. Particulars as to entries may be had of E. R. Lake, secretary, Corvallis. Two days will be devoted to discussion and on the morning of the 10th there is to be a demonstration of power spraying apparatus. Three gasoline outfits and one compressed air outfit have entered.

Warner Grange Meeting. The meeting of Warner grange at New Era Saturday was largely attended by both members and visitors and a fine chicken dinner and good program was enjoyed. The debate on the spraying question was a lively one and participated in by Judge Ryan, George Lazelle, Mrs. Randall, Messrs. Lewis, Sellwood, McArthur, Randall, Dick and Frederick. Miss Eva Smith sang two solos that were much appreciated.

Made Happy for Life. Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment until as a last recourse we tried Electric Bitters and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by Howell & Jones. Price 50c.

TREES ARRIVE FOR THE MODEL ORCHARD

FIRST CONSIGNMENT WILL BE
SET OUT ON JUDGE T. F.
RYAN'S FARM.

The announcement some time ago that a model 10-acre fruit orchard would be installed on Judge Ryan's place under the direction of the State horticultural society, has been followed up with a consignment of trees which arrived Monday afternoon over the Southern Pacific.

The work of setting out the trees will be taken up directly under the personal supervision of Professor Lewis of Corvallis, District Fruit Commissioner Reid and County Fruit Inspector Lewis.

This is the first of the two or three such tracts to be installed in Clackamas county, and developments will be watched with interest all over the county. The advantages of scientific culture will be what the authorities propose to bring home to fruit growers, and if marked improvements result from this experiment a great impetus to scientific fruit growing will be given to the industry in this county.

PEACE PROMISED FOR HOME TEL. CO.

Electrical Workers Announce a Pro-
tocol Agreed to By Both
Parties.

The Portland local of electrical workers, No. 125, met Monday evening and announcement was made that an agreement will shortly be reached between organized labor and the Home Telephone company which will terminate all the unpleasantness that has existed for some time between the workers and the new corporation. Only official sanction from headquarters is reported to be lacking now. In the event of a consummation of the compromise the work carried on by the Home company will undoubtedly advance with more rapid strides than it has heretofore.

CRUSHED BY RAILROAD TRESTLE

Ed Barrett of Redland and his hired help, Will Spencer of Portland, were the victims of what may prove a very serious accident Monday afternoon shortly after dinner. The two were driving down Fourteenth street with a load of baled straw, and drove under the railroad trestle at a fair clip, when they were crushed between the bales and the trestle, the load being much higher than they calculated. Both were doubled up, trying to dodge the trestle with their heads, not thinking it was as low as it proved, and both were crushed in their cramped position.

Barrett was immediately taken to Dr. Mount's office and his injuries attended to. He was unconscious for some little time, and when he regained consciousness complained of his back and hip which appear to have been badly crushed. Just how extensive his injuries are is hard to say. Mr. Barrett's wife is at present confined to her bed as the result of a child born to the family last Saturday. Spencer was also rendered unconscious and was taken to the Electric Hotel by friends, where he received medical attention soon after. His injury is pronounced to be much worse than Barrett's. His spine seems to have been struck, and he was scarcely able to move his head on account of the pains communicated to his head along the injured spine. Spencer is a young man something over 20 and hails from Portland, where his parents reside at present. His mother is expected this evening.
