## It Quiets the Cough

This is one reason why Ayer's Cherry Pectoral is so valuable in consumption. It stops the wear and tear of useless coughing. But it does more—it controls the inflammation, quiets the fever, soothes, heals. Ask your doctor about this.

Hasten recovery by keeping the bowels regular with Ayer's Pills.

Prof. and Mrs. T. B. Kimball entertained very delightfully a small company of young people Friday evening at their home on Sixth street. Cards and music were enjoyed. Those present were Misses Thibert, Robinson, Ella and Carrie Lutz, and Blanche Kimball, and Messrs. Stephens, Edner, Manning and Frank Kimball, the gentleman all being from Portland.

The market of the Aid society of the Congregational church Saturday was one of the most successful yet given. Over \$12 was taken in. The ladies appointed by the president, Mrs. Charles Albright, to have charge of the affair Saturday were Mrs. Lena Charman, Mrs. Bert Roake and Mrs. Lillian Sheppard. They will hold another market with as many good things to eat, Saturday, February 2.

### Social and Personal

A marriage license has been issued to Emma Harriman and Fred R. Elliot.

A marriage license was issued Monday, January 21, to Miss Ida Grimm and John Dodge.

George Christ and Mrs. Fredrica Ottlieb, both of Redland, were married at the Science Lutheran parsonage at 1 o'clock Saturday afternoon by Rev. W. R. Kraxberger.

Josephine Ferry and W. R. Klink of Los Angeles were united in marriage Saturday afternoon by Walter A. Dimick at the county court house, the Misses Margaret Goodfellow, Jean White and Cis Barclay Pratt witnessed the ceremony.

The joint installation of the W. O. W. and Sola circle Friday evening was a grand success. There were one hundred and fifty members and visitors of the two orders present. The hall was handsomely decorated in the circle colors, red, green and white and Oregon grape. All of the grand officers present spoke. The circle consider it an appreciative compliment of their entertainment that several Woodmen put in their applications for membership to Sola Circle Friday evening.

The first of a monthly series of parties for the Dr. John McLoughlin school fund was held at the home of Dr. and Mrs. L. L. Pickens, Friday night, and was a decided success both financially and socially. The company spent a very pleasant evening with progressive whist and 500. Prize winners were John Adams first in 500, J. A. Moore, booby; M. Justin first in whist, Miss Cis Barclay Pratt, booby. A splendid supper had been prepared and was enjoyed by the forty-six present. The proceeds were all clear and amounted to \$22.50. The next meeting, in February, will be with the Misses Fannie and Katie Porter.

Oregon City people are interested in the story "Oregon," recently dramatized. Its author, Mrs. June McMillen Ordway, is a daughter of Capt. James Harvey McMillen, who crossed the plains into Oregon in one of the old prairie schooners, in company with Samuel K. Barlow and his son, J. L. Barlow, in 1845. The latter are, respectively, the grandfather and father of Mrs. George A. Harding of Oregon City and the families have always been friends. Mrs. Ordway mentions in her play the Barlow road over Mt. Hood which was opened by Mrs. Harding's grandfather, Samuel K. Barlow. When the war in the Philippines broke out, George Lee Harding, son of Mr. and Mrs. George A. Harding, and Elliott Weidler Ordway, son of the author, enlisted in the same company. Soon after, Elliott was stricken with typhoid fever and died. The boys bore such a striking resemblance to one another, Mrs. Ordway made the

### SAWMILL COMPANY AT MOUNTAIN VIEW

New Industry Nearly Ready to Begin Operations—South Suburb News.

Mountain View, Jan. 21.—The company organized to run a saw mill near here have about completed arrangements and will begin operations as soon as possible. Moran and Burley have a timber tract recently bought by them of the Hood timber land and others also holding tracts will be benefited as the facilities are good for getting the timber sawed and marketed.

Jesse Willis will occupy the Thompson property and expects to move in a few days. Clarence Stafford and family will occupy the Frost property.

Wm. Dixon fell on the icy sidewalk a few days ago and had to be assisted home. His bruises, while not serious, will keep him indoors awhile.

Mrs. Moran is improving from her recent illness and hopes are entertained of her ultimate recovery. Mr. Miles is improving also.

The weather last week was rather cold for house plants and potatoes, and quite a good many have been frozen. The strawberry growers are predicting a short crop of berries this year as the frozen ground seems to be so loose it will prove disastrous to the plants.

### COLD SNAP FROZE STORED POTATOES

The potato crop of Clackamas county has suffered much during the cold spell of last week. Reports come from every part of the county that the farmers have suffered great loss. The potatoes awaiting a market had been stored in the sheds and barns and had been given little protection against the coming severe spell of weather.

The loss has been estimated at thousands of dollars. Around in the neighborhood of Canby and Aurora the loss to the farmers is the same as in other parts of the county and it seems that the commission men are the only ones that will not be made to suffer a great deal.

The fall wheat has so been considerably damaged and a many places will have to be sown over. The damage was mostly caused by the frost when the ground was very moist in the beginning of the cold spell.

### SIX INSTITUTES FOR CLACKAMAS FARMERS

NOTED LECTURERS ENGAGED FOR MEETINGS TO BE HELD IN FEBRUARY.

Six institutes for the benefit of the farmers of Clackamas county are to be held during the first part of February by the County Horticultural society.

These institutes will be of special interest as they will take up subjects of moment to everyone within the boundaries of the county. The subjects to be discussed will be dairying, horticulture and farm interests in general. Prominent men in the state have been secured to address the people at the six different localities, and are: Dr. Withycombe of Corvallis, Mr. Judd on horses; Wm. Schulmerich of Washington county, on dairying; J. H. Reid and A. J. Lewis on horticulture.

The institutes will be held as follows: Estacada, February 11; Damascus, February 12; Molalla, February 14; Canby, February 15; Oregon City, February 16.

There will be two sessions at each place—lectures in the afternoon and addresses, illustrated with stereopticon views, showing the practical side of these discussions, in the evening.

### A Memorable Day

One of the days we remember with pleasure as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25c at Howell & Jones' drug store.

### NEW WILLAMETTE ASSOCIATION ASSEMBLY WILL MEET IN JULY.

### ATTRACTIONS INCREASED BY TWO

Secretary Cross Returns Jubilant From San Francisco And Finds Further Encouragement at Home.

H. E. Cross, secretary of the new Willamette Valley Chautauqua association, returned Sunday morning from San Francisco, where the representatives of the Pacific Coast Chautauqua assemblies met to decide on some of the attractions that are to be secured for the coming sessions.

Mr. Cross says: "The Willamette Valley Chautauqua association will hold its sessions during July, beginning on the 9th and continuing to and including the 21st. The directors are extremely jubilant over the work and the aid they are receiving in the way of subscriptions from outside people. On my return to my office I found letters with money asking for shares in the new association. These letters were from such men as Congressmen W. C. Hawley for two shares, \$50, and from Frank M. Warren, head of the Warren Packing company of Portland, who also takes two shares.

"The total number of subscriptions up to date amount to \$2375 and the association will incorporate when the amount of \$3000 is reached."

The directors are greatly encouraged over the backing received, and it sent Mr. Cross to represent the association at San Francisco to secure attractions, feeling that the new association is a winner.

The Willamette Valley Chautauqua this coming July will be better than ever, for instead of the heretofore three great leading features of the program there will be five men who will render two lectures or entertainments each.

Mr. Cross further said: "We have thus far secured for our session, Dr. Stanley L. Cribbs, the great psychic lecturer of the age, who will entertain the patrons in a series of lectures on the mysteries of life. Dr. Cribbs was a foremost and leading attraction at the Chautauqua here several years ago, as some will no doubt remember upon the mention of his name.

"Hon. Frank L. Regan of Rockford, Ill., ex-Congressman, the lecturer and cartoonist, has also been secured."

During the session of the assembly representatives in San Francisco, many other leading men and women, foremost before the public eye, were considered and providing dates can be arranged satisfactorily, will grace the platform of the Auditorium in Gladstone park.

Of course Mr. Cross had to speak of the California weather on his return to Oregon, and needless to say that he was enthusiastic over the Oregon sunshine Monday morning. "We experienced a down pour of rain while in the south," he said, "that lasted during my stay. The country was flooded everywhere, and damages were seen on every side. Railroads have been greatly delayed by washouts."

### NO OIL CAUSES MILL TO SHUT DOWN

The sulphide and sawmills of the Crown-Columbia Paper & Pulp company here in Oregon City, closed down Saturday on account of a scarcity of oil for the furnaces.

How long this state of affairs will last cannot be exactly stated, but oil is expected daily from California by steamers. About 6 men in both mills are out of employment for a few days.

Rumors are that the Crown mill may have to shut down for a few days unless the oil arrives right away.

The Willamette Pulp & Paper company's plant is running full force and has plenty of fuel for all its departments. The delay of the arrival of the oil is due to the late floods in California, where storms have washed out many of the flumes and pipes that convey the oil to the shipping centers.

### A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King, of that place says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now eighty-five." Guaranteed to cure all sores, by Howell & Jones, druggists, 25 cents.

**Spraying a Small Orchard**  
Requires a small spray pump—but a good one. You want just as good fruit as the owners of large orchards who use power sprayers—and you can have it. Any spray pump has done its part when it provides a high, even pressure, keeps the spraying material well stirred, gives no trouble, and works reasonably easy.

**Bean's Little Giant Pump**  
does all this and more. When we say it "keeps the material well stirred" we mean it too, and it's important if you want good fruit. And the "no trouble" feature lets you feel good natured after the days spraying is over. The valves can't clog, the stuffing box can't leak (because there isn't any) and the pump is so simple it is a pleasure to use it. Of course we have good pumps cheaper but **Bean's Little Giant** is altogether the best barrel pump ever offered for spraying small acreage. Also a splendid white-washer.

We have samples of these pumps in stock and will be pleased to show them to you.
