THE ALASKA-YUKON SHOW AT SEATTLE

PROVISIONAL COMMISSION WILL ASK FOR \$150,000 APPROPRIATION.

From Daily Capital Journal.
 Hon. **W. H. Wehrung**, of Hillsboro, a member of the provisional commission appointed by Governor Chamberlain to look after the interests of Oregon at the coming Alaska-Yukon-Pacific exposition at Seattle in 1909, is in the city today and brought with him a draft of a bill which will be introduced in the legislature early next week, creating a permanent commission and appropriating \$150,000 for the use of this commission.
 The provisional commission which was appointed by the governor last fall is composed of **Mr. Wehrung**, chairman; **Henry E. Reed**, **E. W. Rowe**, **M. D. Wilson** and **Senator J. O. Booth**.
 The proposed bill provides that the governor appoint a permanent commission of five, who shall organize themselves and have carte blanche over the affairs of the exposition, as far as the state of Oregon is concerned.
 It is provided in the bill that this shall not interfere with private contributions for the fair, but all private funds shall be kept separate and intact from the state appropriation.
 The bill is a lengthy one and goes into detail as to what exhibits shall be represented at Seattle, and the entire field of commerce, agriculture, mining, dairying, education, etc. is represented.
Mr. Wehrung said this morning that it had not yet been determined who shall introduce the bill, but it is generally believed that some member from Multnomah county will stand sponsor for it.

Dangers of A Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by **Howell & Jones**.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that has resulted in pneumonia, or that has not recovered. For sale by **Howell & Jones**.

Enjoy Strenuous Outdoor Life.

The **McMinnville News** Says: Two young girls of athletic strength and rugged constitution have been causing considerable comment in the quiet precincts in the neighborhood of **Brooks, Oregon**. One is a trained nurse and the other is a book-keeper who are said to have come here from the east, but lately from **Portland**, where both were employed, to work on a farm. The girls give their names as **Rosellas** and are at work on the **M. L. Jones** place near **Lake Elizabeth** and are at present employed in the dairy department of the farm, which is operated by **Dan Bluer**. The young easterners are splendid specimens of young womanhood and have donned the garb of their masculine fellow-

workers. They wear heavy cowhide boots and overalls and the disguise is made all the more striking by wearing their hair short. Part of their work is the milking of 30 cows together with the addition of operating a large cream separator.
 To the general public the action of the girls has been more than a puzzling problem. The young ladies maintain that they enjoy the strenuous outdoor life. They are efficient workers, too, and **Mr. Bluer** cannot be persuaded to replace them with men.

EARLY PIONEERS OF LINN COUNTY

Mr. Mart Miller, chairman of the committee appointed by **Harmony Grange** to learn who built the first log and frame houses in **Linn county** for residence, says the **Albany Democrat**, will make his report tomorrow to the **Grange** at its regular meeting. He has made a thorough study of the subject, at considerable trouble, and is satisfied he is right in his conclusions. According to **Mr. Miller**, the first log house was built by **John Packwood**, four miles from **Scio** on the **Lebanon road**, in the summer of 1844. **Mr. Packwood** was an immigrant of 1843. The place was sold to **J. J. Crabtree** in the spring of 1846 and the fact is authenticated by **Newton** and other **Crabtrees**. **George H. Mimes**, Oregon's historical authority, doubts the correctness of this, but **Mr. Miller** is satisfied it is correct.
 The first frame building was erected by **Judge G. H. Baber** on the present farm of **Henry Haight** near **Miller's** in 1846. **Mr. Baber** that year coming up valley from further south. He did the work himself, including the making of the lumber.

A Jamaican Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of **Cart Service** at **Kingston, Jamaica, West Indies Islands**, says that she has for some years used **Chamberlain's Cough Remedy** for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her home. Sold by **Howell & Jones**.

OVER 450 BODIES FOUND AT KINGSTON

THE TOTAL DEAD WILL REACH 700—SITUATION NOW UNDER MILITARY CONTROL.

Kingston, Jamaica, Jan. 19.—The number of dead now accounted for reaches over 450, bodies recovered or as parts of bodies. The total dead will reach at least 700.
 The situation is now fully under the control of the authorities, thanks to American marines landed from **Admiral's Evans' ships**. Lawlessness has been entirely suppressed.
 The whole city of **Kingston** is rocking like a ship at sea, the shocks coming at frequent intervals. Most of the damage was done along the river front, where the streets were leveled. Crowds of terrified inhabitants have been flying southward to seek some possible safe shelter. The few that have escaped the terrible disaster speak of the large number that perished under falling buildings.
 The work of rescuing the entrapped people has begun and hundreds of dead disfigured bodies have been carried away for burial.
 Not a sound building is left standing in **Kingston** and it is estimated that less than a dozen houses can now be occupied; the business section is entirely wiped out and the loss is said to be about \$5,000,000.
 The shores of **Kingston Saturday morning** were sinking into the sea and panic reigns supreme.
 The streets of the city are now guarded by American soldiers from the ships that have been sent to the scene of devastation.

Was Cold Two Years Ago.

Mr. and Mrs. George A. Brown of **Maple Lane** were in town Friday. **Mr. Brown** is a carpenter and contractor and is employed in **Portland**, but has spent the last week at home, the cold weather having stopped operations. **Mr. and Mrs. Brown** came to **Clackamas county** three years ago from **Massachusetts**. **Mr. Brown** says he has kept a diary since 1862, but he has traveled about so much that he has only saved the records for the last few years. He reports that there was a cold snap in 1904. On February 11, of that year, the thermometer registered four above zero and for the three succeeding days it was 16, 18 and 20 degrees above.

SCORE BURNED IN TRAIN WRECK

TERRIBLE ACCIDENT ON BIG FOUR ROAD AT FOWLER, INDIANA.

Passenger Engineer Disregards Block Signal and Collision With Freight Follows—35 or 40 Injured.

La Fayette, Ind., Jan. 19.—Over a score of persons were burned to death in the terrible railroad accident at **Fowler** early this morning, and 35 or 40 were injured.

Fowler is 28 miles west of this place. The wreck was caused by the engineer of passenger train No. 33, disregarding the block signal and the heavy passenger train going full speed, crashed into a freight. Soon after the wreckage took fire and at least a score of persons were cremated.

The scenes baffle description. All the available physicians of **La Fayette** hurried to **Fowler** and the injured, with broken limbs, bruised bodies or terrible burns, are being brought here and placed in hospitals.

The passenger train left **Chicago** last night at 11:30 o'clock and is known as the **Queen City Special**, with heavy Pullmans for **Cincinnati** and **Indianapolis**.

Beauty More Than Skin Deep.

Every one who wants a good healthy color, and a clear skin free from biliousness, sluggish liver and chronic constipation should get a package of **Dainty Laxakola** tonic tablets, nature's sweet restorer. **Huntley Bros.**

Senator Mitchell's Daughter.

The reappearance in **Paris** society of the **American Duchess de la Rouchefoucauld**, youngest daughter of the late **John H. Mitchell**, senator from **Oregon**, is a feature of the season. The spirited duchess went to **Paris** from her husband's **Chateau de Montmiral**, determined to play a conspicuous part in the social gayety.

She will be far away the most richly dressed woman in **Paris** this winter, if what all the dressmakers say is true. Every morning her automobile whizzes around the city while she inspects and accepts, or rejects, fashion's newest creations. The duchess even laughingly invites artists of greatest fame to discuss the aesthetic aspect of a modern woman's draperies. She notes every hint they lightly let fall and puts it to use in designing her raiment, but disguises it so deftly that even its author cannot recognize it.

The duchess, who is very popular, passes every hour of the afternoon and night at social gatherings of some kind. She is an intimate of the **Infanta Eulalia**, has made many friends among the **Spanish colony** and occasionally is seized with the desire to learn the **Castilian tongue**.

Of all the Americans there, the **Duchess de la Rouchefoucauld** is the most Parisian. She takes the greatest interest in the study of **French literature** and frequently attends conferences held by the academies. For lighter, if more exciting, diversion she plays bridge whist, and often takes a hand at the bridge parties given by **Mrs. Marshall** and her daughter.

Guaranteed Remedy for Indigestion.

Interesting Statement by Huntley Brothers.

When a man comes into this store and calls for any particular indigestion remedy, we give what he asks for, but in case he leaves it to us we usually recommend **Pepsikola** tablets. Here is a preparation we have been selling right over the counter for years and from actual observation we know it must be good, and really does relieve and cure indigestion and dyspepsia or there would be a steady stream of people coming back for their money, as every 25 cent box is sold with the understanding that you must be decidedly benefitted or there is nothing to pay.

You simply try **Pepsikola** tablets with the understanding that they will steady your nerves, improve your appetite, relieve wind belching, coated tongue, sour stomach, fullness after eating, weakened energy, and other symptoms of indigestion or **Huntley Bros.** are ready at any time to pay back your money without the least argument.
