

MOUNT HOOD POWER RAILWAY COMPANY

APPROPRIATES AND FILES ON SEVERAL WATER RIGHTS.

LOCATED ON SANDY - TRIBUTARIES

Locations are Made in Name of C. W. Miller—Reservoirs and Canals to be Built.

The county recorder's office is being flooded with a lot of notices of water appropriations and other instruments to be recorded. All the force in that office have been compelled to put in all the extra time they could spare after the regular office hours in order to keep up with the work.

Friday, although a legal holiday, both county recorder C. E. Ramsby and deputy recorder, L. Williams, were busy entering upon the books notices of water appropriations which had been received the day before. Friday morning's mail brought another batch of notices.

Most of these notices were filed through C. W. Miller, who is an agent of the Mt. Hood Power and Railway company and who is cornering the water rights along the right of way of that company's proposed line.

C. W. Miller, who is the owner of property in Clackamas county, has filed a notice of appropriation in the recorder's office for the purpose of developing electric power and energy of light and wishes to appropriate 400 miners' inches of the waters of Deer creek. The said appropriation being in volume a continuous flow of 600 cubic feet of water per minute from a point in the southwest quarter of section 32, one south, five east.

The name of the canal or flume in which it is proposed to take and conduct the waters is to be known as the "Construction Canal" and is to be five feet wide and four feet deep. Three reservoirs are to be constructed and the waters will finally be discharged in the Bull Run river.

Mr. Miller has also filed a notice of appropriation for 60,000 miners' inches of the waters of the Bull Run river, being a continuous flow of 90,000 cubic feet of water per minute at a point in section 6, two south, five east. The appropriation is for the purpose of furnishing electrical power and energy of light. A canal, "No. 3," 30 feet wide and 12 feet deep is to be constructed.

A third notice has also been filed by the same person who wishes to appropriate 60,000 miners' inches of the waters of the Sandy river. The said appropriation being in volume a continuous flow of 90,000 cubic feet of water per minute. A canal, No. 4, 30 feet wide and 12 feet deep is to be dug for the purpose of carrying the waters to the three reservoirs.

IMPROVEMENT CLUB MEETS TUESDAY

MANY NEW DWELLINGS AND ELECTRIC LIGHTS TO BE SUPPLIED.

Oak Grove, Feb. 22.—There will be a special meeting of the Oak Grove Improvement association at the school house next Tuesday evening, February 26. County Judge Dimick, one county commissioner and a number of city officials of Oregon City will be present and address the association. We extend a special invitation to all other officials and all citizens of Oregon City and vicinity to visit us at this meeting. We want the people of Oregon City to become better acquainted with those of their most northern suburb. A good program is assured.

A majority of our citizens have signified their intentions of supplying

themselves with electric lights and a large number of dwellings are now under the process of wiring. The company has promised to give us connections in the very near future.

Work will soon begin on the improvement of a number of our streets. Central avenue will be improved its entire length, a portion of Second avenue and the whole of Oak Avenue will also be graded. There are good prospects of Railroad avenue being improved from Central to Courtney avenue.

Mr. Drabb on Courtney avenue has sold his property. The property consists of 1-4 acres, a neat cottage and several neat outbuildings; consideration \$2500.

Mr. Lewis has nearly completed his handsome new residence on his property here.

Mr. Rinehart will soon have his fine new automobile out again.

We will soon be able to buy and cash money orders at our postoffice, notice having been received recently from the department at Washington to that effect.

Mr. Kreger, manager of the Portland kennel clubs kennels which are located here, reports that business is becoming active there, preparations being made for exhibition at the coming dog shows which are to be held at various cities on the coast.

SMALL ATTENDANCE FARMERS' INSTITUTE

Logan, Feb. 21.—Spring fever has hit this place sure, by the way frogs are singing, hens cackling and people making garden.

The masquerade ball at Logan was a successful affair and everything passed off pleasantly. Miss Holcomb and George Miller took first prize for best costume, and Carl Fallert and Mrs. Linn for best waiting.

J. C. Sprague and daughter Miss Helen of Corvallis, were Logan visitors the past week.

The recent farmers' institute billed for Logan on the 13th inst, was not so largely attended as would have been had it been more generally known. As it was, only a few knew of it and consequently no preparations were made to entertain the people. It being a very busy time, farmers could ill afford to spare a day off. If these affairs are to be a success, thorough preparation must be made in time, and the time of holding such meetings be mutually agreed upon.

Three fourths of the members of this strange knew nothing about it until too late.

Byers' family of Stone, are having a siege of a gripe.

State Master Austin T. Buxton of the Oregon State Grange, will begin his work of grange inspection February 25, in Clackamas county, beginning with Harding grange at Logan on Monday, February 25. All members be on hand promptly at 10 o'clock.

Word was received here by the Gerber brothers of the sirlous illness of their father, Jacob Gerber Sr., of Sellwood.

Emory Cromer and bride favored Logan with their presence this week. Farmers are too busy to eat these days.

In a recent issue of this paper we noted the item where one man said his cows made \$60 per year. Now here are returned of two Clear creek patrons (one month each). One received for December from six cows \$50. Another who furnished cream from fifteen cows \$155 for December. There is money in dairying but it takes time, study and work to get it.

Sidewalks will be built of a uniform width in Oregon City, although the established dimensions vary in different locations of the city.

FUNERAL OF PIONEER LARGELY ATTENDED

LATE JACOB MILEY BURIED AT AURORA WITH IMPRESSIVE SERVICES.

The funeral services of the late Jacob Miley held Tuesday were largely attended, and the ceremonies were impressive. A service was held at the Miley home near Wilsonville at 11 a. m., followed by another service at the Aurora cemetery at 2 p. m. Rev. H. Leshman, of Frog Pond, preached the sermon at the house in the forenoon and conducted a short service at the Aurora cemetery. The choir under the direction of Mr. Cole, sang several appropriate numbers at the grave, and the Aurora Band played a couple of appropriate dirges.

The crowd at the cemetery was swelled by many old colony people, who came a long distance to be present at the last sad rites held over their deceased social comrade.

Although a German, Mr. Miley was born in Ohio, near Columbus, on September 25, 1838. In 1847 he emigrated to Bethel, Mo., and became a member of the German colony there of which the Aurora colony was a branch. Later he moved to Nineveh, Mo., and became identified with the colony there, and married Miss Elizabeth Miller on November 15, 1863, the mother of his seven children, five of whom are now living.

He emigrated to Oregon in 1865, and proceeded to hew a farm out of the heavy timber that at that time covered the country around Wilsonville. After coming here he associated himself with the German colony at Aurora and continued one until the colony disbanded early in the 80's.

Mrs. Miley died in 1876, and 7 years later, Mr. Miley was married to Mrs. Welman, who survives him. The five children left, John, Isaac and William on the home place at Wilsonville; Mrs. Dunda Campbell of Portland, and Mrs. Kate Turner, of Wilsonville.

Mr. Miley was invariably a delegate to the Republican county conventions, and was held in high esteem by a wide circle of friends.

It is understood that the deceased Mr. Miley, devised his large property by deed to his various heirs.

WILL LEAVE FOR WALLA WALLA SOON

Mt. Pleasant, Feb. 21.—Everybody is enjoying and making use of the nice weather.

Mrs. Husbanw went to Macksburg Saturday on account of the illness of her mother.

Mrs. Howard of Carus is working for Mrs. Wm. Kerns.

Most all the folks from our little village are going to take in the Molalla dance.

Several from here attended the funeral at Molalla of Mrs. Clive who died at Macksburg Sunday morning.

Mrs. Larkins and Mrs. Oren called on Mrs. Kerns Monday afternoon.

Miss Howard went to Liberal, Mon-

day. H. Derrick spent a few days at Silverton the first of the week.

Ed. Broadwell of Dundee is spending a few days with his sister, Mrs. Wm. Kerns.

NO REBATE AFTER LEGAL LIMIT

TAXPAYERS WHO DELAY AFTER MARCH 15, LEFT ON DIS-COUNT.

Rolls Were Given to Sheriff on Time, and Rules Will be Enforced.

Sheriff Beatie has given out the information that he will enforce the law in the matter of tax rebate and that after the 15th of March no one will be given the discount. The sheriff is doing away with the heretofore leniency of the office in granting the rebate after a certain specified time. The rolls were made out and handed to the sheriff in time this year and the full time for the rebate will be given, but after the 15th, no "chicken feed" will be given to the taxpayers.

The taxes of this county amount to about \$26,000 more this year than they did last. The rebate will come up to something like \$3000 and the sheriff believes that the matter of rebate ought to be done away with. During the period to the 15th of March the office force has to be doubled and this is quite an expense to the county. The taxes this year will amount to \$238,000.

MAY BE FIGHT FOR WORLD'S MARKETS

Chicago, Feb. 24.—"The time is coming when our manufacturers will out-grow the country and men may be turned out of our factories," said Secretary of the Treasury Shaw in an address last night before the students of the University of Chicago. "One of these fine days we are going to have an excess of manufactures," he said.

"Then the world will not come after our manufactures. We pay out in wages as much as all the rest of the world together. Think of the hundreds of thousands of immigrants that come over every year to claim a part of this great sum of wages. Where do they go? To the farms? No. They go to the factories. The factories are multiplying more rapidly than our trade, and we are going to have a surplus shortly. Then will come the great danger to the country. For these men will be hard to deal with. The last century was the worst in the history of the world for wars. I look for this century to bring forth the greatest conflict ever waged in the world. It will be a war for the markets. God grant there may be no bloodshed."

When the legislature adjourns a whole lot of persons will be watching their own business affairs more closely, than they have that of the people.

ASKS COURT ORDER BE MODIFIED

JOSEPH CHAMNESS AVERS THAT HE CANNOT PAY MONEY DEMANDED.

In the divorce suit of Almira D. Chamness versus Joseph Chamness, the defendant through his attorneys, Bingham and Dimick & Dimick, comes before the circuit court for modifying of the order of the court for the payment of \$500 as suit money and attorney's fees and the further sum of \$50 on the first of each month, saying that he is unable to pay any such amount of money. The defendant in his motion has answered the charges made by his wife in her complaint as untrue and that he has not been guilty of cruel and inhuman treatment toward the plaintiff. He also refutes and says that the other charges against him are unfair. His wife was examined for the insane asylum because all persons saw she acted unreasonable and very green. He has admitted that he was the owner of certain property in and around Silverton, but on account of certain payments to satisfy mortgages and payment of attorneys fees in this suit, he is unable to comply with the order of the court.

Joseph Chamness requests that the court modify the said order with reference to the payment of alimony and suit money.

He also denies that Mrs. Chamness is in indigent circumstances and avers that she is the owner of two houses in Canemah.

When the legislature adjourns a whole lot of persons will be watching their own business affairs more closely, than they have that of the people.
