## CITY WINS TAX SUIT

County Must Pay Percentage of 1903 and 1904 Bridge Fund

### BRIDGE PART OF ROAD

Judge McBride Decides For Municipality In Dispute With County—George C. Brownell Granted Non-Suit.

The Oregon City treasury is \$2262.50 richer because of the decision of Judge McBride, Monday afternoon, in the dispute about division of road and bridge taxes between the city and county.

The county court in 1903 and 1904 divided the road fund into two funds, road and bridge, and turned over to the city 40 per cent of money collected on Oregon City property of the road fund only, the contention being that bridges are not roads and the state law requiring 40 per cent of the road tax collected on property within the corporate limits of a city to be paid back to that city did not apply.

Judge McBride's decision is in effect that bridges are roads or part of roads.

The case was submitted to the court on an agreed statement of facts. The general road law requires 40 per cent of road taxes collected as

above stated to be returned; the city charter says 60 per cent.

The court found that \$555 was due the city from 1903 taxes and \$1770.50 from 1904 taxes, or a total of \$2325.50. Circuit Court Proceedings.

As briefly stated in Monday's Star, the case of Mrs. Lizrie Roppell against George C. Brownell was brought to a sudden termination Monday afternoon by Judge McBride granting the motion of Mr. Brownell's attorneys for a non-suit. The defense clearly established by the Oregon statutes that an account stated must be based upon a monetary transaction, and the plaintiff admitted on the stand that her suit was based upon alleged injuries of a personal nature. In a statement to the jury, Mr. Brownell gave a history of the persecution he claimed to have endured from the woman, and said it was a case of either blackmail or that the woman was of unsound mind.

The case of Harry Clifford by Theresa Clifford guardian ad litem vs. Dennis & Davis Shingle company was dismissed.

Demurrers to the complaint in the case of Steinbecker vs the Milwaukie Country club were sustained on the first point and over-ruled in the other two points in each demurrer.

### EVEN DEATH DID NOT SEPARATE THEM

Wilsonville, April 23.—Jonathan Vaughan died at the age of 82 years, Friday at 10 a. m., after a lingering illness of nine months. Mr. Cone died at the age of 80, Friday at 12:50 a. m., after a lingering illness of five months. Both men were pioneers of our early days. Cone of '47 and Vaughan of '52, and had spent their time farming and raising hops within two miles of Butteville. Mr. Vaughan leaves a widow and eight children, four sons and four daughters, all married. Mr.

Cone leaves a widow, two sons and one daughter, all married.

Both men had worked side by side in youth, both in timber and mines, finally marrying the Misses Strong, and settled down within three miles of each other with the river between, and spent their old days. Mr. Vaughan was quite a violinist as well as a successful hop grower and farmer. Both leave scores of friends as well as relatives to mourn the loss of those who had always been looked upon as men among the good, and honor will be to them for time to come. The funerals were conducted by the Masons and Odd Fellows, at the same time, 1 p. m., Sunday, assisted by Rev. Cash of Newberg.

Aurora's undertaker had charge of the remains of Mr. Vaughan and Newberg's undertaker those of Mr. Cone. The services were held in the Congregational church at Butteville; interment in Butteville cemetery. Beautiful and many were the floral tributes to these beloved fathers and pioneers.

### ERECT SAW MILL AT CLARKES MAYBE

Clarkes, April 25.—There were several more timber buyers around here the other day. They are after the timber and they said they would put up a big saw mill.

Mr. Wettlaufer sold 4 hogs last week and the same morning he was going to take his horses out of the stable one of them kicked him on the right side and he was pretty stiff for a few days.

Mr. Jaggerty was logging for the Durst saw mill and he got his leg badly hurt and he is in town now.

Our supervisor, Bat Sullivan, is opening the new road; it is Wettlaufer's road.

Christ Kinzey sold a calf to Mr. Wydner last week for \$10.

Mr. and Mrs. John Putz from Colton made a visit to Mr. Shernble last Sunday.

Mrs. William Marshall is ill. She has the grip.

Mrs. Fisher, from Portland, was visiting her daughter Mrs. Ben Marshall for a few weeks; she went home last Saturday and her daughter went with her.

Ed. Bual is working for Sam Elmer. Mrs. Ed. Hettman is on the sick list. Augusta Marshall was working there but went home.

Adolph Hoag is home again. He is hauling lumber to build a new granary.

Fred Scherruble sold two loads of potatoes for \$1.50 a sack.

Henry Kleinsmith was home last Sunday and left again to shear goats for Mr. Shaver.

### SPRINGWATER CHURCH SECURES SUPPLY

Springwater, April 23.—Mercury 74 degrees. Everybody finishing sowing grain; next will be planting potatoes and garden.

Elders Lowell and Shibley attended the Presbytery at Calvary church, Portland, for the purpose of procuring a pastor; they succeeded in getting a supply until October. A student, Rev. Harvey Miller preached for us Sunday and made a good impression. The Sunday school had their annual election, William Closser, superintendent; Gerald Wilcox, secretary; Grace Closser, librarian; Ethel Closser, treasurer; Emma Shibley, organist. The classes elected the old teachers, all but class No. 2, which left off A. M. Shibley.

Earl Shibley and wife have temporarily moved to Estacada.

### MULINO NEWS.

Molino, April 24.—A. Dougan is slashing on his farm near here.

J. Davis and family spent Sunday at the A. Erickson home.

Mrs. Manning was married Sunday to G. H. Crook of Oregon City in the presence of a few invited guests.

F. Erickson and family called at the Churchill home Sunday.

Mr. Ashby is again here on a short visit.

Miss Edith Buckner of Mt. Pleasant is spending a few days with Mrs. Agnes Woodside and Mrs. Wallace.

Mr. Maples had a very sore hand, but it is better.

Adkins Bros. are through with their log drive.

Mr. Fairfield, the blacksmith, has departed from here.

F. Woodside purchased a cow of Mrs. F. Whites.

Miss Mae Erickson has quit school.

Mr. Vandgo and family have moved on to the Wells place, having purchased it a short time ago.

Mrs. Agnes Woodside and Miss Edith Buckner were visiting Mrs. Annie Paldrin one day last week.

Merchants who use the home daily to tell of their wares and their prices are ashamed of neither.

### NEW ERA MEN TO JOIN O. C. MILITIA

At the smoker given at the Armory, Monday evening, nine new applicants passed successful examinations and signed the petition to join the company of national guard that is being organized. The number of those who have passed a successful examination now reaches forty.

Six or seven young men residing at New Era are desirous of enlisting, but they were of the opinion that the company was already organized. They will in all probability be examined at the next meeting.

### NOTES FROM MOLALLA.

Molalla, April 23.—Road work begins this week.

Fred Schafer has a "donkey" pulling in the logs.

Frank Everhart and Lloyd Shaver visited at Molalla Saturday and Sunday.

F. M. Gill of Garfield was visiting with J. W. Thomas last week.

School at Teasel creek will close next Friday with an entertainment in the evening.

All members of the South Clackamas Bounty club in arrears with this association, will remember that there are now in the treasurer's hands several scalps awaiting payment. All members wishing to quit the club please pay up and request your name dropped, otherwise secretary will have to report you on the delinquent list.

George Pickett of LaCamas spent Wednesday in Oregon City.

### ALCOHOL IN SICKNESS.

At one of the London public hospitals a special point is made of giving alcohol to the patients as rarely and sparingly as possible; and each time that one of the physicians does so he submits a special entry of the reasons that actuated him. In the thirty-two years of the existence of the hospital alcohol has only been given seventy-one times. The cases received are exactly like those received by all the other hospitals. For 1904 they numbered 1337 in-patients only. The death-rate among these was 7.3 per cent. For the same year the average death-rate among the other London public hospitals was 9.1 per cent. Therefore the use of alcohol in sickness is not to be regarded as a necessity. Although most physicians prescribe alcohol in solution with drugs for their patients—there was one physician of national reputation who did not believe in using alcohol. Many years ago when Dr. R. V. Pierce decided to put up his valuable "Prescription" for the diseases of women in a "ready to use" form—he used as a solvent and preservative chemically pure glycerine of proper strength, which is a better solvent and preservative of the active medicinal principles residing in most of our indigenous or native plants than is alcohol. Dr. Pierce found that the glycerine, besides being entirely harmless, possesses intrinsic medicinal properties, of great value.

No woman who is suffering from inflammation, from the pains and drains incident to womanhood can afford to be without Dr. Pierce's Favorite Prescription. An honest medicine which has the largest number of cures to its credit and a deserved popularity for two score years all over the United States. Dr. Pierce tells you just what is contained in his "Favorite Prescription."

**ITS INGREDIENTS ARE:**  
Golden Seal root (Hydrastis Canadensis), Lady's Slipper root (Cypripedium Pubescens), Black Cohosh root (Cimicifuga Racemosa), Unicorn root (Helonias Dioica), Blue Cohosh root (Caulophyllum Thalictroides), Chemically Pure Glycerine.

Among the prominent medical men of the country who recommend the above ingredients as superior remedies for nervous conditions depending upon disorders of the womanly system and for the cure of those catarrhal conditions in the affected parts are: Edwin M. Hale, M. D., Professor of Materia Medica, at Hahnemann Medical College, Chicago; Prof. John King, M. D., author of the American Dispensatory, Woman and her Diseases; Professor John M. Scudder, Doctors Hale, Ives, Wood, Bartholow and others. Address a postal card to Dr. Pierce for a complete treatise on the subject—sent to you without cost.

**DR. PIERCE'S PLEASANT PELLETS** cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

Persons who are subject to any of those troubles should never be without a vial of the "Pleasant Pellets" at hand. In proof of their superior excellence it can truthfully be said that they are always adopted as a household remedy after the first trial.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, anti-bilious granules, scarcely larger than mustard seeds.

### HEALTH AND HAPPINESS.

How to live in health and happiness is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

### APPOINTS BEARD ON TWO COMMITTEES

William Beard of Maple Lane grange, No. 296, has been notified by State Master Austin T. Duxton of his appointment as member of a special committee to have general charge of arrangements and program for Memorial day, as the state grange will be in session at Hood River on that day. The other members of the committee are Mrs. Hilleary, Mrs. Waldo, Oscar Eaton and L. M. Simpson. Mr. Beard has also been honored with a place on the standing committee on assessment and taxation, which the master states is one of the most important at this session.

Mrs. William Ward of Carus was in Oregon City Wednesday and went from here to Portland.

### CONTRACT MILLION FEET OF TIMBER

County Assessor James F. Nelson, Fred Nelson and Dee Wright have contracted to sell the Doornbecker Manufacturing company of Portland a million feet of cottonwood, fir and maple timber. Most of the timber will come from the Nelson place near Liberal, and \$1 per thousand feet stumpage.

The Messrs. Nelson and Wright place the logs in the Molalla river and the company takes them down to the mill at New Era. Over 100,000 feet have already been placed in the river. The sellers have acquired additional timber from Zinger Brothers.

Darwin Bradley is on the sick list.
