### The Mystery Solved.

Like the flowers that bloom in the spring the young girl just budding into womanhood is an inspiring sight and she is usually beautiful if she is per She stays beautiful fectly healthy. She stays beautiful just so long as her health and constitution remain good. Let her be nervous have backache, sleepless nights, and how soon does it take for wrinkles, crow's feet and dark circles to appear in the face? Her cheeks were rosy until she began to suffer from woman's weaknesses and the constantly recurring pains and drains brought her quickly from the beautiful age to the premature middle age. It was not meant for women to suffer so-it is due to our unnatural, but civilized methods of living, and to the fact that so many neglect those small ills which soon lead up to larger ones. Nothing so drags a woman down as those con stantly recurring periods when she suffers more and more from a chronic condition that can be easily cured. No woman should take an alcoholic compound for that will disturb digestion. and the food is quickly compacted and

becomes hard and tough in contact with alcohol, rendering the food in-digestible. She must go to Nature for a cure. The native Indians of early times were far from wrong when they called a marvelously effective medicinal plant "Squaw root"-what the physicians of our day called Caulophylum or Blue Cohosh. This and Black Cohosh, Golden Seal, Lady's Slipper. and Unicorn root, are important ingredients of a wonderfully successful remedy in modern times, namely Pierce's Favorite Prescription Having made a specialty of the diseases of women in the early sixtles Dr. Pierce soon found that a glyceric extract of these roots with Hydrastis or Golden Seal and Lady's Slipper root, combined in just the right proportions, made the very best tonic and cure for the distressing complaints of women. When women suffered from backache, weak Where ness, nervousness and lack of sleep, i

was usually due to functional trouble.

therefore this prescription directed a: the cause cured 98 per cent. of such cases. That is why Dr. Pierce soor put it up in a form easily to be pro-cured all over the United States. Aching from head to foot-that is the condition that afflicts some women and pains almost unbearable. An honest and a safe remedy which no woman can afford to lose the opportunity of trying for the cure of these distressing complaints which weaken a woman' vitality is Dr. Pierce's Favorite Prescription. Dr. Pierce not only assures

you that his "Favorite Prescription" is honestly made, but he lets you know just what it contains. The best of medical authorities recom-mend and extol the virtues of the above ingredients in "Favorite Prescription." Thus F. Ellingwood, M. D., Professor of Materia Medica, Bennett Medical Col-lego, Chicago, says of Golden Seal: "It is an important remedy in disorders of the words, chicago, says of Golden Seal: "It is an important remedy in disorders of the words. In all catarrhal conditions." Of Lady's Slipper root he says: "Exer-cises special influence upon nervous con-ditions depending upon disorders of the formula or an all solutions of the female organs; relieves pain, etc." Prof. John King in the AMERICAN DISPENSA-TORY, says of Black Cohosh root: "This is a very active, powerful and useful remedy." "Plays a very remedy." " " Plays a very important part in diseases of women; in slow, but its effects are permanent."
